RECORDS OF TOWN MEETINGS AND ELECTIONS DURING THE YEAR 1931

TOWN WARRANT

The Commonwealth of Massachusetts, Middlesex, ss.

To the Constables of the Town of Arlington, in said County:

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the Town of Arlington, to meet in the Town Hall in said Town on Wednesday, the fourteenth day of January, 1931, at eight o'clock, P.M., to act on the following Articles, viz.:—

Article 1. To hear and act upon the reports of the Finance and other committees heretofore appointed.

Article 2. To see if the Town will appropriate the sum of eight hundred ($800) dollars, or any other sum, to carry on the work relating to Unemployment, the same to be expended under the direction of the Board of Selectmen; determine in what manner the money shall be raised; or take any action relating thereto.

Article 3. To see if the Town will appropriate the sum of three thousand ($3,000) dollars or any other sum, to be used in clearing the Crusher Lot, so called, situated on Gray Street, the same to be expended under the direction of the Board of Selectmen; determine in what manner the money shall be raised; or take any action relating thereto.

Article 4. To see if the Town will make an appropriation for the extension of the Sewerage System; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 5. To see if the Town will make an appropriation for the extension of water mains; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 6. To see if the Town will make an appropriation for the extension of storm drains; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 7. To see if the Town will make an appropriation of the sum of one thousand, five dollars and eighty-seven cents ($1,005.87) or any other sum for the payment of debts and obligations incurred for the extra foundation work for chapel in Mount Pleasant Cemetery in 1930; or take any action relating thereto.

(Inserted at the request of the Cemetery Commissioners)

Article 8. To see if the Town will appropriate the sum of one hundred twenty-five and 60/100 ($125.60) dollars or any other sum to pay debts and obligations incurred by the Board of Park Commissioners in 1930 in excess of its appropriation for said year, and/or reimburse the said Park Commissioners for such sum expended by them to pay such debts and obligations; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Park Commissioners)

Article 9. To see if the Town will make an appropriation or appropriations for the improvement, development, maintenance and/or use of parks and/or play-

grounds within the Town; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Park Commissioners)

Article 10. To see if the Town will appropriate the sum of ten thousand dollars ($10,000) for the purpose of building a retaining wall and enlarging the playground at the Locke School; the same to be expended under the direction of the School Committee; or take any action thereon.

(Inserted at the request of the School Committee)

Article 11. To see if the Town will make an appropriation or appropriations for the purchase or acquisition of apparatus, equipment, and/or furnishings for use in the schools of the Town; for the alteration and/or repair of the Junior High West, Junior High Center and Locke School buildings; and for the installation of sprinklers in the Cutter School building; determine in what manner the money shall be raised and expended or take any action relating thereto.

(Inserted at the request of the School Committee)

Article 12. To see if the Town will make an additional appropriation for walks, grading and completion of playground at Peirce School; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Peirce School Building Committee)

Article 13. To see if the Town will construct a building to be used for school purposes, upon the land of the Town situated on Eastern Avenue, acquired for the purpose; make an appropriation for such construction, including the cost of original equipment and furnishings; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Committee Appointed to secure plans and estimates for an Elementary School Building on Eastern Avenue)

Article 14. To see if the Town will accept Section 6B of Chapter 40 of the General Laws, inserted by Chapter 351 of the Acts of 1930, which provides as follows: "Section 6B. A city or town which accepts this section may appropriate money for the purchase of uniforms for members of its police and fire departments."

Article 15. To see if the Town will amend, alter, repeal, revise, and/or add to the Town's by-laws relating to an appropriation, advisory or finance committee; or take any action relating thereto.

And you will notify and warn the voters of the Town of Arlington to meet at the time and place herein specified by leaving at every dwelling house in the Town a printed copy of this Warrant, and also by posting a copy of the same at the doors of the Town Hall, and in a conspicuous place in each of the seven precincts of the Town, seven days at least prior to the time of said meeting.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, on or before said day and hour of meeting.

Given under our hands, at said Arlington, this twenty-ninth day of December, in the year of our Lord one thousand nine hundred and thirty.

ARTHUR P. WYMAN
HOLLIS M. GOTT
WILLIAM O. HAUSER

Selectmen of the Town of Arlington.

CONSTABLE'S RETURN

Arlington, Mass., January 12, 1931.

Middlesex County:

By virtue of this Warrant I have notified and warned the legal voters of the Town of Arlington to meet at the time and place and for the purposes herein named by causing a printed attested copy of the same to be left at every dwelling house in the Town, and by posting an attested copy at the doors of the Town Hall seven days at least before said day of meeting and by posting attested copies in two or more conspicuous places in each voting precinct in the Town. A notice of the time, place and objects of the meeting was published in the local papers.

(Signed) CHARLES E. CARROLL,
Constable, Town of Arlington, Mass.

SPECIAL MEETING

Arlington, January 14, 1931.

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town of Arlington, by a Constable of the said Town, notices having been sent by mail by the Town Clerk seven days before the day of meeting to the Town Meeting Members elected and qualified to act in Town Meetings in Arlington and posted at two places in each precinct. The Town Meeting Members met in the Robbins Memorial Town Hall in said Town on Wednesday evening, January 14, 1931, at eight o'clock. The Warrant calling the meeting was the notice sent by the Town Clerk.

Lists of the duly qualified Town Meeting Members were used at the entrances of the meeting place and were in charge of Albert K. Peirce and James E. Sweeney. The lists contained the names of two hundred and sixty-eight members.

The Check Lists filed with the Town Clerk at the close of the meeting showed that one hundred and fifty-three members attended the meeting.

The meeting was called to order at ten minutes after eight o'clock in the evening by the Moderator, Curtis H. Waterman.

Upon inquiry by the Moderator it appeared that there were no Town Meeting Members present who had not already been sworn.

Copies of the Warrant having been supplied to the Town Meeting Members, the Town Clerk read only the Call and the Constable's Return of the Warrant, the meeting voting on Arthur P. Wyman's motion to dispense with the reading of the remainder of the Warrant.

On motion of Arthur P. Wyman:

Voted: That if all the business of the meeting as set forth in the Warrant is not disposed of on this date, the meeting adjourn to Thursday, January 22, 1931, at eight o'clock.

On motion of Arthur P. Wyman:

Voted: That Article 1 be now taken up.

Jacob Bitzer, Chairman of the Committee appointed to secure plans and estimates for an elementary school building on Eastern Avenue, addressed the meeting, requesting Harold M. Estabrook, Secretary of the Committee to read the Committee's report.

The Committee appointed by the Moderator with the authority of the adjourned Town Meeting of April 7, 1930, to bring in plans and estimates for a fourteen-room

elementary school building to be erected on Eastern Avenue, organized at a meeting held on October 14, 1930, and chose Jacob Bitzer chairman and Harold Estabrook secretary.

PRELIMINARY WORK OF THE COMMITTEE PREVIOUS TO THE SELECTION OF AN ENGINEER–ARCHITECT

It was the opinion of the Committee that more satisfactory results could be obtained by the selection of an architect outside of competition. With this in mind, the Committee visited a number of schools. Some of these were recommended by the State Board of Education as examples of approved schoolhouse design, and others were schools which had been designed by architects who had made application for consideration. This method of selection undoubtedly forced a greater amount of labor upon the Committee, as about fifteen schoolhouses were carefully inspected, some at a considerable distance. By this means, however, exact knowledge of the work of architects under consideration was obtained, details of construction were observed, and the Town was saved the expense of purchasing the plans of four or five competing architects had a competition been held.

It seemed natural to choose a resident of Arlington to design the new school. After careful consideration of the applicants, the firm of Fay, Spofford & Thorndike, with Ralph T. Jackson, Associate Architect, was the unanimous choice of the Committee. Their experience as architect and engineers qualified them in the opinion of the Committee, and a number of Arlington residents are employed by the concern.

After the selection of an architect, a meeting was held with representatives of the Committee on Additional School Accommodations and the School Committee, in order that the completed designs might incorporate features desired by those directly concerned.

Following the preparation of several preliminary plans, this Committee held a joint meeting with the entire School Committee for their approval of the proposed plans. The plans for the building will be described under Article 13 of the Warrant and are those which our Committee considers most practical and economical for construction at the Eastern Avenue location.

We therefore submit the following estimate based on the plans and specifications filed with and at the request of the Finance Committee January 2, 1931, which specify a fourteen-room, furnished building of fire resistive construction. These figures are compiled from estimates furnished by seven reputable contractors who estimated from sketch plans:

Building Grading and removing trees Architect's fee, bond, and insurance Equipment Water and sewer connections Electrical connections	$225,700.00

The Committee recommends that the above amount be appropriated for the completion of the Eastern Avenue School.

Respectfully submitted,

WILLIAM GRATTO
JAMES J. GOLDEN, Jr.
ARTHUR W. SAMPSON
HAROLD M. ESTABROOK, Secretary
JACOB BITZER, Chairman

On motion of Jacob Bitzer:

Voted (unanimously): That the report as presented by Mr. Estabrook be received.

On motion of G. Bertram Washburn:

Voted (unanimously): That the report of the Finance Committee, as presented in printed form, be received.

On motion of G. Bertram Washburn:

Voted: That Article 1 be laid on the table.

On motion of G. Bertram Washburn:

Voted: That the remaining Articles in the Warrant be now taken up and that the recommendations of the Finance Committee, under the various Articles as presented in their printed report, be considered as now before the meeting, to be voted upon without further motion respectively and in the order in which they appear in said Warrant.

Article 2 taken up. (Work Relating to Unemployment.)

Voted (unanimously): That the sum of eight hundred ($800) dollars be and hereby is appropriated to carry on the work relating to employment of the poor; said sum to be raised by general tax and expended under the direction of the Board of Selectmen.

Article 3 taken up. (Clearing of the "Crusher Lot.")

Voted (unanimously): That the sum of three thousand ($3,000) dollars be and hereby is appropriated to be used in clearing the Crusher Lot, so called, situated on Gray Street; said sum to be raised by general tax and expended under the direction of the Board of Selectmen.

Article 4 taken up (Extension of Sewerage System.)

Voted (unanimously): That the sum of eighty-seven thousand eight hundred and sixty ($87,860) dollars be and hereby is appropriated for the extension of the Sewerage System; said appropriation to be raised by general tax and expended under the direction of the Board of Public Works. (Administration, $1,300.)

Aeticle 5 taken up. (Extension of Water Mains.)

Voted (unanimously): That the sum of seventy-two thousand nine hundred and ten ($72,910) dollars be and hereby is appropriated for laying and relaying water mains of not less than six inches in diameter; that for this purpose the sum of twelve thousand nine hundred and ten ($12,910) dollars be raised by general tax, and for the balance sixty thousand ($60,000) dollars the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the said sum of sixty thousand ($60,000) dollars and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with Section 19 of Chapter 44 of the General Laws and all acts in addition thereto or amendment thereof, so that the whole loan shall be paid in not more than ten (10) years from the date of issue of the first bond or note or at such earlier date as the Treasurer and Selectmen may determine; that the further sum of twenty-four thousand three hundred and fifty ($24,350) dollars be and hereby is appropriated for the extension of water mains; that for this purpose the sum of three and ninety-nine one hundredths ($3.99/100) dollars be and hereby is transferred from the Water Mains Extensions Account of 1929 now in the Treasury and the balance twenty-four thousand three hundred forty-six and one one-hundredth ($24,346.01) dollars be raised by general tax; said appropriations to be expended under the direction of the Board of Public Works. (Administration, $1,400.)

Article 6 taken up. (Extension of Storm Drains.)

Voted (unanimously): That the sum of twenty thousand ($20,000) dollars be and hereby is appropriated for the extension of Storm Drains for the year 1931; the same to be raised by general tax and expended under the direction of the Board of Public Works.

Article 7 taken up. (Extra Work; Cemetery Chapel.)

Warren A. Peirce, Chairman of the Cemetery Commissioners, offered a substitute motion.

G. Bertram Washburn offered an amendment to this substitute motion and it was

Voted (unanimously): The sum of one thousand and five dollars and eighty-seven cents ($1,005.87) be appropriated for the payment of debts incurred by the Cemetery Commission for extra foundation work for the Chapel in Mount Pleasant Cemetery — the same to be taken from general tax and expended under the direction of the Cemetery Commissioners.

Article 8 taken up. (Overdraft; Park Commissioners.)

Richard L. Powers, Chairman of the Park Commissioners, offered a substitute motion and it was

Voted (unanimously): That the Town of Arlington make an appropriation of one hundred and twenty-five and 60/100 dollars ($125.60) to pay debts and obligations incurred by the Board of Park Commissioners in 1930 in excess of its appropriation for said year, and/or reimburse the said Park Commissioners, said sum expended by them to pay such debts and obligations and said sum be raised by general tax.

Article 9 taken up. (Improvement of Parks and Playgrounds).

Richard L. Powers offered an amendment to the recommendation of the Finance Committee, and explained the same.

Several persons spoke on the unemployment situation and Lester W. Collins, speaking for the Unemployment Committee, assured the meeting that the Committee had fullest confidence that everything possible was being done to attain employment for citizens of Arlington.

On amendment as offered by Richard L. Powers.

Voted: That the following sums be and hereby are appropriated, for the improvement, development, maintenance, and/or use of the parks and playgrounds within the Town; said sums to be raised by general tax and expended under the direction of the Board of Park Commissioners, as follows:

Russell Park Fence	$1,200.00
Meadowbrook Park Development	4,500.00
Crosby School Fence (playground)	500.00
Turkey Hill Reservation (removing brush, planting trees)	500.00
Fowles Mill Site (retaining wall)	450.00
Heights Playground (improvement)	12,435.00
	$19,585.00

Signed: Richard L. Powers, Chairman; Frank W. Wunderlich, Edward W. Higgins.

Article 10 taken up. (Retaining Wall; Locke School.)

Voted (unanimously): That the Town do not make an appropriation for the purpose of building a retaining wall and enlarging the playground at the Locke School.

Article 11 taken up. (Equipment, Repairs, etc., Schools and Buildings.)

Voted (unanimously): That the Town do not make

an appropriation or appropriations for the purchase or acquisition of apparatus, equipment, and/or furnishings for use in the schools of the Town; for the alteration and/or repair of the Junior High West, Junior High Center, and Locke School buildings; and for the installation of sprinklers in the Cutter School building.

Article 12 taken up. (Additional Grading — Peirce School.)

Voted (unanimously): That the additional sum of four thousand ($4,000) dollars be and hereby is appropriated for walks, grading and completion of playground at Peirce School; said sum to be raised by general tax and expended under the direction of the School Committee.

Article 13 taken up. (Elementary School Building — Eastern Avenue.)

At the request of Jacob Bitzer, Chairman of the Committee appointed to secure plans and estimates for an elementary school on Eastern Avenue, the room was darkened and slides showing floor plans and elevations for the proposed school were shown. Mr. Bitzer explained same. Considerable discussion of the plans followed, and on the substitute motion of Hollis M. Gott, as amended by G. Bertram Washburn, it was

Voted (unanimously): That the sum of two hundred and twenty-five thousand ($225,000) dollars be and hereby is appropriated for the construction of a building to be built substantially in accordance with sketches and data filed with the Finance Committee of twenty-one, January 2, 1931, including the cost of original equipment and furnishings of said building, to be used for elementary school purposes, upon land of the Town situated on Eastern Avenue acquired for the purpose; that for this purpose the sum of twenty-five thousand ($25,000) dollars be

raised by general tax, and for the balance two hundred thousand ($200,000) dollars the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow said sum of two hundred thousand ($200,000) dollars and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws and all acts in addition thereto or amendment thereof, so that the whole loan shall be paid in not more than fifteen (15) years from the date of issue of the first bond or note or at such earlier date as the Treasurer and Selectmen may determine; and that said appropriation be expended under the direction of the committee appointed under vote of the Town passed April 2, 1930, under Article 36 of the Warrant for the annual meeting of 1930, to secure plans and estimates for the construction of a fourteen-room elementary school building, capable of enlargement, on land owned by the Town on Eastern Avenue, which said committee shall have full authority to construct such school building within the sum herein appropriated, and have power to fill any vacancy to its membership; and that the additional sum of seven hundred ($700) dollars be and hereby is appropriated for the clearing and grading of the said land, said sum to be raised by general tax and expended under the direction of said committee.

Article 14 taken up. (Acceptance of General Law.)

Voted (unanimously): That the Town do accept Section 6B of Chapter 40 of the General Laws, inserted by Chapter 351 of the Acts of 1930, which provides as follows: "Section 6B. A city or town which accepts this section may appropriate money for the purchase of uniforms for members of its police and fire departments."

Article 15 taken up. (Revision of Town's By-Laws; Re Finance Committee.)

On the substitute motion of Arthur P. Wyman, it was

Voted (unanimously): To amend the By-Laws by striking out Article 8 — Finance Committee — and substituting therefor the following:

ARTICLE 8
Finance Committee

Section 1. The advisory committee, to be called the Finance Committee, shall be composed of fourteen registered voters of the Town, one from each of the fourteen precincts, and, except as hereinafter provided, shall be appointed promptly by the Moderator in not less than forty days after the date of the annual election, from nominations submitted to him by the town meeting members in the several precincts. In every precinct the town meeting members from that precinct shall, before the expiration of forty days after the date of the annual election, submit to the Moderator the names of not less than two such voters of the precinct as nominees for appointment to said committee. Such names shall be chosen by written or printed ballot at a regular meeting of such town meeting members or at a special meeting thereof called for the purpose by their chairman, by the Town Clerk or in such other manner as such members shall determine; shall be so chosen from names presented by a nominating committee and/or by any such member; and shall be the names of the persons receiving the largest number of votes.

Section 2. The first committee appointed under this by-law shall be appointed promptly by the Moderator from nominations made and submitted in the manner hereinbefore set forth within forty days after this by-law shall take effect. Of such committee, the member from each of the odd numbered precincts, one, three, five,

seven, nine, eleven, and thirteen, shall be appointed for a term of one year until forty days after the next annual election, and his successor is so appointed, and the member from each of the even-numbered precincts, two, four, six, eight, ten, twelve, and fourteen, shall be appointed for a term of two years, until forty days after the annual election, and his successor is appointed. Thereafter in any year when the term of any member expires, his successor shall be so appointed for a term of two years until forty days after the annual election and his successor is appointed.

Section 3. If, in any precinct, such nomination shall not be so submitted to the Moderator within the time hereinbefore specified, or all in excess of one of such nominees shall refuse such nomination, it shall be held that there has been a failure to nominate and the member of the said committee from any such precinct shall be appointed promptly by the Moderator. If, for any reason, the Moderator shall fail to appoint a successor as hereinbefore required, the expired term of any member of said committee shall be deemed to extend until his successor is appointed.

Section 4. No person holding either elective or appointive town office, and no town employee shall be eligible to serve on said committee.

Section 5. The committee shall consider all articles contained in any Warrant except articles on zoning, upon which the zoning by-law requires a report to be made to the Town by the Planning Board, shall make recommendations, and shall report in print, if possible, at or prior to each town meeting, but the omission of said committee so to consider, recommend, and/or report shall not affect the validity of any vote or other action at any town meeting. The committee shall also make such general suggestions, criticisms, and recommendations as it may deem expedient.

Section 6. The committee shall have authority to vote transfers from the reserve fund, as provided in Section 6 of Chapter 40 of the General Laws, as amended.

Section 7. The committee shall have power and authority to examine the books and records of any town board or official, so far as the same is permitted by law, and all boards and officers shall submit to the committee, at the same time they are submitted to the Town Accountant, copies of their estimates for the ensuing year in budget form.

Section 8. Except as hereinbefore provided, the committee shall have power to elect its own officers, and to fill vacancies upon a two-thirds vote of the remaining members.

On motion of Arthur P. Wyman:

Voted (unanimously): That the sum of one hundred dollars be and hereby is appropriated for the publishing of the by-laws adopted at this meeting, said sum to be raised by general tax and expended under the direction of the Town Clerk.

Article 1 was taken from the table.

There being no further business under Article 1 the Moderator declared Article 1 disposed of.

All business in the Warrant calling this meeting having been disposed of the meeting was declared adjourned at 10.55 P.M.

A True Record, Attest:

E. CAROLINE PIERCE,
Town Clerk.

TOWN WARRANT

The Commonwealth of Massachusetts, Middlesex, ss.

To the Constables of the Town of Arlington, in said County:

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified as the Constitution requires, to vote in elections, to meet at the polling places designated for the several precincts in said Town on Monday, the second day of March, 1931, at seven o'clock in the forenoon, to act on the following Articles, namely:

Article 1. To elect by ballot the following Town officers: A Moderator for one year; a Selectman for three years; a member of the Board of Public Works for three years; one Assessor for three years; one member of the School Committee for one year; three members of the School Committee for three years; two Trustees of the Robbins Library for three years; one member of the Board of Health for three years; one Park Commissioner for three years; two members of the Planning Board for three years; one Commissioner of the Sinking Fund for one year; one Commissioner of the Sinking Fund for three years; one Trustee of the Pratt Fund for two years; one Trustee of the Pratt Fund for five years; one Trustee of the Edwin S. Farmer Poor Widows' Fund and Trustees of the Edwin S. Farmer Fund for Needy Persons for four years; one Trustee of the Edwin S. Farmer Poor Widows' Fund and Trustees of the Edwin S. Farmer Fund for Needy Persons for five years; one Cemetery Commissioner for three years; a Tree Warden for one year; also, in each Precinct six Town Meeting Members for one year; six Town Meeting Members for two years; six Town Meeting Members for three years.

For these purposes, the polls will be opened at seven o'clock A.M. and remain open until eight o'clock P.M., at each of the polling places designated, viz: Precinct One, in the Crosby School Building, entrance on Winter Street; Precincts Two and Four, in the Hardy School Building, entrance on Lake Street; Precincts Three and Five, in the Junior High School Building East, entrance on Tufts Street; Precincts Six and Eight, in the Town Hall; Precincts Seven and Nine, in the Russell School Building, Precinct Seven, entrance on Medford Street, Precinct Nine, entrance on Mystic Street; Precincts Ten and Twelve in the Cutter School Building, entrance on School Street; Precinct Eleven, in the Highland Hose House, entrance on Massachusetts Avenue; Precinct Thirteen, in the Peirce School Building, entrance on Park Avenue North, Heights; Precinct Fourteen, in the Locke School Building, entrance on Paul Revere Road, Heights.

You are, also, required to notify and warn the said inhabitants to meet at the Town Hall, in said Town, on Wednesday, the twenty-fifth day of March, 1931, at eight o'clock in the evening to act on the following articles:

Article 2. To choose and appoint all other usual Town officers not hereinbefore mentioned, in such manner as the Town may determine.

Article 3. To hear and act on the reports of the permanent committee under vote of the Town passed March 24, 1919, on the Town Yard; of the committee under vote of the Town passed April 5, 1926, to investigate and consider the matter of additional school accommodations; of the committee under vote of the Town passed January 14, 1926, to consider the condition of Spy Pond; of the committee under vote of the Town passed April 4, 1928, to make a comprehensive study of a community or other building as a memorial to commemorate the services and

sacrifices of persons who served in the World War; of the committee under vote of the Town passed April 19, 1929, to secure plans and estimates for a new High School Building; of the committee under vote of the Town passed April 10, 1929, to procure plans and estimates for repairs and additions to the Robbins Library Building; of the committee under vote of the Town passed March 28, 1928, to procure plans and specifications for the construction of an eight-room addition to the Peirce School Building, also estimates of the cost of such addition and of the original equipment and furnishings thereof and of the grading of the grounds of said school, and under vote of the Town passed March 27, 1929, to construct an eight-room addition to the schoolhouse called the Peirce School; of the Massachusetts Bay Tercentenary Committee under vote of the Town passed April 2, 1930, appointed by the Selectmen; of the committee under vote of the Town passed April 9, 1930, to study the School System, appointed by the Selectmen; of the Cemetery Commissioners under vote of the Town passed April 2, 1930, to construct a building in Mount Pleasant Cemetery to be used as office, storehouse, and Chapel; of the committee under vote of the Town passed April 2, 1930, to secure plans and estimates for the construction of an elementary school on Pheasant Avenue; of the committee under vote of the Town passed April 2, 1930, to secure plans and estimates for the construction of an elementary school on Eastern Avenue; of the committee under vote of the Town passed May 26, 1930, to investigate and study the Public Library accommodations at the Heights; and of other Town boards and officers and of the Finance and other committees heretofore appointed.

Article 4. To make appropriations to defray Town obligations, liabilities, outlay and expenses and especially for or relating to all or any of the boards, departments, purposes and matters hereinafter mentioned; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Finance Committee; Reserve Fund; Board of Appeal; Board of Selectmen; Accountant; Treasurer's Department; Collector's Department; Assessors' Department; Legal Department; Claims; Town Clerk's Department; Board of Public Works; Engineering Work; Elections and Town Meetings; Planning Board; Joint Board of Selectmen and Board of Public Works; Board of Survey; Robbins Memorial Town Hall; Police Department; Fire Department; Building Department; Building, Plumbing and Gas Inspection; Wire Department; Sealer of Weights and Measures; Gypsy and Brown Tail Moth Suppression; Tree Warden's Department; Health Department; Vital Statistics; Inspector of Animals; Sewerage System Maintenance; Ashes, Offal and Rubbish; Highway Division; Snow and Ice Removals; Lighting of Streets and Ways; Traffic Signals; Fire and Police Signals; Public Welfare Department; District and Other Nurses; State and Military Aid; Soldiers' Relief; Burials and Exemptions; Schools; Robbins Library and Branches; Parks; Playgrounds; Pensions; Memorial Day; Printing Town Reports; Insurance; Workmen's Compensation; Workmen's Compensation Insurance Fund; Patriots' Day; Menotomy Hall; Repairs to Houses Owned by Town; Municipal Insurance Fund; Water Department Maintenance; Cemeteries; Interest; Debt.

Article 5. To see if the Town will authorize the Town Treasurer, under the direction of the Selectmen, to borrow money in anticipation of the revenue for the year 1931, the same to be repaid directly from the proceeds of said revenue: or take any action relating thereto.

Article 6. To see if the Town will authorize its Collector of Taxes to use all means of collecting taxes for the year 1931, which a Town Treasurer may use when appointed a Collector of Taxes.

Article 7. To see if the Town will make an appro-

priation for the construction of permanent sidewalks and for the installing of edgestone; determine in what manner the money shall be raised; or take any action relating thereto.

Article 8. To see if the Town will accept the laying out of a town way from Forest Street three hundred eighty-five feet easterly, substantially in the location of the private way known as Aerial Street, as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the easterly side line of Forest Street and the northerly side line of Aerial Street, thence easterly on said northerly side line of Aerial Street, a distance of 375.0 feet to a point on said northerly side line of Aerial Street, thence southerly across said Aerial Street, a distance of 40.0 feet to the southerly side line of Aerial Street, thence westerly on said southerly side line of Aerial Street, a distance of 375.0 feet to the point of intersection of said southerly side line of Aerial Street and the easterly side line of Forest Street, thence northerly on said easterly side line of Forest Street, a distance of 40.0 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled: "Plan and Profile of Aerial Street, Arlington, Mass., Scales 40 and 6, June 4, 1903, H. S. Adams, C. E."

Article 9. To see if the Town will accept the laying out of a town way from Massachusetts Avenue to Glou-

cester Street, substantially in the location of the private way known as Bailey Road, as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at a stone bound at the point of intersection of the southwesterly side line of Mass. Avenue and the southeasterly side line of Bailey Road, thence westerly and southwesterly on said southeasterly side line of Bailey Road on a curve to the left with a radius of 25.0 feet, a distance of 39.27 feet to a point of tangency in said southeasterly side line of Bailey Road, thence continuing southwesterly on said southeasterly side line of Bailey Road, a distance of 381.21 feet to a point of curve in said southeasterly side line of Bailey Road, thence southwesterly and southerly on said southeasterly side line of Bailey Road, on a curve to the left with a radius of 30.0 feet, a distance of 36.91 feet to the point of intersection of said southeasterly side line of Bailey Road, and the northeasterly side line of Wildwood Avenue, thence westerly across said Wildwood Avenue a distance of 44.24 feet to the point of intersection of the southwesterly side line of Wildwood Avenue and the southeasterly side line of Bailey Road, thence westerly and southwesterly on said southeasterly side line of Bailey Road on a curve to the left with a radius of 30.0 feet, a distance of 40.14 feet to a point of tangency in said southeasterly side line of Bailey Road, thence continuing southwesterly on said southeasterly side line of Bailey Road, a distance of 398.88 feet to a point of curve in said southeasterly side line of Bailey Road, thence southwesterly and southerly on said southeasterly side line of Bailey Road on a curve

to the left with a radius of 30.0 feet a distance of 30.74 feet to the point of intersection of said southeasterly side line of Bailey Road and the easterly side line of Gloucester Street, thence northerly on said easterly side line of Gloucester Street, a distance of 16.87 feet to a point of curve in said easterly side line of Gloucester Street, thence continuing northerly on said easterly side line of Gloucester Street on a curve to the left with a radius of 350.0 feet, a distance of 98.74 feet to the point of intersection of said easterly side line of Gloucester Street and the northwesterly side line of Bailey Road, thence easterly and northeasterly on said northwesterly side line of Bailey Road on a curve to the left with a radius of 40.0 feet, a distance of 73.39 feet to a point of tangency in said northwesterly side line of Bailey Road, thence continuing northeasterly on said northwesterly side line of Bailey Road, a distance of 320.97 feet to a point of curve in said northwesterly side line of Bailey Road, thence northeasterly and northerly on said northwesterly side line of Bailey Road on a curve to the left with a radius of 25.0 feet a distance of 45.09 feet to the point of intersection of said northwesterly side line of Bailey Road and the southwesterly side line of Wildwood Avenue, thence northeasterly across said Wildwood Avenue, a distance of 40.41 feet to the point of intersection of the northeasterly side line of Wildwood Avenue and the northwesterly side line of Bailey Road, thence easterly and northeasterly on said northwesterly side line of Bailey Road on a curve to the left with a radius of 25.0 feet, a distance of 47.78 feet to a point of tangency in said northwesterly side line of Bailey Road, thence continuing northeasterly on said northwesterly side line of Bailey Road, a distance of 349.31 feet to a point of curve in said northwesterly side line of Bailey Road, thence northeasterly and northerly on said northwesterly side line of Bailey Road, on a curve to the left with a radius of 25.0 feet, a distance of 39.18 feet to the point of intersection of said northwesterly side line of Bailey Road, and the southwesterly side line of Mass.

Avenue, thence southeasterly on said southwesterly side line of Mass. Avenue on a curve to the left with a radius of 630.56 feet, a distance of 2.91 feet to a point of tangency in said southwesterly side line of Mass. Avenue, thence continuing southeasterly on said southwesterly side line of Mass. Avenue, a distance of 97.00 feet, to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled: "Plan and Profile of Bailey Road, Arlington, Mass., Scale, Hor. 1″ =40′, Ver. 1″ =6′, March, 1923, C. H. Gannett, C. E., 53 State Street, Boston."

Article 10. To see if the Town will accept the laying out of a town way from Park Avenue Extension to the easterly side line of Newland Road, substantially in the location of the private way known as Blossom Street, as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the southeasterly side line of Park Avenue Ext., and the northeasterly side line of Blossom Street, thence southeasterly on said northeasterly side line of Blossom Street, a distance of 240.27 feet, to the point of intersection of said northeasterly side line of Blossom Street and the northwesterly side line of Newland Road, thence southwesterly on said northwesterly side line of Newland Road, a distance of 40.03 feet to the point of intersection of said northwesterly side line of Newland Road, and the southwesterly side line of Blossom Street, thence northwesterly on said southwesterly side line of Blossom Street, a

distance of 245.56 feet, more or less, to the point of intersection of said southwesterly side line of Blossom Street and the southeasterly side line of Park Avenue, thence northeasterly on said southeasterly side line of Park Avenue, a distance of 40.16 feet to the point of beginning, as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled: "Plan and Profile of Blossom Street, Section B, as laid out on a plat of house lots entitled: "Highland Park, by R. W. Seamans, Engineer, Providence, R. I., August, 1913, Scale: Horizontal 1″ =40′, Vertical 1″ =6′."

Article 11. To see if the Town will accept the laying out of a town way from Massachusetts Avenue approximately thirty-five (35) feet southwesterly, substantially in the location of the private way known as Burton Street, as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the southwesterly side line of Mass. Avenue and the southeasterly side line of Burton Street, thence westerly and southwesterly on said southeasterly side line of Burton Street on a curve to the left with a radius of 20.67 feet, a distance of 30.03 feet to a point of tangency in said southeasterly side line of Burton Street, thence continuing southwesterly on said southeasterly side line of Burton Street, a distance of 18.13 feet to a point on said southeasterly side line of Burton Street, thence northwesterly across said Burton Street, a distance of 40.0 feet to a

point of curve in the northwesterly side line of Burton Street, thence northeasterly and northerly on said northwesterly side line of Burton Street on a curve to the left with a radius of 20.91 feet, a distance of 38.88 feet to the point of intersection of said northwesterly side line of Burton Street and the southwesterly side line of Mass. Avenue, thence southeasterly on said southwesterly side line of Mass. Avenue on a curve to the right with a radius of 511.68 feet, a distance of 87.20 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled: "Plan and Profile of Burton Street, Arlington Heights, Mass., Scale, Hor. 1″ =40′, Ver. 1″ =6′, Aug. 12, 1925, C. H. Gannett, C. E., 53 State St., Boston."

Article 12. To see if the Town will accept the laying out of a town way from Forest Street to one hundred fifty (150) feet beyond Peter Tufts Road, substantially in the location of the private way known as Edmund Road, as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the easterly side line of Forest Street and the northerly side line of Edmund Road, thence easterly on said northerly side line of Edmund Road, a distance of 130.75 feet to a point of curve in said northerly side line of Edmund Road, thence continuing easterly on said northerly side line of Edmund Road, on a curve to the left with a radius of 360.0 feet, a distance of 43.98 feet to a point of tangency in said northerly side line of Edmund Road, thence continuing

easterly on said northerly side line of Edmund Road, a distance of 105.05 feet to a point of curve in said northerly side line of Edmund Road, thence northeasterly on said northerly side line of Edmund Road on a curve to the left with a radius of 303.69 feet, a distance of 59.80 feet to a point of tangency in said northerly side line of Edmund Road, thence continuing northeasterly on said northerly side line of Edmund Road, a distance of 127.9 feet to a point on said northerly side line of Edmund Road, thence southeasterly across said Edmund Road, a distance of 41.0 feet, more or less, to a point on the southerly side line of Edmund Road, thence southwesterly on said southerly side line of Edmund Road, a distance of 178.44 feet to an angle point in said southerly side line of Edmund Road, thence westerly on said southerly side line of Edmund Road, a distance of 139.0 feet to a point of curve in said southerly side line of Edmund Road, thence continuing westerly on said southerly side line of Edmund Road on a curve to the right with a radius of 400.0 feet, a distance of 48.87 feet to a point of tangency in said southerly side line of Edmund Road, thence continuing westerly on said southerly side line of Edmund Road, a distance of 135.18 feet to the point of intersection of said southerly side line of Edmund Road and the easterly side line of Forest Street, thence northerly on said easterly side line of Forest Street, a distance of 40.24 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Ar ington, Mass., entitled: "Plan and profile of Edmund Road, Arlington, Mass., as petitioned for by Neil McIntosh, Jr., Trustee, showing proposed lines and grades, Scale, Hor. 1″=40′, Vert. 1″=6′, April, 1914, C. H. Gannett, C. E., 53 State Street, Boston"

Article 13. To see if the Town will accept the laying out of a town way from Wildwood Avenue to Gloucester Street, substantially in the location of the private way known as Field Road, as made and reported by the Joint Board of Selectmen and Board of Public Works,

under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at a stone bound at the point of intersection of the southwesterly side line of Wildwood Avenue, and the southeasterly side line of Field Road, thence westerly and southwesterly on a curve to the left with a radius of 30.0 ft., a distance of 40.14 feet to a stone bound at a point of tangency on said southeasterly side line of Field Road, thence southwesterly on said southeasterly side line of Field Road, a distance of 284.45 feet to a stone bound at a point of curve on said southeasterly side line of Field Road, thence southerly on said southeasterly side line of Field Road on a curve to the left with a radius of 25.0 feet, a distance of 41.49 feet to a stone bound at the intersection of said southeasterly side line of Field Road and the northeasterly side line of Gloucester Street, thence northwesterly on said northeasterly side line of Gloucester Street, on a curve to the left with a radius of 350.0 feet, a distance of 89.41 feet to a stone bound at the intersection of said northeasterly side line of Gloucester Street and the northwesterly side line of Field Road, thence easterly and northeasterly on said northwesterly side line of Field Road on a curve to the left with a radius of 30.0 feet, a distance of 36.80 feet to a stone bound at a point of tangency on said northwesterly side line of Field Road, thence northeasterly on said northwesterly side line of Field Road, a distance of 282.88 feet, to a stone bound at a point of curve on said northwesterly side line of Field Road, thence northerly on said northwesterly side line of Field Road, on a curve to the left with a radius of 25.0 feet, a distance of 45.09 feet to a stone bound on

the southwesterly side line of Wildwood Avenue, thence southeasterly on said southwesterly side line of Wildwood Avenue, a distance of 96.45 feet to the point of beginning, as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled, "Plan and Profile of Field Road, Arlington, Mass., Scale Hor. 1″ =40′, Ver. 1″ =6′, March, 1923, C. H. Gannett, C. E., 53 State Street, Boston."

Article 14. To see if the Town will accept the laying out of a town way from Lake Street to Varnum Street, substantially in the location of the private way known as Herbert Road, as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at a stone bound at the point of intersection of the southerly side line of Lake Street and the easterly side line of Herbert Road, thence westerly and southwesterly on said easterly side line of Herbert Road, on a curve to the left with a radius of 25 feet, a distance of 37.39 feet to a stone bound at a point of tangency on said easterly side line of Herbert Road, thence southerly on said easterly side line of Herbert Road, a distance of 1161.49 feet to a point of curve in said easterly side line of Herbert Road, thence southeasterly on said easterly side line of Herbert Road, on a curve to the left with a radius of 451.12 feet, a distance of 162.65 feet to a stone bound at a point of tangency in said easterly side line of Herbert Road, thence southwesterly across said Herbert Road, a distance of 40.0 feet to a stone bound at a point

of curve in the westerly side line of Herbert Road, thence northwesterly on said westerly side line of Herbert Road, a distance of 35.99 feet to an angle point in said westerly side line of Herbert Road, thence continuing northwesterly on said westerly side line of Herbert Road, a distance of 40.0 feet to an angle point in said westerly side line of Herbert Road, thence northerly on said westerly side line of Herbert Road, a distance of 35.17 feet to a point of curve in said westerly side line of Herbert Road, thence continuing northerly on said westerly side line of Herbert Road, on a curve to the right with a radius of 491.12 feet, a distance of 66.13 feet to a stone bound at a point of tangency in said westerly side line of Herbert Road, thence continuing northerly on said westerly side line of Herbert Road, a distance of 1154.71 feet to a stone bound at a point of curve on said westerly side line of Herbert Road, thence northwesterly and westerly on said westerly side line of Herbert Road, on a curve to the left with a radius of 25 feet, a distance of 41.15 feet to a stone bound on the southerly side line of Lake Street, thence easterly on said southerly side line of Lake Street, a distance of 90.25 feet to the point of beginning, as shown on two plans on file at the office of the Town Clerk, Arlington, Mass., both entitled "Plan and Profile of Herbert Road, Arlington, Mass., Scale Hor. 1″ =40′, Ver. 1″ =6′, June, 1923, C. H. Gannett, C. E., 53 State Street, Boston."

Article 15. To see if the Town will accept the laying out of a town way from Massachusetts Avenue to the southerly side line of Gloucester Street substantially in the location of the private way known as Lockeland Avenue, as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the westerly side line of Massachusetts Avenue and the southerly side line of Lockeland Avenue thence northwesterly and westerly on said southerly side line of Lockeland Avenue, on a curve to the left with a radius of 25 feet, a distance of 42.29 feet to a stone bound at a point of tangency in said southerly side line of Lockeland Avenue, thence southwesterly on said southerly side line of Lockeland Avenue, a distance of 275.81 feet to a stone bound at a point of curve in said southerly side line of Lockeland Avenue, thence southerly on said southerly side line of Lockeland Avenue, on a curve to the left with a radius of 65 feet, a distance of 86.03 feet to a stone bound on the easterly side line of Wildwood Avenue, thence northwesterly along said easterly side line of Wildwood Avenue, a distance of 115.04 feet to a point on said easterly side line of Wildwood Avenue, thence easterly and northeasterly on the northwesterly side line of Lockeland Avenue on a curve to the left with a radius of 10.0 feet, a distance of 18.18 feet to a point of tangency on said northwesterly side line of Lockeland Avenue, thence continuing northeasterly on said northwesterly side line of Lockeland Avenue, a distance of 61.25 feet to a point of curve in said northwesterly side line of Lockeland Avenue, thence northerly and northwesterly on said northwesterly side line of Lockeland Avenue on a curve to the left with a radius of 10.0 feet, a distance of 23.81 feet to a point of reverse curve in the southeasterly side line of Lockeland Avenue, thence westerly on said southeasterly side line of Lockeland Avenue on a curve to the right with a radius of 244.14 feet a distance of 73.29 feet to a point of tangency in said southeasterly side line of Lockeland Avenue, thence continuing westerly on said southeasterly side line of Lockeland Avenue, a distance of 25.02 feet to the easterly side line of Wildwood Avenue, thence north-

westerly on said easterly side line of Wildwood Avenue, a distance of 27.37 feet to a point on said easterly side line of Wildwood Avenue, thence westerly across said Wildwood Avenue, a distance of 52.73 feet to a point on the westerly side line of Wildwood Avenue, thence southeasterly on said westerly side line of Wildwood Avenue, a distance of 27.37 feet, to the southerly side line of Lockeland Avenue, thence southwesterly on said southerly side line of Lockeland Avenue, a distance of 228.92 feet to a stone bound at a point of curve in said southerly side line of Lockeland Avenue, thence continuing southwesterly on said southerly side line of Lockeland Avenue, on a curve to the left with a radius of 200 feet, a distance of 40.77 feet to a point of tangency in said southerly side line of Lockeland Avenue, thence continuing southwesterly on said southerly side line of Lockeland Avenue, a distance of 318.44 feet to a point on said southerly side line of Lockeland Avenue, thence northerly across said Lockeland Avenue, a distance of 50.85 feet to the northerly side line of said Lockeland Avenue, thence northeasterly on said northerly side line of Lockeland Avenue a distance of 297.35 feet to an angle point in said northerly side line of Lockeland Avenue, thence continuing northeasterly on said northerly side line of Lockeland Avenue, a distance of 52.2 feet, more or less, to a stone bound on said northerly side line of Lockeland Avenue, thence continuing northeasterly on said northerly side line of Lockeland Avenue, a distance of 260.94 feet to an angle point in said northerly side line of Lockeland Avenue, thence continuing northeasterly on said northerly side line of Lockeland Avenue, a distance of 24.2 feet, more or less, to a point in said northerly side line of Lockeland Avenue, thence easterly and northeasterly on said northerly side line of Lockeland Avenue, on a curve to the left with a radius of 194.14 feet, a distance of 258.98 feet to a stone bound at a point of tangency in said northerly side line of Lockeland Avenue, thence northeasterly on said northerly side line of Lockeland Avenue, a distance of 67.26 feet to a

point of curve in said northerly side line of Lockeland Avenue, thence northerly and northwesterly on said northerly side line of Lockeland Avenue, on a curve to the left with a radius of 42 feet, a distance of 60.5 feet to the westerly side line of Massachusetts Avenue, thence southeasterly on said westerly side line of Massachusetts Avenue, a distance of 78.62 feet to a point of curve in said westerly side line of Massachusetts Avenue, thence continuing southeasterly on said westerly side line of Massachusetts Avenue, on a curve to the left with a radius of 630.56 feet, a distance of 35.59 feet to the point of beginning, as shown on a plan on file at the office of the Town Clerk, Arlington, Mass., entitled "Plan and Profile of Lockeland Avenue, Arlington, Mass., Scale Hor. 1″ = 40′, Ver. 1″ = 6′, March, 1923, C. H. Gannett, C. E., 53 State Street, Boston.

Article 16. To see if the Town will accept the laying out of a town way from Herbert Road to Brooks Avenue, substantially in the location of the private way known as Melrose Street, as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the westerly side line of Herbert Road and the southerly side line of Melrose Street, thence northwesterly and westerly on said southerly side line of Melrose Street, on a curve to the left with a radius of 25.0 feet, a distance of 43.03 feet to a point of tangency on said southerly side line of Melrose Street, thence continuing westerly on said south-

erly side line of Melrose Street, a distance of 490.06 feet to a point of curve on said southerly side line of Melrose Street, thence southwesterly on said southerly side line of Melrose Street, on a curve to the left with a radius of 30.0 feet, a distance of 42.34 feet to the easterly side line of Brooks Avenue, thence northerly on said easterly side line of Brooks Avenue on a curve to the right with a radius of 1738.83 feet, a distance of 58.46 feet to a point of tangency on said easterly side line of Brooks Avenue, thence continuing northerly on said easterly side line of Brooks Avenue, a distance of 38.20 feet to the point of intersection of said easterly side line of Brooks Avenue, and the northerly side line of Melrose Street, thence southeasterly and easterly on said northerly side line of Melrose Street, on a curve to the left with a radius of 25.0 feet, a distance of 44.10 feet, to a point of tangency on said northerly side line of Melrose Street, thence continuing easterly on said northerly side line of Melrose Street, a distance of 486.89 feet to a point of curve on said northerly side line of Melrose Street, thence easterly and northeasterly on said northerly side line of Melrose Street on a curve to the left with a radius of 30.0 feet, a distance of 42.61 feet to the westerly side line of Herbert Road, thence southerly on said westerly side line of Herbert Road, a distance of 25.80 feet to the point of intersection of said westerly side line of Herbert Road extended, and said northerly side line of Melrose Street, extended, thence northeasterly on said northerly side line of Melrose Street, a distance of 45.0 feet to the present accepted portion of Melrose Street, thence southerly by said accepted portion of Melrose Street, a distance of 43.64 feet to the southerly side line of Melrose Street, thence southwesterly on said southerly side line of Melrose Street, a distance of 43.64 feet to the westerly side line of Herbert Road, thence southerly on said westerly side line of Herbert Road, a distance of 29.08 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled: "Plan

and Profile of Melrose Street Ext., Arlington, Mass., Scale Hor. 1″=40′, Vertical 1″=6′, June, 1923, C. H. Gannett, C. E., 53 State Street, Boston."

Article 17. To see if the Town will accept the laying out of a town way from Herbert Road to Brooks Avenue, substantially in the location of the private way known as Milton Street, as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the westerly side line of Herbert Road and the southerly side line of Milton Street, thence northwesterly and westerly on said southerly side line of Milton Street on a curve to the left with a radius of 25.0 feet, a distance of 44.31 feet to a point of tangency on said southerly side line of Milton Street, thence continuing westerly on said southerly side line of Milton Street a distance of 481.15 feet to a point of curve on said southerly side line of Milton Street, thence westerly and southwesterly on said southerly side line of Milton Street on a curve to the left with a radius of 25.0 feet, a distance of 37.80 feet to the point of intersection of said southerly side line of Milton Street and the easterly side line of Brooks Avenue, thence northerly on said easterly side line of Brooks Avenue on a curve to the right with a radius of 1738.83 feet, a distance of 91.65 feet to the point of intersection of said easterly side line of Brooks Avenue and the northerly side line of Milton Street, thence southeasterly and easterly on said northerly side line of Milton Street on a curve to the left with a radius of 25.0

feet, a distance of 42.05 feet to a point of tangency in said northerly side line of Milton Street, thence continuing easterly on said northerly side line of Milton Street, a distance of 487.78 feet, to a point of curve on said northerly side line of Milton Street, thence northeasterly on said northerly side line of Milton Street on a curve to the left with a radius of 30.0 feet, a distance of 41.08 feet to the point of intersection of said northerly side line of Milton Street and the westerly side line of Herbert Road, thence southerly on said westerly side line of Herbert Road, a distance of 24.49 feet to the point of intersection of said westerly side line of Herbert Road extended and said northerly side line of Milton Street extended, thence westerly on said northerly side line of Milton Street, a distance of 44.85 feet to the present accepted portion of Milton Street, thence southerly by said accepted portion of Milton Street, a distance of 43.64 feet to the southerly side line of Milton Street, thence westerly on said southerly side line of Milton Street, a distance of 43.64 feet to the westerly side line of Herbert Road, thence southerly on said westerly side line of Herbert Road, a distance of 30.62 feet, to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled, "Plan and Profile of Milton Street Ext., Arlington, Mass., Scale Hor. 1″ = 40′, Ver. 1″ = 6′, June, 1923, C. H. Gannett, C. E., 53 State Street, Boston.

Article 18. To see if the Town will accept the laying out of a town way from Edmund Road to Overlook Road, substantially in the location of the private way known as Peter Tufts Road, as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the southerly side line of Edmund Road and the easterly side line of Peter Tufts Road, thence southerly and southeasterly on said easterly side line of Peter Tufts Road, on a curve to the left with a radius of 10.0 feet, a distance of 19.18 feet to a point of tangency in said easterly side line of Peter Tufts Road, thence continuing southeasterly on said easterly side line of Peter Tufts Road, a distance of 114.58 feet to a point of curve in said easterly side line of Peter Tufts Road, thence southeasterly and southerly on said easterly side line of Peter Tufts Road on a curve to the right with a radius of 292.51 feet, a distance of 136.48 feet to a point of tangency in said easterly side line of Peter Tufts Road, thence continuing southerly on said easterly side line of Peter Tufts Road, a distance of 272.54 feet to a point of curve in said easterly side line of Peter Tufts Road, thence southeasterly and easterly on said easterly side line of Peter Tufts Road, on a curve to the left with a radius of 10.0 feet, a distance of 20.16 feet to the point of intersection of said easterly side line of Peter Tufts Road and the northwesterly side line of Overlook Road, thence southwesterly on said northwesterly side line of Overlook Road, a distance of 72.77 feet, to the point of intersection of said northwesterly side line of Overlook Road and the westerly side line of Peter Tufts Road, thence northeasterly and northerly on a curve to the left with a radius of 20.0 feet, a distance of 22.52 feet to a point of tangency in said westerly side line of Peter Tufts Road, thence continuing northerly on said westerly side line of Peter Tufts Road, a distance of 294.76 feet to a point of curve in said westerly side line of Peter Tufts Road, thence northerly and northwesterly on said westerly side line of Peter Tufts Road on a curve to the left with a radius of 252.51 feet a distance of 117.82 feet to a point of tangency in said westerly side line of Peter Tufts Road, thence continuing north-

westerly on said westerly side line of Peter Tufts Road, a distance of 132.02 feet, to a point of curve in said westerly side line of Peter Tufts Road, thence continuing northwesterly on said westerly side line of Peter Tufts Road on a curve to the left with a radius of 20.0 feet, a distance of 20.54 feet to the point of intersection of said westerly side line of Peter Tufts Road, and the southerly side line of Edmund Road, thence easterly on said southerly side line of Edmund Road, a distance of 11.28 feet to a stone bound at an angle point in said southerly side line of Edmund Road, thence continuing easterly on said southerly side line of Edmund Road, a distance of 56.79 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled: "Plan and Profile of Peter Tufts Road, Arlington, Mass., as petitioned for by Neil McIntosh, Jr., Trustee, showing proposed lines and grades. Scale: Hor. 1″=40′, Vert. 1″=6′, April, 1914, C. H. Gannett, C. E., 53 State St., Boston."

Article 19. To see if the Town will accept the laying out of a town way from Massachusetts Avenue to the southerly side of Benjamin Road, substantially in the location of the private way known as Quincy Street (formerly Bowen Street), as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the southwesterly side line of Mass. Avenue and the southerly side line of Quincy Street, thence westerly and southwesterly

on said southerly side line of Quincy Street on a curve to the left with a radius of 25.0 feet, a distance of 39.27 feet to a point of reverse curve in said southerly side line of Quincy Street, thence southwesterly and westerly on said southerly side line of Quincy Street on a curve to the right with a radius of 175.48 feet, a distance of 99.27 feet, to a point of tangency in said southerly side line of Quincy Street, thence continuing westerly on said southerly side line of Quincy Street, a distance of 369.0 feet to a point of curve in said southerly side line of Quincy Street, thence westerly and southwesterly on said southerly side line of Quincy Street on a curve to the left with a radius of 160.10 feet, a distance of 241.79 feet to a point of reverse curve in said southerly side line of Quincy Street, thence southwesterly on said southerly side line of Quincy Street, on a curve to the right with a radius of 233.09 feet, a distance of 248.55 feet to a point of tangency in said southerly side line of Quincy Street, thence continuing southwesterly on said southerly side line of Quincy Street, a distance of 124.09 feet to a point on said southerly side line of Quincy Street, thence northerly across said Quincy Street, a distance of 50.29 feet to the northerly side line of Quincy Street, thence northeasterly on said northerly side line of Quincy Street, a distance of 113.26 feet to a point of curve in said northerly side line of Quincy Street, thence northeasterly on said northerly side line of Quincy Street on a curve to the left with a radius of 183.09 feet, a distance of 195.24 feet to a point of reverse curve in said northerly side line of Quincy Street, thence northeasterly and easterly on said northerly side line of Quincy Street on a curve to the right with a radius of 210.10 feet, a distance of 317.30 feet to a point of tangency in said northerly side line of Quincy Street, thence continuing easterly on said northerly side line of Quincy Street, a distance of 369.0 feet to a point of curve in said northerly side line of Quincy Street, thence northwesterly on said northerly side line of Quincy Street on a curve to the left with a radius of 125.48 feet, a distance of 70.98 feet to a

point of compound curve in said northerly side line of Quincy Street, thence continuing northeasterly on said northerly side line of Quincy Street, on a curve to the left with a radius of 25.0 feet, a distance of 39.27 feet to the point of intersection of said northerly side line of Quincy Street, and the southwesterly side line of Mass. Avenue, thence southeasterly on said southwesterly side line of Mass. Avenue, a distance of 100.0 feet to the point of beginning as shown on two plans on file in the office of the Town Clerk, Arlington, Mass., both entitled: "Plan and Profile of Bowen Street, now Quincy Street, Estate of Ira L. Russell, Arlington, Mass., Scale, Hor. 1″ =40′, Ver. 1″ =6′, Jan. 1921. C. H. Gannett, C. E., 53 State St., Boston."

Article 20. To see if the Town will accept the laying out of a town way from Massachusetts Avenue to Gray Street, substantially in the location of the private way known as School Street, as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the westerly side line of Mass. Avenue and the southerly side line of School Street, thence southwesterly on said southerly side line of School Street, a distance of 1362.66 feet to the point of intersection of said southerly side line of School Street and the easterly side line of Gray Street, thence northwesterly on said easterly side line of Gray Street, a distance of 40.64 feet to the point of intersection of said easterly side line of Gray Street and the northerly side line of School Street, thence northeasterly on said north-

erly side line of School Street, a distance of 1363.16 feet to the point of intersection of said northerly side line of School Street and the westerly side line of Mass. Avenue, thence southeasterly on said westerly side line of Mass. Avenue, a distance of 40.55 feet to the point of beginning as shown on two plans on file in the office of the Town Clerk, Arlington, Mass., both entitled: "Plan of School Street, Arlington, Mass., petitioned for by Theodore Schwamb, showing proposed lines and grades made by H. S. Adams, C. E. Scale 40′ and 6′ = 1″, April, 1898."

Article 21. To see if the Town will accept the laying out of a town way from Gray Street to Spring Avenue, substantially in the location of the private way known as Scituate Street, as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the southwesterly side line of Gray Street and the southeasterly side line of Scituate Street, thence westerly and southwesterly on said southeasterly side line of Scituate Street, on a curve to the left with a radius of 35.0 feet, a distance of 49.58 feet to a point of tangency in said southeasterly side line of Scituate Street, thence continuing southwesterly on said southeasterly side line of Scituate Street, a distance of 527.73 feet to point of curve in said southeasterly side line of Scituate Street, thence southwesterly and southerly on said southeasterly side line of Scituate Street on a curve to the left with a radius of 25.0 feet, a distance of 43.13 feet to the point of intersection of said

southeasterly side line of Scituate Street and the northeasterly side line of Spring Avenue, thence northwesterly on said northeasterly side line of Spring Avenue, a distance of 29.19 feet to a point, thence southwesterly on said southeasterly side line of Scituate Street, a distance of 20.24 feet to a point on said southeasterly side line of Scituate Street, thence northwesterly across said Scituate Street, a distance of 40.48 feet to the northwesterly side line of Scituate Street, thence northeasterly on said northwesterly side line of Scituate Street, a distance of 20.24 feet to a point, thence northwesterly on the northeasterly side line of Spring Avenue, a distance of 21.41 feet to the point of intersection of said northeasterly side line of Spring Avenue and the northwesterly side line of Scituate Street, thence easterly and northeasterly on said northwesterly side line of Scituate Street on a curve to the left with a radius of 25.0 feet, a distance of 35.41 feet, to a point of tangency in said northwesterly side line of Scituate Street, thence continuing northeasterly on said northwesterly side line of Scituate Street, a distance of 524.63 feet to a point of curve in said northwesterly side line of Scituate Street, thence northwesterly and northerly on said northwesterly side line of Scituate Street on a curve to the left with a radius of 35.0 feet, a distance of 60.38 feet to the point of intersection of said northwesterly side line of Scituate Street and the southwesterly side line of Gray Street, thence southeasterly on said southwesterly side line of Gray Street, a distance of 111.32 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled: "Plan and Profile of Scituate Street as petitioned for by Robbins & Smith, Scale, Hor. 40′, Ver. 6′ = 1″, Oct. 6, 1923, J. M. Keane, C. E."

Article 22. To see if the Town will accept the laying out of a town way from Paul Revere Road to Aberdeen Road, substantially in the location of the private way known as Sutherland Road, as made and reported by the

Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the southwesterly side line of Paul Revere Road, and the southerly side line of Sutherland Road, thence northwesterly on said southerly side line of Sutherland Road, a distance of 96.15 feet to a point of curve in said southerly side line of Sutherland Road, thence northwesterly and westerly on said southerly side line of Sutherland Road, on a curve to the left with a radius of 33.31 feet, a distance of 17.17 feet to a point of tangency in said southerly side line of Sutherland Road, thence continuing westerly on said southerly side line of Sutherland Road, a distance of 29.15 feet to a point of curve in said southerly side line of Sutherland Road, thence southwesterly on said southerly side line of Sutherland Road, on a curve to the left with a radius of 9.67 feet, a distance of 16.14 feet to the point of intersection of said southerly side line of Sutherland Road and the easterly side line of Spring Road, thence westerly across said Spring Road, a distance of 40.08 feet to the southwesterly side line of Sutherland Road, thence northerly on said southwesterly side line of Sutherland Road, a distance of 1.44 feet to an angle point in said southwesterly side line of Sutherland Road, thence northwesterly on said southwesterly side line of Sutherland Road, a distance of 43.81 feet to an angle point in said southwesterly side line of Sutherland Road, thence continuing northwesterly on said southwesterly side line of Sutherland Road a distance of 121.0 feet to a point of curve in said southwesterly side line of Sutherland Road,

thence westerly on said southwesterly side line of Sutherland Road on a curve to the left with a radius of 14.0 feet, a distance of 22.0 feet to a point of tangency in the southeasterly side line of Sutherland Road, thence southwesterly on said southeasterly side line of Sutherland Road, a distance of 372.0 feet to a point of curve in said southeasterly side line of Sutherland Road, thence southwesterly and westerly on said southeasterly side line of Sutherland Road, on a curve to the left with a radius of 14.0 feet, a distance of 22.0 feet to the point of intersection of said southeasterly side line of Sutherland Road and the northeasterly side line of Aberdeen Road, thence northwesterly on said northeasterly side line of Aberdeen Road, a distance of 68.0 feet, to the point of intersection of said northeasterly side line of Aberdeen Road and the northwesterly side line of Sutherland Road, thence easterly and northeasterly on said northwesterly side line of Sutherland Road on a curve to the left with a radius of 14.0 feet, a distance of 22.0 feet to a point of tangency in said northwesterly side line of Sutherland Road, thence continuing northeasterly on said northwesterly side line of Sutherland Road, a distance of 426.0 feet to a point on the northeasterly side line of Sutherland Road, thence southeasterly on said northeasterly side line of Sutherland Road, a distance of 171.0 feet, to a point of curve in said northeasterly side line of Sutherland Road, thence southeasterly and easterly on said northeasterly side line of Sutherland Road, on a curve to the left with a radius of 29.42 feet, a distance of 26.03 feet to a point of tangency in the northerly side line of Sutherland Road, thence continuing easterly on said northerly side line of Sutherland Road, a distance of 56.21 feet to a point of curve in said northerly side line of Sutherland Road, thence southeasterly on said northerly side line of Sutherland Road, on a curve to the right with a radius of 73.31 feet, a distance of 37.78 feet to a point of tangency in said northerly side line of Sutherland Road, thence continuing southeasterly on said northerly side line of Sutherland Road, a distance

of 33.12 feet to a point of curve in said northerly side line of Sutherland Road, thence easterly and northeasterly on a curve to the left with a radius of 2.0 feet, a distance of 3.05 feet, to the point of intersection of said northerly side line of Sutherland Road and the southwesterly side line of Paul Revere Road, thence southeasterly on said southwesterly side line of Paul Revere Road, a distance of 75.72 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled: "Board of Survey plan and profile of Sutherland Road, Arlington, Mass., Scales Hor. 1″ = 40′, Vert. 1″ = 6′, Feb. 15, 1918, Geo. E. Ahern, Town Engineer."

Article 23. To see if the Town will accept the laying out of a town way from the easterly side line of Herbert Road to Brooks Avenue, substantially in the location of the private way known as Varnum Street, as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at a stone bound at the intersection of the westerly side line of Herbert Road and the southerly side line of Varnum Street, thence northwesterly and westerly on said southerly side line of Varnum Street, on a curve to the left with a radius of 39.60 feet, a distance of 58.47 feet to a point of tangency on said southerly side line of Varnum Street, thence continuing westerly on said southerly side line of Varnum Street a distance of 529.01 feet to a point on said southerly side line of Varnum Street, said point being at the division line between lot 22 and lot 23, thence northerly across said Varnum Street,

a distance of 40.0 feet to the northerly side line of Varnum Street, thence easterly on said northerly side line of Varnum Street, a distance of 530.74 feet, to a point of curve on said northerly side line of Varnum Street, thence easterly and northeasterly on said northerly side line of Varnum Street on a curve to the left with a radius of 40.0 feet, a distance of 57.70 feet, to the point of intersection of said northerly side line of Varnum Street and the westerly side line of Herbert Road, thence southerly on said westerly side line of Herbert Road, a distance of 35.17 feet to the point of intersection of said westerly side line of Herbert Road extended, and said northerly side line of Varnum Street extended, thence northeasterly on said northerly side line of Varnum Street, a distance of 42.31 feet to the present accepted portion of Varnum Street, thence southerly by said present accepted portion of Varnum Street on a curve to the left with a radius of 451.12 feet, a distance of 40.60 feet to the southerly side line of Varnum Street, thence southwesterly on said southerly side line of Varnum Street, a distance of 41.64 feet to the westerly side line of Herbert Road, thence southerly on said westerly side line of Herbert Road, a distance of 35.99 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled: "Plan and Profile of Varnum Street Ext., Arlington, Mass., Scale Hor. $1'' = 40'$, Ver. $1'' = 6'$, June, 1923, C. H. Gannett, C. E., 53 State Street, Boston."

Article 24. To see if the Town will accept the laying out of a town way from Summer Street to Ronald Road, substantially in the location of the private way known as Washington Street, as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the northeasterly side line of Summer Street and the westerly side line of Washington Street, thence easterly and northeasterly on said westerly side line of Washington Street on a curve to the left with a radius of 11.44 feet, a distance of 23.62 feet to a point of tangency in said westerly side line of Washington Street thence continuing northeasterly on said westerly side line of Washington Street, a distance of 497.31 feet to a point of curve in said westerly side line of Washington Street, thence northwesterly and northerly on said westerly side line of Washington Street, on a curve to the left with a radius of 817.41 feet, a distance of 248.48 feet to a point of tangency in said westerly side line of Washington Street, thence continuing northerly on said westerly side line of Washington Street, a distance of 589.50 feet to a point of curve in said westerly side line of Washington Street, thence northeasterly and easterly on said westerly side line of Washington Street on a curve to the left with a radius of 15.0 feet, a distance of 33.62 feet to the point of intersection of said westerly side line of Washington Street and the southeasterly side line of Ronald Road, thence northeasterly on said southeasterly side line of Ronald Road, a distance of 118.32 feet to the point of intersection of said southeasterly side line of Ronald Road and the easterly side line of Washington Street, thence southwesterly and southerly on said easterly side line of Washington Street on a curve to the left with a radius of 75.0 feet, a distance of 67.52 feet to a point of tangency in said easterly side line of Washington Street, thence continuing southerly on said easterly side line of Washington Street, a distance of 616.01 feet to a point of curve in said easterly side line of Washington Street, thence southerly and southwesterly on said easterly side line of Washington Street on a curve to the right with a radius of 857.41 feet, a distance of 260.64 feet to a point

of tangency in said easterly side line of Washington Street, thence continuing southwesterly on said easterly side line of Washington Street, a distance of 523.91 feet, to a point of curve in said easterly side line of Washington Street, thence southerly and southeasterly on said easterly side line of Washington Street on a curve to the left with a radius of 26.10 feet, a distance of 27.22 feet, to the point of intersection of said easterly side line of Washington Street and the northeasterly side line of Summer Street, thence northwesterly on said northeasterly side line of Summer Street, a distance of 80.0 feet to the point of beginning as shown on three plans on file in the office of the Town Clerk, Arlington, Mass., one entitled: "Sheet 1. Plan and Profile of Washington Street, Brattle Heights, Arlington, Horizontal scale, 40 feet to an inch, Vertical scale, 6 feet to an inch, May, 1917, Ernest W. Branch, Civil Engineer, Boston, Quincy"; one entitled: "Sheet 2, Plan and Profile of Washington (same as previous title)"; the other entitled: "Plan and Profile of Washington Street Ext., Arlington, Mass., as petitioned for by Neil McIntosh, Jr., Trustee, showing proposed lines and grades, Scale: Hor. 1″=40′, Vert. 1″=6′, April, 1914, C. H. Gannett, C. E., 53 State St., Boston."

Article 25. To see if the Town will accept the laying out of town ways from Winnick Place to Orchard Terrace, substantially in the location of the private ways known as Sherborn Street and Webcowet Road, as made and reported by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said ways as so laid out are bounded and described as follows:

Beginning at a point on the northwesterly side line of Sherborn Street at the end of the present accepted portion of Sherborn Street, thence northeasterly on said northwesterly side line of Sherborn Street, a distance of 100.21 feet to a point of curve in said northwesterly side line of Sherborn Street, thence continuing northeasterly on said northwesterly side line of Sherborn Street, on a curve to the left with a radius of 200.0 feet, a distance of 63.26 feet to a point of tangency in the northwesterly side line of Webcowet Road, thence continuing northeasterly on said northwesterly side line of Webcowet Road, a distance of 173.75 feet, to the present accepted portion of Webcowet Road, thence southeasterly by said present accepted portion of Webcowet Road, a distance of 40.13 feet to the southeasterly side line of Webcowet Road, thence southwesterly on said southeasterly side line of Webcowet Road, a distance of 215.09 feet to an angle point in said southeasterly side line of Webcowet Road, thence continuing southwesterly across said Webcowet Road and on the southeasterly side line of Sherborn Street a distance of 152.95 feet to the present accepted portion of Sherborn Street, thence northwesterly by said present accepted portion of Sherborn Street, a distance of 42.42 feet to the point of beginning as shown on two plans on file in the office of the Town Clerk, Arlington, Mass., one entitled: "Plan and Profile of Sherborn St., Arlington, Mass., May, 1913, James Adam, C. E., 309 Washington St., Boston," the other entitled: "Plan of Webcowet Road, petitioned for by L. K. Russell, showing proposed lines and grades, made by C. H. Gannett, C. E., Scale 40′ and 6′ = 1″, July 18, 1908."

Article 26. To see if the Town will make an appropriation under the provisions of law authorizing the assessment of betterments, for the original construction of public ways in the Town, the laying out of which is accepted at this meeting, including land damages and the cost of pavement and sidewalks laid at the time of said

construction; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 27. To see if the Town will authorize the acquisition by purchase, eminent domain or otherwise, of any land, easements or rights therein, including an easement or easements in land adjoining the location of any or all public ways, the laying out of which is accepted at this meeting, consisting of a right to have the land of the location protected by having the surface of such adjoining land slope from the boundary of the location; make an appropriation for such acquisition; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 28. To see if the Town will accept the alteration of the way known as Franklin Street under the provisions of law authorizing the assessment of betterments, or otherwise, from a point on the westerly side of said Franklin Street distant nineteen and 33/100 (19.33) feet northeasterly from its intersection with the northerly side line of Broadway to a point on said Broadway distant nineteen and 33/100 (19.33) feet northwesterly from said intersection in said Town, as made and reported by the Joint Board of Selectmen and Board of Public Works; make an appropriation for said alteration and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said portion of said way as so altered is bounded and described as follows:

Beginning at a point on the northeasterly side line of Broadway, said point being 41.33 feet northwest of the point of intersection of said northeasterly side line of Broadway and the southeasterly side line of Franklin Street, thence northwesterly on said northeasterly side

line of Broadway, a distance of 19.33 feet to the point of intersection of said northeasterly side line of Broadway and the northwesterly side line of Franklin Street, thence easterly and northeasterly on said northwesterly side line of Franklin Street on a curve to the left with a radius of 25.0 feet, a distance of 32.91 feet to a point of tangency in said northwesterly side line of Franklin Street, thence southwesterly on said northwesterly side line of Franklin Street extended, a distance of 19.33 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled: "Plan showing proposed alteration of Franklin Street, Arlington, Mass., Scale 1″=20′, Jan., 1931, James M. Keane, Town Engineer."

Article 29. To see if the Town will accept the alteration of the way known as Massachusetts Avenue under the provisions of law authorizing the assessment of betterments, or otherwise, from Burton Street to a point on the southerly side of said Massachusetts Avenue southeasterly approximately ninety-five (95) feet and from Burton Street northwesterly approximately one hundred eighty-three (183) feet in said Town, as made and reported by the Joint Board of Selectmen and Board of Public Works; make an appropriation for said alteration and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said portion of said way as so altered is bounded and described as follows:

Beginning at a stone bound at a point of curve on the southerly side line of Mass. Avenue east of Burton Street, thence northwesterly and westerly on said southerly side line of Mass. Avenue on a curve to the left with a radius of 244.84 feet, a distance of 152.75 feet to a stone bound at a point of tangency in said southerly side line

of Mass. Avenue, thence continuing westerly on said southerly side line of Mass. Avenue, a distance of 86.05 feet to a point on said southerly side line of Mass. Avenue, thence easterly and southeasterly on a curve to the right with a radius of 511.68 feet, a distance of 319.22 feet to a point on said southerly side line of Mass. Avenue, thence northwesterly on said southerly side line of Mass. Avenue, a distance of 86.05 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled: "Plan showing proposed alteration of Massachusetts Avenue, Arlington, Mass., Scale 1″ = 20′, Dec., 1930, James M. Keane, Town Engineer."

Article 30. To see if the Town will accept the alteration of the way known as Mill Street under the provisions of law authorizing the assessment of betterments, or otherwise, from Summer Street to a point on the westerly side of said Mill Street southwesterly approximately fifty (50) feet in said Town, as made and reported by the Joint Board of Selectmen and Board of Public Works; make an appropriation for said alteration and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said portion of said way as so altered is bounded and described as follows:

Beginning at a stone bound at the point of intersection of the southwesterly side line of Summer Street and the northwesterly side line of Mill Street, thence southeasterly and southerly on said northwesterly side line of Mill Street on a curve to the right with a radius of 20.66 feet, a distance of 30.91 feet to a point of tangency in said northwesterly side line of Mill Street, thence southwesterly on said northwesterly side line of Mill Street, a distance of 31.16 feet to a point on said northwesterly side line of Mill Street, thence northerly and northwesterly on the proposed westerly side line of

Mill Street, on a curve to the left with a radius of 53.87 feet, a distance of 80.61 feet to the southwesterly side line of Summer Street, thence southeasterly on said southwesterly side line of Summer Street, a distance of 31.16 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled: "Plan showing proposed alteration of Mill Street, Arlington, Mass., Scale 1″=20′, Dec., 1930, James M. Keane, Town Engineer."

Article 31. To see if the Town will accept the establishment of a building line along the southwesterly side of the way known as Jason Street, from a point on the southerly building line of Mass. Avenue, 24.50 feet west of the point of intersection of said southerly building line of Mass. Avenue and the westerly side line of Jason Street extended to a point on said westerly side line of Jason Street, 55.04 feet south of said point of intersection, as made and reported by the Joint Board of Selectmen and Board of Public Works; establish said line; make an appropriation therefor, including damages; determine in what manner the money shall be raised; or take any action relating thereto.

Said line as so established is described as follows:

Beginning at a point on the westerly side line of Jason Street said point being 55.04 feet southwest of the point of intersection of said westerly side line of Jason Street and the southerly building line of Mass. Avenue, thence northeasterly and northerly on said building line of Jason Street on a curve to the left with a radius of 104.36 feet, a distance of 35.12 feet to a point of compound curve in said building line of Jason Street, thence northerly and northwesterly on said building line of Jason Street on a curve to the left with a radius of 22.0 feet, a distance of 15.93 feet to a point of compound curve in said building line of Jason Street, thence north-

westerly and westerly on said building line of Jason Street on a curve to the left with a radius of 9.0 feet, a distance of 7.54 feet to the point of intersection of said building line of Jason Street and the southerly building line of Mass. Avenue, said point being 24.50 feet west of the point of intersection of said southerly building line of Mass. Avenue and the westerly side line of Jason Street, as shown by a red line on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled; "Plan showing proposed building line on Jason Street, Arlington, Mass., Scale 1″ = 20′, Jan., 1931, James M. Keane, Town Engineer."

Article 32. To see if the Town will accept the establishment of a building line along the northeasterly side of the way known as Mill Street, from a point on the northerly building line of Mass. Ave., 50.05 feet east of the point of intersection of said northerly building line of Mass. Ave. and the easterly side line of Mill Street extended to a point on said easterly side line of Mill Street, 125.57 feet north of said point of intersection, as made and reported by the Joint Board of Selectmen and Board of Public Works; establish said line; make an appropriation therefor, including damages; determine in what manner the money shall be raised; or take any action relating thereto.

Said line as so established is described as follows:

Beginning at a point on the easterly side line of Mill Street, said point being 125.57 feet north of the point of intersection of said easterly side line of Mill Street extended and the northerly building line of Mass. Avenue, thence southerly on said building line of Mill Street on a curve to the left with a radius of 123.74 feet, a distance of 39.64 feet to a point of tangency in said building line of Mill Street, thence continuing southerly on said building line of Mill Street, a distance of 76.23 feet to a point

of curve in said building line of Mill Street, thence southeasterly on said building line of Mill Street on a curve to the left with a radius of 20.71 feet, a distance of 25.97 feet to the point of intersection of said building line of Mill Street and the northerly building line of Mass. Avenue, said point being 50.0 feet east of the point of intersection of said northerly building line of Mass. Avenue, and the easterly side line of Mill Street extended, as shown by a red line on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled: "Plan showing proposed building line on Mill Street, Arlington, Mass., Scale 1″ =20′, Jan., 1931, James M. Keane, Town Engineer."

Article 33. To see if the Town will accept the establishment of a building line along the southeasterly side of the way known as River Street, from Warren Street to Mystic River Parkway, as made and reported by the Joint Board of Selectmen and Board of Public Works; establish said line; make an appropriation therefor, including damages; determine in what manner the money shall be raised; or take any action relating thereto.

Said line as so established is described as follows:

Proposed Building Line on the southeasterly side of River Street.

Beginning at a point on the northeasterly side line of Warren Street 10.23 feet southeast of the intersection of said northeasterly side line of Warren Street and the southeasterly side line of River Street, thence northeasterly 1589.97 feet to the southwesterly side line of Decatur Street, said line being 10.0 feet southeasterly of and parallel to the present existing southeasterly side line of River Street, as shown by a red line on two plans on file in the office of the Town Clerk, Arlington, Mass., both entitled: "Plan showing proposed building line on River

Street, Arlington, Mass., Scale 1″ = 40′, January, 1931, James M. Keane, Town Engineer."

Article 34. To see if the Town will accept the establishment of exterior lines of a way from Massachusetts Avenue to property of the Boston & Lowell Railroad in the location shown upon the plan hereinafter mentioned, as made and reported by the Joint Board of Selectmen and Board of Public Works; make an appropriation therefor including damages; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Said lines as so established are more particularly described as follows:

Beginning at the point of intersection of the northeasterly side line of Peirce Street and the northwesterly side line of Clark Street, thence northeasterly on said northwesterly side line of Clark Street, a distance of 216.50 feet to a point of curve in said northwesterly side line of Clark Street, thence continuing northeasterly on said northwesterly side line of Clark Street on a curve to the right with a radius of 630.92 feet, a distance of 139.43 feet to a point of reverse curve in said northwesterly side line of Clark Street, thence continuing northeasterly and northerly on said northwesterly side line of Clark Street on a curve to the left with a radius of 30.06 feet, a distance of 60.80 feet to the intersection of said northwesterly side line of Clark Street and the southwesterly side line of Forest Street Place, thence southeasterly and southerly on said southwesterly side line of Forest Street Place on a curve to the right with a radius of 140.40 feet, a distance of 128.60 feet to the intersection of said southwesterly side line of Forest Street Place, the westerly side line of Forest Street and the southeasterly side line of Clark Street, thence westerly and southwesterly on said southeasterly side line of Clark Street on a curve to the left with a radius of 28.58 feet, a distance of 58.28

feet to a point of compound curve in said southeasterly side line of Clark Street, thence continuing southwesterly on said southeasterly side line of Clark Street on a curve to the left with a radius of 590.92 feet, a distance of 133.36 feet to a point of tangency in said southeasterly side line of Clark Street, thence continuing southwesterly on said southeasterly side line of Clark Street, a distance of 219.59 feet to the intersection of said southeasterly side line of Clark Street and the northeasterly side line of Peirce Street, thence northwesterly on said northeasterly side line of Peirce Street, a distance of 40.11 feet to the point of beginning, all as shown on a plan marked "Plan Showing Proposed Exterior Lines of Clark Street, Arlington, Mass., Scale 1″ = 40′, Jan. 1931, James M. Keane, Town Engineer" and filed in the office of the Town Clerk of said Arlington.

Article 35. To see if the Town will accept the establishment of exterior lines of a way from Rhinecliff Street to Charlton Street in the location shown upon the plan hereinafter mentioned, as made and reported by the Joint Board of Selectmen and Board of Public Works; make an appropriation therefor including damages; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Said lines as so established are more particularly described as follows:

Beginning at the point of intersection of the westerly side line of Rhinecliff Street and the northerly side line of Dow Avenue, said point being 44.83 feet south of the southerly side line of Day Street extended, thence southerly on said westerly side line of Rhinecliff Street, a distance of 91.23 feet to an angle point in said westerly side line of Rhinecliff Street, thence continuing southerly on said westerly side line of Rhinecliff Street, a distance of 64.15 feet, to an angle point in said westerly side line of

Rhinecliff Street, thence continuing southerly on said westerly side line of Rhinecliff Street, a distance of 12.27 feet to the intersection of said westerly side line of Rhinecliff Street and the southerly side line of Dow Avenue, thence northwesterly and westerly on said southerly side line of Dow Avenue on a curve to the left with a radius of 10.0 feet, a distance of 17.73 feet to a point of tangency in said southerly side line of Dow Avenue, thence continuing westerly on said southerly side line of Dow Avenue, a distance of 160.96 feet to a point of curve in said southerly side line of Dow Avenue, thence continuing westerly on said southerly side line of Dow Avenue on a curve to the left with a radius of 1278.72 feet, a distance of 79.97 feet to a point of reverse curve, thence continuing westerly on said southerly side line of Dow Avenue on a curve to the right with a radius of 1278.72 feet, a distance of 79.97 feet to a point of tangency in said southerly side line of Dow Avenue, thence continuing westerly on said southerly side line of Dow Avenue, a distance of 312.07 feet to a point on said southerly side line of Dow Avenue, thence northerly across said Dow Avenue, a distance of 50.48 feet to the northerly side line of Dow Avenue, thence easterly on said northerly side line of Dow Avenue, a distance of 308.16 feet to a point of curve in said northerly side line of Dow Avenue, thence northeasterly on said northerly side line of Dow Avenue on a curve to the left with a radius of 630.47 feet, a distance of 294.52 feet to a point of tangency in said northerly side line of Dow Avenue, thence continuing northeasterly on said northerly side line of Dow Avenue a distance of 45.21 feet to a point of curve in said northerly side line of Dow Avenue, thence continuing northwesterly on said northerly side line of Dow Avenue, on a curve to the left with a radius of 25.0 feet, a distance of 27.60 feet to the point of beginning, all as shown on a plan marked "Plan Showing Proposed Exterior Lines of Dow Avenue, Arlington, Mass., Scale 1″ =40′, January, 1931, James M. Keane, Town Engineer" and filed in the office of the Town Clerk of said Arlington.

Article 36. To see if the Town will accept the establishment of exterior lines of a way from Spring Avenue to Murray Street in the location shown upon the plan hereinafter mentioned, as made and reported by the Joint Board of Selectmen and Board of Public Works; make an appropriation therefor including damages; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Said lines as so established are more particularly described as follows:

Beginning at the point of intersection of the northwesterly side line of Irwin Road and the northeasterly side line of Murray Street extended, thence northeasterly on said northwesterly side line of Irwin Road, a distance of 90.34 feet to an angle point in said northwesterly side line of Irwin Road, thence continuing northeasterly on said northwesterly side line of Irwin Road, a distance of 211.32 feet to a point of curve in said northwesterly side line of Irwin Road, thence continuing northeasterly and northerly on said northwesterly side line of Irwin Road on a curve to the left with a radius of 25.47 feet, a distance of 43.53 feet to the intersection of said northwesterly side line of Irwin Road and the southwesterly side line of Spring Avenue, thence southeasterly on said southwesterly side line of Spring Avenue a distance of 24.26 feet to an angle point in said southwesterly side line of Spring Avenue, thence continuing southeasterly on said southwesterly side line of Spring Avenue, a distance of 75.29 feet to the intersection of said southwesterly side line of Spring Avenue and the southeasterly side line of Irwin Road, thence westerly and southwesterly on said southeasterly side line of Irwin Road on a curve to the left with a radius of 35.0 feet, a distance of 49.32 feet to a point of tangency in said southeasterly side line of Irwin Road, thence continuing southwesterly on said southeasterly side line of Irwin Road, a distance of 216.78 feet to an

angle point in said southeasterly side line of Irwin Road, thence continuing southwesterly on said southeasterly side line of Irwin Road, a distance of 89.62 feet to the intersection of said southeasterly side line of Irwin Road and the northeasterly side line of Murray Street extended, thence northwesterly on said northeasterly side line of Murray Street extended, a distance of 40.0 feet to the point of beginning, all as shown on a plan marked "Plan Showing Proposed Exterior Lines of Irwin Road, Scale: 1″ = 40′, Jan. 1931, James M. Keane, Town Engineer," and filed in the office of the Town Clerk of said Arlington.

Article 37. To see if the Town will accept the establishment of exterior lines of a way from Overlook Road to Washington Street in the location shown upon the plan hereinafter mentioned, as made and reported by the Joint Board of Selectmen and Board of Public Works; make an appropriation therefor including damages; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Said lines as so established are more particularly described as follows:

Beginning at the point of intersection of the northwesterly side line of Overlook Road and the southwesterly side line of Pheasant Avenue, thence northerly and northwesterly on a curve to the left with a radius of 10.0 feet, a distance of 15.71 feet to a point of tangency, in said southwesterly side line of Pheasant Avenue, thence northwesterly on said southwesterly side line of Pheasant Avenue, a distance of 238.92 feet to a point of curve on said southwesterly side line of Pheasant Avenue, thence westerly and southerly on said southwesterly side line of Pheasant Avenue on a curve to the left with a radius of 24.30 feet, a distance of 60.05 feet to the intersection of said southwesterly side line of Pheasant Avenue and the

easterly side line of Washington Street, thence northerly on said easterly side line of Washington Street, a distance of 188.46 feet to the intersection of said easterly side line of Washington Street and the northeasterly side line of Pheasant Avenue, thence southerly and southeasterly on said northeasterly side line of Pheasant Avenue on a curve to the left with a radius of 156.0 feet, a distance of 104.60 feet to a point of tangency on said northeasterly side line of Pheasant Avenue, thence continuing southeasterly on said northeasterly side line of Pheasant Avenue, a distance of 305.85 feet to a point of curve on said northeasterly side line of Pheasant Avenue, thence southeasterly and easterly on said northeasterly side line of Pheasant Avenue on a curve to the left with a radius of 10.0 feet, a distance of 14.55 feet to the intersection of said northeasterly side line of Pheasant Avenue and the northwesterly side line of Overlook Road, thence southwesterly on said northwesterly side line of Overlook Road, a distance of 8.90 feet to an angle point at the intersection of said northwesterly side line of Overlook Road, and the northeasterly side line of Pheasant Avenue extended, thence continuing southwesterly on said northwesterly side line of Overlook Road, a distance of 50.0 feet to the point of beginning, all as shown on a plan marked "Plan Showing Proposed Exterior Lines of Pheasant Avenue, Arlington, Mass., Scale 1″ = 40′, January 1931, James M. Keane, Town Engineer," and filed in the office of the Town Clerk of said Arlington.

Article 38. To see if the Town will accept the establishment of exterior lines of a way from Dennett Road to Pine Ridge Road in the location shown upon the plan hereinafter mentioned, as made and reported by the Joint Board of Selectmen and Board of Public Works; make an appropriation therefor including damages; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Said lines as so established are more particularly described as follows:

Beginning at the point of intersection of the northwesterly side line of Dennett Road and the northeasterly side line of Spring Avenue, thence southwesterly on said northwesterly side line of Spring Avenue, a distance of 90.72 feet to the intersection of said northwesterly side line of Dennett Road and the southwesterly side line of Spring Avenue, thence northerly and northwesterly on said southwesterly side line of Spring Avenue on a curve to the left with a radius of 25.0 feet, a distance of 42.42 feet to a point of tangency in said southwesterly side line of Spring Avenue, thence continuing northwesterly on said southwesterly side line of Spring Avenue, a distance of 234.10 feet to an angle point in said southwesterly side line of Spring Avenue, thence continuing northwesterly on said southwesterly side line of Spring Avenue, a distance of 199.13 feet, to the southeasterly side line of Pine Ridge Road, thence northeasterly on said southeasterly side line of Pine Ridge Road, a distance of 40.38 feet to the northeasterly side line of Spring Avenue, thence southeasterly on said northeasterly side line of Spring Avenue, a distance of 193.16 feet to an angle point in said northeasterly side line of Spring Avenue, thence continuing southeasterly on said northeasterly side line of Spring Avenue, a distance of 245.04 feet to a point of curve in said northeasterly side line of Spring Avenue, thence southeasterly and easterly on said northeasterly side line of Spring Avenue on a curve to the left with a radius of 25.0 feet, a distance of 36.12 feet to the point of beginning, all as shown on a plan marked: "Plan Showing Proposed Exterior Lines of Spring Avenue, Scale 1″ = 40′, Jan., 1931, James M. Keane, Town Engineer," and filed in the office of the Town Clerk of said Arlington.

Article 39. To see if the Town will accept the establishment of exterior lines of a way from Pleasant Street

to the Belmont Town Line in the location shown upon the plan hereinafter mentioned, as made and reported by the Joint Board of Selectmen and Board of Public Works; make an appropriation therefor including damages; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Said lines as so established are more particularly described as follows:

Beginning at the Arlington-Belmont Town Bound at the intersection of the northwesterly side line of Pleasant Street and the northeasterly side line of Lake Street extended, thence southwesterly on said northwesterly side line of Pleasant Street, a distance of 96.19 feet to the intersection of said northwesterly side line of Pleasant Street and the southwesterly side line of Spring Street, thence northerly and northwesterly on said southwesterly side line of Spring Street on a curve to the left with a radius of 40.0 feet, a distance of 68.18 feet to a point of compound curve on said southwesterly side line of Spring Street, thence continuing northwesterly on said southwesterly side line of Spring Street on a curve to the left with a radius of 1019.14 feet, a distance of 182.04 feet to a point of tangency on said southwesterly side line of Spring Street, thence continuing northwesterly on said southwesterly side line of Spring Street, a distance of 50.48 feet to a stone bound at the intersection of said southwesterly side line of Spring Street and the Arlington-Belmont Town line, thence northerly and northwesterly on said Arlington-Belmont Town line, a distance of 155.3 feet, more or less, to the intersection of said Arlington-Belmont Town line and the northeasterly side line of Spring Street, thence southeasterly on said northeasterly side line of Spring Street, a distance of 182.61 feet to a point of curve on said northeasterly side line of Spring Street, thence continuing southeasterly on said northeasterly side line of Spring Street, on a curve to the right

with a radius of 1099.14 feet, a distance of 196.33 feet to a point of tangency on said northeasterly side line of Spring Street, thence continuing southeasterly on said north easterly side line of Spring Street, a distance of 25.52 feet to a point of curve on said northeasterly side line of Spring Street, thence continuing southeasterly and easterly on said northeasterly side line of Spring Street on a curve to the left with a radius of 30.0 feet, a distance of 45.58 feet to the intersection of said northeasterly side line of Spring Street and the northwesterly side line of Pleasant Street, thence southwesterly on said northwesterly side line of Pleasant Street, a distance of 58.53 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., Entitled: "Plan Showing Proposed Exterior Lines of Spring Street, Arlington, Mass., Scale 1″ = 40′, January, 1931, James M. Keane, Town Engineer."

Article 40. To see if the Town will accept the establishment of exterior lines of a way from the Boston & Maine Railroad to land of Wyman in the location shown upon the plan hereinafter mentioned, as made and reported by the Joint Board of Selectmen and Board of Public Works; make an appropriation therefor including damages; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Said lines as so established are more particularly described as follows:

Beginning at a stone bound at a point of curve in the southerly side line of Spy Pond Parkway, said point being at the division line between lot No. 14 and lot No. 27, thence southwesterly on said southerly side line of Spy Pond Parkway, on a curve to the right with a radius of 346.0 feet, a distance of 118.21 feet to a point of tangency at the intersection of said southerly side line of Spy Pond Parkway and the southerly side line of Princeton Road, thence westerly on said southerly side line of Princeton

Road, a distance of 394.98 feet to a point on said southerly side line of Princeton Road, thence northerly across said Princeton Road, a distance of 40.06 feet to the northerly side line of Princeton Road, thence easterly on said northerly side line of Princeton Road, a distance of 25.54 feet to the intersection of said northerly side line of Princeton Road, and the westerly side line of Spy Pond Parkway, thence northeasterly, northerly and northwesterly on said westerly side line of Spy Pond Parkway on a curve to the left with a radius of 80.0 feet, a distance of 156.29 feet to a point of tangency in said westerly side line of Spy Pond Parkway, thence continuing northwesterly on said westerly side line of Spy Pond Parkway, a distance of 56.75 feet to a point on said westerly side line of Spy Pond Parkway, thence northeasterly across said Spy Pond Parkway, a distance of 60.0 feet to the easterly side line of Spy Pond Parkway, thence southeasterly, easterly and northeasterly on said easterly side line of Spy Pond Parkway, thence becoming the southerly side line of Spy Pond Parkway on a curve to the left with a radius of 286.0 feet, a distance of 606.75 feet, more or less, to a point on said northerly side line of Spy Pond Parkway, thence southeasterly across said Spy Pond Parkway, a distance of 115.0 feet, more or less, to the southerly side line of Spy Pond Parkway, thence southwesterly on said southerly side line of Spy Pond Parkway, a distance of 184.10 feet to the point of beginning, all as shown on a plan marked "Plan Showing Proposed Exterior Lines of Spy Pond Parkway and Princeton Road, Arlington, Mass. Scale 1″=40′, January, 1931, James M. Keane, Town Engineer" and filed in the office of the Town Clerk of said Arlington.

Article 41. To see if the Town will vote to appropriate an additional sum of five hundred ($500) dollars for the use of the Districting Board; determine in what manner the money shall be raised; or take any action relating thereto.

Article 42. To see if the Town will acquire by purchase, eminent domain, or otherwise, for the purpose of a public playground and recreation center, all or any portion or portions of the land within the Town, any interests or easements therein and any rights or easements of way or otherwise as appurtenant thereto, and subject to or with any reservations of any rights or easements therein, bounded and described as follows:

Description of land on Summer Street proposed to be taken by Park Commissioners for entrance to Warren A. Peirce Playground.

Beginning at a point on the southerly side line of Summer Street, said point being 10.0 southeasterly from a stone bound at a point of curve in said southerly side line of Summer Street, thence southeasterly on said southerly side line of Summer Street on a curve to the left with a radius of 552.35 feet, a distance of 95.40 feet to land of the Boston & Lowell Railroad Company, thence southwesterly by said land of the Boston & Lowell Railroad Company a distance of 4.85 feet to other land of the Boston & Lowell Railroad Company, thence northwesterly by said other land of the Boston & Lowell Railroad Company, a distance of 107.92 feet to a point, thence northeasterly through lot No. 1 a distance of 42.0 feet, more or less, to the point of beginning, containing 2222 square feet, more or less, being the southeasterly portion of lot No. 1 as shown on a plan on file in the office of the Town Engineer, Arlington, Mass., entitled "Plan Showing Proposed Taking of Land For Park Commissioners in Arlington, Mass., Scale 1″ =20′, Dec. 2, 1930, James M. Keane, Town Engineer";

make an appropriation therefor; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Board of Park Commissioners.)

Article 43. To see if the Town will transfer for the purpose of a public playground and recreation center all or any portion or portions of the land within the Town acquired by the town for school purposes, any interests or easements therein, and any rights or easements of way, or otherwise as appurtenant thereto and subject to or with any reservations of any rights or easements therein, bounded and described as follows:

Parcel A to be transferred to the Park Department.

Beginning at a point at the intersection of the division lines between the land of Park Department and School Department, thence North 56°-01′-30″ East on said division line, a distance of 195.45 feet to a point on said division line, thence South 29°-08′-30″ West on the division line between land of the School Department and Frost Insecticide Company, a distance of 199.02 feet to a point on said division line, thence North 45°-15′ West through land of the School Department a distance of 91.76 feet to the point of beginning, containing 8795 square feet.

As shown on a plan on file in the office of the Town Engineer, Arlington, Mass., entitled: Plan of land in Arlington, Mass., showing parcels proposed to be taken and transferred by the School and Park Departments, Scale 1″ = 50′, Jan. 10, 1931, James M. Keane, Town Engineer;

make an appropriation therefor; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the School Committee and Park Commissioners.)

Article 44. To see if the Town will acquire by purchase, eminent domain, or otherwise, for school purposes, all or any portion or portions of the land within the Town,

any interests or easements therein and any rights or easements of way or otherwise as appurtenant thereto, and subject to or with any reservations of any rights or easements therein, bounded and described as follows:

Parcel B to be taken from Frost Insecticide Company.

Beginning at the intersection of the division lines between land of School Department, H. K. Noyes and Son, Inc., and Frost Insecticide Company, thence North 29°-08′-30″ East on the division line between land of School Department and Frost Insecticide Company, a distance of 218.72 feet to a point on said division line, thence South 45°-15′ East through said land of Frost Insecticide Company, a distance of 43.75 feet, thence South 40°-39′-04″ West through said land of Frost Insecticide Company, a distance of 211.20 feet to the point of beginning, containing 4608 sq. ft.

As shown on a plan on file in the office of the Town Engineer, Arlington, Mass., entitled: Plan of land in Arlington, Mass., showing parcels proposed to be taken and transferred by the School and Park Departments, Scale 1″ = 50′, Jan. 10, 1931, James M. Keane, Town Engineer;

make an appropriation therefor; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the School Committee.)

Article 45. To see if the Town will acquire by purchase, eminent domain, or otherwise, for the purpose of a public playground or recreation center, all or any portion, or portions of the parcel of land within the Town, or any interests or easements therein and any rights or easements of way or otherwise as appurtenant thereto,

and subject to or with any reservations of any rights or easements therein, bounded and described as follows:

Parcel C to be taken by the Park Department from Frost Insecticide Company.

Beginning at the intersection of the division lines between the "Warren A. Peirce" playground, land of David Buttrick Company and land of Frost Insecticide Company, thence south 35°-50′-30″ East on the division line between land of David Buttrick Company and Frost Insecticide Company, a distance of 83.44 feet, thence South 40°-39′-04″ West through said land of Frost Insecticide Company, a distance of 186.71 feet, thence North 45°-15′ West through said land of Frost Insecticide Company, a distance of 43.75 feet to the division line between land of School Department and Frost Insecticide Company, thence North 29°-08′-30″ East on said division line, a distance of 199.02 feet to the division line between said playground and Frost Insecticide Company, thence North 56°-01′-30″ East on said division line, a distance of 8.36 feet to the point of beginning, containing 12,323 square feet;

Parcel D to be taken by the Park Department from the David Buttrick Company.

Beginning at the intersection of the division lines between the "Warren A. Peirce" playground, David Buttrick Company and the Frost Insecticide Company, thence North 56°-01′-30″ East on the division line between said playground and David Buttrick Company, a distance of 306.03 feet to land of Boston & Maine Railroad, thence South 40°-39′-04″ West through land of David Buttrick Company, a distance of 314.57 feet to the division line between land of David Buttrick Company and Frost Insecticide Company, thence North 35°-50′-30″ West on said division line a distance of 83.44 feet to the point of beginning, containing 12,761 square feet.

All as shown on a plan on file in the office of the Town Engineer, Arlington, Mass., entitled: Plan of land in Arlington, Mass., showing parcels proposed to be taken and transferred by the School and Park Departments, Scale 1″ = 50′, Jan. 10, 1931, James M. Keane, Town Engineer;

make an appropriation therefor; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the School Committee and Park Commissioners.)

Article 46. To see if the Town will make an appropriation for the improvement, development, or use of the Warren A. Peirce Playground; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Park Commissioners and School Committee.)

Article 47. To see if the Town will authorize the acquisition by purchase, eminent domain or otherwise, for school purposes, a parcel or parcels of land containing about three acres, more or less, situated in the Town of Arlington within the area bounded by the Boston & Maine tracks, the Cambridge line, the Belmont line, Spy Pond and Lake Street; make an appropriation or appropriations for such acquisition; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Committee on Additional School Accommodations.)

Article 48. To see if the Town will authorize the acquisition by purchase, eminent domain or otherwise, for school purposes, of all or any portion or portions of a certain parcel or parcels of land situated in the Town

of Arlington, containing five acres more or less, within the area bounded by Summer Street, Hospital Road, a line from Hospital Road to the Winchester line at Hutchinson Road, the Winchester line, and Mystic Street; make an appropriation or appropriations for such acquisition; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Committee on Additional School Accommodations.)

Article 49. To see if the Town will authorize the acquisition by purchase, eminent domain or otherwise, for park purposes, of all or any portion of a parcel of land situated in said Arlington, and bounded and described as follows:

Beginning at the point of intersection of the center line of Lakehill Avenue and easterly property line of land now or formerly of the Metropolitan Ice Company, thence northeasterly on said property line a distance of 66.31 feet, more or less, to land now or formerly of John Lyons, thence northwesterly by said land now or formerly of John Lyons, a distance of 63.6 feet to a point, thence southwesterly a distance of 39.5 feet, more or less, to a point at remaining part of Lot D, thence southerly by said remaining part of Lot D, a distance of 65 feet, more or less, to the point of beginning containing about 3371 square feet as shown on a plan on file at the Town Engineer's office, Arlington, Mass., entitled "Plan Showing Proposed Exterior Lines of Spy Pond Parkway and Princeton Road, Arlington, Mass., Scale 1″ =40′, January, 1931, James M. Keane, Town Engineer";

make an appropriation for such acquisition; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Planning Board.)

Article 50. To see if the Town will authorize the acquisition by purchase, eminent domain or otherwise, for park purposes, of all or any portion of a parcel or parcels of land situated in said Arlington, and bounded as follows: Northerly by the southerly side of Linwood Street extended, easterly by land of the Boston & Lowell Railroad Company, southerly by land, now or formerly of John Lyons, and westerly by Spy Pond, said parcel or parcels containing 2.0017 acres, more or less; make an appropriation for such acquisition; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Planning Board.)

Article 51. To see if the Town will authorize the acquisition by purchase, eminent domain or otherwise, for park purposes, of all or any portion of a parcel or parcels of land, situated in said Arlington, and bounded as follows: Westerly by land of the Commonwealth, northwesterly by Spy Pond, northerly and easterly by land now or formerly of Franklin and Daniel Wyman, and southerly by Lake Street; make an appropriation for such acquisition; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Planning Board.)

Article 52. To see if the Town will make an appropriation for additional fire apparatus; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 53. To see if the Town will vote to expend the sum of five hundred dollars ($500) or any other sum, under the direction of the Board of Park Commissioners for the purpose of flooding the Crosby School Playground for skating during the winter months; or take any action thereon.

(Inserted at the request of more than ten (10) registered voters.)

Article 54. To see if the Town will appropriate the sum of one thousand ($1,000) dollars or any other sum, to be used by the Board of Park Commissioners to provide suitable skating facilities at the Heights, Center and East sections of the Town; determine in what manner the money shall be raised; or take any action relating thereto.

(Inserted at the request of more than ten (10) registered voters.)

Article 55. To see if the Town will make an appropriation for the supervision of school playgrounds outside of school hours, to be expended under the direction of the School Committee; or take any action relating thereto.

(Inserted at the request of the School Committee.)

Article 56. To see if the Town will vote to appropriate the sum of two hundred fifty ($250) dollars or any other sum to print Police Rules and Regulations; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 57. To see if the Town will appropriate the sum of five hundred ($500) dollars or any other sum, to be used in improving the Crusher Lot, so called, situated on Gray Street, the same to be expended under the direction of the Board of Selectmen; determine in what manner the money shall be raised; or take any action relating thereto.

Article 58. To see if the Town will provide for the appointment of a committee of five by the Board of Selectmen, to investigate and study our present form of government; make recommendations for any improvements therein; to report not later than the annual Town meeting in 1932; make an appropriation for the purpose; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of more than ten (10) registered voters.)

Article 59. To see if the Town will amend, alter or revise or take any action relating to the last clause of Section 4—4 of Division 4 of Article XV of the By-Laws of the Town of Arlington, which reads as follows:

"METAL CEILINGS. No metal ceiling of a greater area than sixty-four square feet shall be used in any building," and substituting therefor the following:

METAL CEILINGS. No metal ceiling of a greater area than sixty-four square feet shall be used in any building other than mercantile building of not more than one story in height; or take any other action relating thereto.

(Inserted at the request of more than ten (10) registered voters.)

Article 60. To see if the Town will amend its Zoning By-law by altering the zoning map therein referred to so as to include in a Business District all or any portion of the area bounded and described as follows:

Beginning at a point on the westerly side line of Forest Street one hundred feet south of the southerly corner of Sunset Road Extension, thence southerly on said westerly side line of Forest Street a distance of one hundred and twenty-four and seventy-four hundredths feet to a point of curve on said westerly side line of Forest Street, thence southerly and westerly on a curve to the right with a radius of fifty feet, a distance of one hundred and twenty-seven and eighty hundredths feet to the point of tangent on the westerly side line of Summer Street, thence northwesterly on said northerly side line of Summer Street on a curve to the left with a radius of seven hundred and ninety and thirty-six hundredths feet, a distance of one hundred and thirty-one and sixty-three hundredths feet to a point, thence northerly on a line dividing lots thirty-two and thirty-three a distance of eighty-seven and six tenths feet, thence easterly on the

dividing line between lots thirty-eight and thirty-nine a distance of one hundred feet to the point of beginning; or take any action relating thereto.

(Inserted at the request of more than ten (10) registered voters.)

Article 61. To see if the Town will accept five one thousand ($1,000) dollar Bonds to be invested and reinvested, the income only to be used for the purpose of the purchase of children's books for the Robbins Library, the same to be expended under the direction of Trustees of the Library; or take any action relating thereto.

Article 62. To see if the Town will construct an addition to the new High School building, consisting of class rooms, situated on land of the Town on Massachusetts Avenue; make an appropriation for such construction; appoint Arthur P. Wyman, Hollis M. Gott, and William O. Hauser a committee to have charge of said construction, and to expend the money therefor; determine in what manner the money shall be raised; or take any action relating thereto.

(Inserted at the request of the Committee on Additional School Accommodations.)

Article 63. To see if the Town will vote to appropriate the sum of six thousand ($6,000) dollars or any other sum to connect the class room section "northwest" of the new High School building with the present old High School building; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 64. To see if the Town will make an appropriation or appropriations for the relocation, alteration, widening, and construction of, and specific repairs upon, all or any part of that portion of the way called Massachusetts Avenue, extending from Central Street to Highland Avenue, as now existing or as hereafter relocated,

altered, or widened, including land damages, if any, under the provisions of law authorizing the assessment of betterments or otherwise; determine in what manner the money shall be raised and expended; or take any action in any way relating to all or any of the foregoing.

And you will notify and warn the voters of the Town of Arlington to meet at the times and places herein specified by leaving at every dwelling house in the Town a printed copy of this Warrant, and also by posting a copy of the same at the doors of the Town Hall, and in a conspicuous place in each of the fourteen precincts of the Town, seven days at least prior to the time of said meeting.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, on or before said day and hour of meeting.

Given under our hands, at said Arlington, this twenty-sixth day of January, in the year of our Lord one thousand nine hundred and thirty-one.

ARTHUR P. WYMAN,
HOLLIS M. GOTT,
WILLIAM O. HAUSER,

Selectmen of the Town of Arlington.

CONSTABLE'S RETURN

Arlington, Mass., February 28, 1931.

Middlesex County:

By virtue of this Warrant I have notified and warned the legal voters of the Town of Arlington to meet at the times and places and for the purposes herein named by causing a printed attested copy of the same to be left at every dwelling house in the Town, and by posting an attested copy at the doors of the Town Hall seven days at least before said day of meeting, and by posting attested copies in two or more conspicuous places in each voting precinct in the Town. A notice of the times, places, and objects of the meeting was published in the local papers.

(Signed) CHARLES E. CARROLL,
Constable, Town of Arlington, Mass.

Arlington, March 2, 1931.

In pursuance of the foregoing Warrant the legal voters of the Town of Arlington met in their respective voting places in said Town on Monday, the second day of March, in the year of our Lord one thousand nine hundred and thirty-one, at seven o'clock in the forenoon.

The districting board having redistricted the Town fourteen (14) polling places, were established as follows:

The following places were designated as the voting places for the various precincts: Precinct 1, in the Crosby School Building, entrance on Winter Street; Precincts 2 and 4, in the Hardy School Building, entrance on Lake Street; Precincts 3 and 5, in the Junior High School

Building East, entrance on Tufts Street; Precincts 6 and 8, in the Town Hall; Precincts 7 and 9, in the Russell School Building, Precinct 7, entrance on Medford Street, Precinct 9, entrance on Mystic Street; Precincts 10 and 12, in the Cutter School Building, entrance on School Street; Precinct 11, in the Highland Hose House, entrance on Massachusetts Avenue; Precinct 13, in the Peirce School Building, entrance on Park Avenue North, Heights; Precinct 14, in the Locke School Building, entrance on Paul Revere Road, Heights.

The following election officers, having been duly appointed by the Selectmen, were assigned for duty at the various precincts as follows:

Precinct 1. Herbert B. Kellogg, Warden, 34 Cleveland Street; Jack J. Donaldson, Deputy Warden, 29 Cleveland Street; Percy S. Morine, Clerk, 63 Cleveland Street; Chester E. Smith, Deputy Clerk, 57 Cleveland Street; Marion D. Barnard, Inspector, 61 Cleveland Street; Harriet E. Denvir, Inspector, 78 Cleveland Street; Claire L. Pavey, Deputy Inspector, 30 Cleveland Street; Alice L. Carpenter, Teller, 57 Cleveland Street; Joseph V. Travers, Teller, 42 Cleveland Street; John William Flaherty, Teller, 9 Teel Street Place; Harold F. Baumeister, 29 Cleveland Street.

Precinct 2. Judson F. Easton, Warden, 62 Melrose Street; Frank J. Cusick, Deputy Warden, 93 Melrose Street; Benjamin Murray, Clerk, 10 Milton Street; John C. Irwin, Deputy Clerk, 46 Amsden Street; Joseph A. Gosselin, Inspector, 130 Massachusetts Avenue; M. Joseph Macaulay, Inspector, 84 Fairmont Street; Elsie M. Clouter, Deputy Inspector, 54 Fairmont Street; Joseph H. Cunha, Teller, 95 Melrose Street; Dorothy M. Rafuse, Teller, 34 Fairmont Street; Catherine H. McDonough, Deputy Inspector, 52 Fairmont Street.

Precinct 3. David T. Dale, Warden, 280 Broadway; Joseph P. McConologue, Deputy Warden, 280 Broadway; Mabel Frances Evans, Clerk, 260 Broadway; Harry W. Marden, Inspector, 11 Wyman Street; Carrie M. Fowle, Inspector, 11 Wyman Street; Llewellyn M. Evans, Deputy Clerk, 260 Broadway; Claud J. C. Hamilton, Deputy Inspector, 47 Adams Street; William Lowder, Deputy Inspector, 280 Broadway; C. Marion Hayes, Teller, 128 Broadway; Norman Bronson, Teller, 20 Grafton Street.

Precinct 4. Robert K. Wallace, Warden, 55 Randolph Street; Harry MacKenzie, Deputy Warden, 165 Brooks Avenue; Daniel F. Coughlin, Clerk, 140 Mary Street; Mrs. Elizabeth C. Cain, Deputy Clerk, 39 Orvis Road; Mrs. Gladys Kegler, Inspector, 42 Newcomb Street; Mrs. Laura M. Barry, Inspector, 35 Orvis Road; Donald M. Hollister, Deputy Inspector, 61 Randolph Street; Lawrence J. Krohn, Deputy Inspector, 29 Orvis Road; Cecil M. Hunt, Teller, 55 Lake Street; James E. O'Neil, Teller, 19 Alfred Road.

Precinct 5. Edward D. McCarthy, Warden, 15 Dartmouth Street; William P. O'Connor, Deputy Warden, 15 River Street; Harold C. Kelley, Clerk, 41 Warren Street; James E. Neville, Deputy Clerk, 63 Palmer Street; William F. Canty, Inspector, 33 Beacon Street; Estelle Myerson, Inspector, 15 Dartmouth Street; John B. Halfyard, Deputy Inspector, 24 Dartmouth Street; Clara L. White, Deputy Inspector, 16 Silk Street; Martin J. Walsh, Teller, 37 Cornell Street; Adrienne H. McCarthy, Teller, 75 Warren Street.

Precinct 6. Edward J. Dineen, Warden, 15 Avon Place; Joseph F. H. Ochs, Deputy Warden, 16 Swan Place; Robert P. Cook, Clerk, 21 Addison Street; William H. Moore, Deputy Clerk, 116 Jason Street; George M. Dolan, Inspector, 12 Swan Place; Alice G. Priest, In-

spector, 26 Whittemore Street; Edgar T. Chester, Deputy Inspector, 406 Massachusetts Avenue; Walter D. Kidder, Deputy Inspector, 15 Wellington Street; Edith Marsh, Teller, 61 Norfolk Road; Curtis B. Forbes, Teller, 108 Jason Street; Anna F. Power, Teller, 10 Whittemore Street; Edmund L. Curtis, 404 Massachusetts Avenue.

Precinct 7. William E. Robinson, Warden, 5 Webster Street; Peter F. O'Neill, Jr., Deputy Warden, 111 Medford Street; Ralph S. Stevens, Clerk, 35 Sherborn Street; William N. Gamester, Deputy Clerk, 27 Medford Street; Robert P. Cusack, Inspector, 66 Webster Street; Joseph Donahue, Inspector; 114 Warren Street; Charles T. Perry, Deputy Inspector, 261 Broadway; Albion W. Shaw, Deputy Inspector, 73 Webcowet Road; Olive C. Barry, Teller, 14 Orchard Terrace; Anna F. Buckley, Teller, 135 Medford Street; Wilbur W. Hutchins, 44 Hamlet Street.

Precinct 8. Augustine D. Doyle, Warden, 14 Temple Street; Elmer G. Erickson, 35 Alfred Road; Roger S. Dunbar, Clerk, 56 Jason Street; Harold F. Nazro, Deputy Clerk, 15 Jason Street; Helen F. Doyle, Inspector, 14 Temple Street; Lida B. Brown, Inspector, 36 Highland Avenue; Estella E. Berry, Deputy Inspector, 21 Woodland Street; Annie T. Toner, Deputy Inspector, 26 Highland Avenue; Rose E. Hurley, Teller, 26 Highland Avenue; Stella A. Higgins, Teller, 66 Gloucester Street; M. A. Edwards, 14 Pelham Terrace; Joseph M. Barry, 32 Coleman Road.

Precinct 9. Maurice L. Hatch, Warden, 20 Draper Avenue; Albert K. Peirce, Deputy Warden, 12 Court Street; Joseph P. McGarry, Clerk, 22 Prescott Street; Fred J. Barry, Deputy Clerk, 169 Mystic Street; John M. Hurley, Inspector, 10 Park Terrace; C. Ross Lynch, Inspector, 44 Mystic Street; Mildred S. Hatch, Deputy Inspector, 20 Draper Avenue; Joseph P. Donovan, Deputy Inspector, 58 Mystic Street; Edith H. Collins,

Teller, 24 Kimball Road; Margaret J. MacFarlane, Teller, 10 Russell Street.

Precinct 10. Howard Rowsell, Warden, 10 Revere Street; George H. Shirley, Deputy Warden, 16 Walnut Street; Carl G. Linder, Clerk, 43 Walnut Street; J. Oscar Goguen, Deputy Clerk, 126 Newport Street; Madeline F. Kelley, Inspector, 83 Highland Avenue; Eliza G. Kirsch, Inspector, 48 Walnut Street; Cathryn E. Sibley, Deputy Inspector, 36 Coleman Road; Lottie L. Miller, Deputy Inspector, 66 Walnut Street; Guy W. Beddeos, Teller, 44 Scituate Street; Mary E. Conway, Teller, 78 Newport Street; Chester H. Milliken, 17 Revere Street; Helen M. Flaherty, 241 Gray Street.

Precinct 11. Chester R. Whitman, Warden, 59 Ronald Road; Ernest L. Cooper, Deputy Warden, 18 King Street; George W. Fleming, Clerk, 140 Summer Street; Mary M. Donahue, Deputy Clerk, 923 Massachusetts Avenue; Loretta E. Mahoney, Inspector, 12 Summer Street Avenue; Edna E. Farley, Inspector, 210 Mountain Avenue; Ralph M. Fermoyle, Deputy Inspector, 100 Summer Street Avenue; Roland F. Norton, Deputy Inspector, 26 Mill Street; Ernest L. Norton, Teller, 47 Ronald Road; Robert F. Needham, Teller, 10 Winthrop Road.

Precinct 12. John M. Dunn, Warden, 56 Appleton Street; T. Gordon Smith, Deputy Warden, 3B Harvard Street; Frederick Francis Morris, Clerk, 19 Surry Road; William G. Shea, Deputy Clerk, 25 Surry Road; Cecil B. Cowdrey, Inspector, 23 Howard Street; Louise P. Stinson, Inspector, 51 Appleton Street; Katherine M. Kerr, Deputy Inspector, 12 Harvard Street; Hortense M. Dunn, Deputy Inspector, 56 Appleton Street; Sarah R. Vaughn, Teller, 164 Park Avenue; Conrad W. Mellin, Teller, 29 Fessenden Road.

Precinct 13. Ernest Cavicchi, Warden, 1257 Massachusetts Avenue; Frederick B. Fallon, Deputy Warden, 52 Bow Street; Adrian H. Robinson, Clerk, 91 Westminster Avenue; James M. Sparks, Deputy Clerk, 131 Lowell Street; Sidney C. Hegh, Inspector, 38 Forest Street; Edward A. Curley, Inspector, 1271 Massachusetts Avenue; Maxwell L. Brenton, Deputy Inspector, 46 Park Avenue Extension; Bernard F. Queeney, Deputy Inspector, 10 Sunset Road; Elliott Rowe, Teller, 1279 Massachusetts Avenue; Helen M. White, 1285 Massachusetts Avenue.

Precinct 14. Floyd R. Battis, Warden, 12 West Street; C. Frederic Evans, Deputy Warden, 109 Claremont Avenue; Esther M. Gaddis, Clerk, 214 Wachusett Avenue; Daniel J. Hurley, Deputy Clerk, 236 Appleton Street; John S. Burns, Inspector, 15 Wollaston Avenue; Thomas G. Currie, Inspector, 171 Park Avenue; Gladys M. Carroll, Deputy Inspector, 16 Arnold Street; DeTrafford Smith, Deputy Inspector, 52 Lancaster Road; Mary E. Tinkham, Teller, 14 West Street; Lenora A. Scannell, Teller, 33 Woodbury Street; Margaret A. Healy, 19 Wollaston Avenue; Carlton J. Meade, 137 Florence Avenue.

The foregoing officers were sworn to the faithful performance of their duties. The necessary ballots prepared for each precinct, and all other paraphernalia for the proper conduct of the election, was supplied by the Town Clerk and turned over to the officers of the various precincts.

The polls were declared open in each precinct at seven o'clock in the morning and remained open until eight o'clock in the evening, at which time, after due notice, they were declared closed.

The ballots were counted by the election officers in

each precinct, the tally sheets and total tally sheets prepared by the Town Clerk being used.

The ballots cast, after being counted, were enclosed in envelopes, sealed, signed by the election officers, and encased in boxes, which were locked and sealed, and the same were delivered to the Registrars of Voters in the Town Clerk's Office.

As Mr. Leonard Collins was a candidate for the Board of Selectmen he declined to serve as Registrar of Voters on election day. Mr. John W. Dacey was appointed by the Board of Selectmen to fill this vacancy.

The Town Clerk and Registrars of Voters upon receipt of the returns from the several precincts forthwith canvassed the same and announced the result.

All ballots, used and unused tally sheets, total tally sheets, copy of Precinct Records of Election, and all other records pertaining to the election were delivered to the

Town Clerk to be preserved by her during the time required by law.

A true record of the election, Attest:

E. CAROLINE PIERCE,
Town Clerk.

Mr. Leo A. Matthews, attorney for Leonard F. Collins, requested that the ballots be impounded. This request was later withdrawn. At the request of the Town Clerk the ballots were placed under police protection from the time that they were returned to her office after the election until the completion of the recount.

E. CAROLINE PIERCE,
Town Clerk.

RECOUNT

Arlington, March 7, 1931.

Petitions for a recount of the votes cast on March 2, 1931, for the offices of Selectman, Moderator, Board of Public Works, and Assessor, were filed in accordance with law in the office of the Town Clerk.

Accordingly a recount of the above-mentioned offices was held on Saturday, March 7, 1931, at nine o'clock in the forenoon, in the Hearing Room, Robbins Memorial Town Hall.

The recount was conducted by the Registrars of Voters assisted by duly appointed clerks.

Mr. Leonard F. Collins, a member of the Registrars of Voters, did not desire to act as a member of the board at the recount, since he was a candidate for the office of

Board of Selectmen. Mr. John F. Dacey was accordingly appointed in Mr. Collins's place.

The candidates for the above-mentioned offices were duly notified by registered mail.

Some of the candidates appeared in person accompanied by counsel, and some were represented by counsel.

The meeting was called to order at nine o'clock A.M., by Eben F. Dewing, Chairman of the Board.

The Clerk read the petitions, broke the seals, and opened the boxes.

The result of the recount was as follows:

In accordance with the law the ballots were returned to the Town Clerk.

Eben F. Dewing, Chairman of the Board of Registrars, announced the result of the recount, declaring Arthur P. Wyman elected as a member of the Board of Selectmen, contrary to the result as announced after the canvas of votes on March 2, 1931.

In Precincts 9 and 10 petitions had been received for a recount on Town Meeting Membership from Edmund W. Hayes and George H. Lowe, Jr., respectively.

In accordance with the Provisions of Law for recounts in Town Offices, recounts were made in the afore-

mentioned precincts, not changing the result in Town Meeting Membership.

A true record, Attest:

E. CAROLINE PIERCE,
Town Clerk.

ANNUAL MEETING

Arlington, March 25, 1931.

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town by a Constable of said Town, notices having been sent by mail by the Town Clerk seven days before the day of meeting to the Town Meeting Members elected and qualified to act in Town Meetings in Arlington, and posted at two places in each precinct, the Town Meeting Members met in the Robbins Memorial Town Hall in said Town on Wednesday, March 25, 1931, at eight o'clock in the evening. The Warrant calling the meeting was the notice sent by mail by the Town Clerk.

Lists of the duly qualified Town Meeting Members were used at the entrances of the meeting place and were in charge of Albert K. Peirce and James E. Sweeney. The lists contained the names of two hundred and seventy-one Town Meeting Members.

The Check Lists filed with the Town Clerk at the close of the meeting showed that two hundred and twenty-eight members attended the meeting.

The meeting was called to order at 8.05 P.M. by the Moderator, William B. Barry.

The Town Meeting Members were sworn by the Moderator.

Copies of the Warrant having been supplied to the Town Meeting Members, the Town Clerk read only the Call and the Constable's Return of the Warrant, the meeting voting on Hollis M. Gott's motion to dispense with the reading of the remainder of the Warrant.

On motion of Hollis M. Gott:

Voted: That if all the business of the meeting as set forth in the Warrant is not disposed of on this date the meeting adjourn to Wednesday evening, April 1, 1931, at eight o'clock.

On motion of Hollis M. Gott:

Voted: That Article 2 be taken up.

Article 2 taken up. (Choice of Other Town Officers.)

Voted: That the Town Clerk cast one ballot for each of the officers for the term of one year, designated as follows:

MEASURERS OF WOOD AND BARK
Patrick F. Brosnahan
Edmund L. Curtis
Eugene W. Cole

On motion of Hollis M. Gott:

Voted: That Article 3 be taken up.

Article 3 taken up. (Reports of Selectmen—other Town Officers and Committees.)

Earl A. Ryder presented the following report on Additional School Accommodations:

Your Committee on Additional School Accommodations begs to respectfully report:

First: That it recommends an appropriation at this meeting for land on Lake Street for a school, to relieve the present overcrowded Hardy School.

This land consists of two parcels fronting on Lake

Street about 400 feet—one being the westerly end of land owned by Wyman, and the other being the easterly side of land owned by the Metropolitan Ice Company (which has given an option to the Planning Board on all its property between the Pond and Wyman.) The total cost will be about $20,000.00.

The Hardy School district is bounded on the north by Linwood Street, on the south by the Cambridge-Belmont line, on the east by Massachusetts Avenue, and on the west by the Belmont line and Spy Pond.

In the opinion of your Committee, it is an ideal location for a school, to accommodate all the locality westerly of the Boston & Maine tracks—leaving to the Hardy School the territory east of the Boston & Maine tracks; and it may easily include pupils from that portion of the Pleasant Street section embracing Jason Heights and vicinity, if and when the Parmenter School becomes congested—and this may happen sooner than we expect if the Jason Heights development continues and contiguous land is opened up. You may recall that when the new Parmenter School was proposed, a resident of the Town insisted it was unnecessary because "the peak of production" had been reached in the section it would cover; but he has since admitted he was wrong, and stated that with the continuance of development in this sunkist locality there is no telling what additional school accommodations may be necessary. About 145 pupils in the Hardy School now come from this westerly side of the tracks.

The Hardy School was built to accommodate about 560 pupils. It now has an enrollment of about 625; it is using a portable. The school lot contains about two and one-half acres. A school of sixteen rooms could easily be built upon the remaining land fronting on Chandler Street, but it would swallow up the playground—and

that would be a crime in any section, and especially in a congested section like this; and now that it appears we are about to accomplish what should have been done long, long ago, and open school playgrounds for the use of children after school hours. It would be going backward to use this land for another school.

Yes, an addition might be made to the present building, but that would give not more than five rooms, if we follow the judgment of the School Committee, for we are told that experience teaches that a school building of more than twenty-one rooms is unmanageable under one head; that it is scientifically and practically impossible to get results from such a large unit. Only five rooms in the present situation, not to mention the future, would be like throwing gold dollars to swine; and then again we should be careful not to do anything that might tend to prevent securing the best results in our schools.

Second. That it recommends an appropriation at this meeting for an addition of nine class rooms to the High School.

The High School was built to accommodate about 800 pupils; it now has an enrollment of about 1,100. Last year the Town made an appropriation for a building for High School purposes, and that building is now being constructed. Considering its prominent location, and the fact that it is our High School, it is wise and fitting that it should be "a thing of beauty and joy forever," to which Arlingtonians may point with pride; and your Committee rejoices that our Board of Selectmen had the vision and courage to see the proposition in that light; but it does not provide sufficient class rooms to take care of the probable enrollment beyond 1931; and something must be done to help that situation. The time to do it is now, while the present construction is under way, while the costs of building are low, and while there is lack of employment for honest and respectable and deserving men.

Third: We would be remiss in our duty as we see it, if we failed to bring again to your attention the importance of securing land to provide for the future growth in the westerly section of the Town. We urge you to give careful thought and consideration to the advisability of taking a parcel, owned by our good and respected citizen, Mr. Henderson, between Dow Avenue and Florence Avenue at the foot of Charlton Street, which we have already twice recommended.

Take your map and look at this section of the Town. It is within the Locke School district, which is bounded on the north by Massachusetts Avenue from the Lexington line to Clark Street; on the south by the Belmont line; on the east by a line from Massachusetts Avenue at Clark Street via Park Circle (at the standpipe) to the junction of Hilcrest and Arlmont Streets, and on the west by the Lexington line. The Eastern Avenue school will, to some extent, relieve the Locke School as well as the Cutter; that is, the present easterly line of Locke will be moved westerly to perhaps Oakland Avenue, where it joins Cedar Avenue; but as sure as death and taxes, development of the unoccupied land in this westerly section of the Town is bound to come, and if we fail to secure land now for school purposes we may be up against it when the time comes to find a location, even if we are willing to pay the price; and you must admit that the proper location counts.

In the last ten years the Town's population has doubled; our realty valuation has trebled, and our appropriations have almost quadrupled. If by persuasion or force we can secure rapid transportation between Arlington and Boston, with improved service that will allow travelling with less chance of being squeezed or trampled to death or of losing a leg or an eye or an arm, it should not surprise anybody if our population takes a similar jump in the next ten years. So may people remark, as the

poet expresses it, "I'm glad I live in Arlington—I like it mighty well—but O! it drives me most to tears to use the Boston El." This beautiful section of our Town offers the best of reasons why home-seekers should locate there.

To demonstrate and commend the wisdom of foresightedness and preparedness, the Town has only to recall its taking of land for school purposes on Eastern Avenue, where it has voted to construct a school of sixteen rooms, to be ready for use this Fall, to relieve the present overcrowded Cutter School and provide for the increase in that section; and its taking of land on Pheasant Avenue—a committee having been appointed to bring in plans and specifications for a school not later than the Town Meeting of 1932.

Fourth: In 1929 the Town approved the taking of a parcel of land, containing about three acres, located between proposed Crosby Street, proposed Upland Road West, and proposed Highfield Road extension, and appropriated $3,000.00 for that purpose. In preparing for the taking, our Town Counsel discovered a legal obstruction which interferes with giving to the owner of the adjoining parcel a proper right of ingress and egress, because the streets shown on the map are merely "paper" streets drawn by the Board of Survey, but not as yet accepted by the Planning Board. To try and iron out this difficulty, your Committee has made numerous attempts to get in touch with the owner of this property by calling at and telephoning to his place of business, and by letter, but to all requests he has not paid the slightest attention; he has completely ignored them.

When we inserted our Article in the Warrant for taking the parcel adjoining, we hoped to solve the difficulty by securing all the owner's property. We believed it contained about three acres; but it contains seven, and as the first parcel contains about three, ten acres are more

than we can recommend for school purposes. Hence we deem it for our best interests to drop the matter. We will, however, further examine the territory for another parcel, and hope to bring the matter to your attention at a later date.

All this section at present is in the Russell School district, which is bounded on the north by the Winchester line; on the south by a straight line beginning at the Boston & Maine tracks and running through Wyman and Beacon Streets to Mystic River; on the east by the Mystic River and the Mystic Lakes, and on the west by a curved line starting on Massachusetts Avenue at Schouler Court and running to the Winchester line, where it passes through Hutchinson Road. One of the scenic spots of the Town, where many artistically comfortable homes are built, it will not be long before development is booming and a school necessary.

Fifth: While we are not faced with immediate need of enlarging our Junior High schools, we must not forget that the Junior High West, even with its twenty-four rooms, is filled to capacity, and should be giving thought to how best meet the increased demands for accommodations. We believe a practical solution is to remodel and enlarge Junior High Center and allocate to it some part of the West's district. Conditions in Junior High Center have been unsatisfactory for some time, and they warrant serious consideration.

In 1927 the enrollment was 425, but it included the pupils in a two-room portable, which has been removed, as well as the industrial classes and the Continuation Class, which are now in Old Parmenter. The auditorium of this building is on the third floor, and is entirely inadequate. There is no provision for physical training, such as is enjoyed at East and West. The present enrollment is 305.

We are told that the present organization is not economical, due to the fact that a highly paid Principal is necessary, and he is not looking after as large a number of pupils as should be the case. Enlarged quarters would rectify this; it would also relieve Junior High West; it would also take classes from Old Parmenter, and leave space in it to accommodate classes from New Parmenter when that school shows further increase, which gives signs of being close at hand.

In connection with improvements at Junior High Center, we must also have in mind securing the two parcels of land adjoining it; they are necessary to round out our ownership and must be had in case additions are made to the building.

Sixth: In view of the present well-defined plans for further High School development, there is need to be considering the advisability of securing some of the property contiguous thereto in order to round out our ownership.

Seventh: We should also have in mind the importance of securing land for a school somewhere in the vicinity of North Union Street to meet the increasing population in the Crosby School district.

Eighth: To give you an idea of what the Town faces in the way of new schools, we beg to state that during the years 1931 to 1935 it is our belief you will be asked to appropriate in the neighborhood of $1,500,000.00 for school buildings and land takings.

We summarize the situation as follows:

1931.	Eastern Avenue School (already appropriated)	$225,000.00
1931.	Additional unit, High School, approximately	125,000.00

1932.	Pheasant Avenue School, approximately	125,000.00
1932.	Junior High Center, approximately.	200,000.00
	Land taking, approximately	25,000.00
1933	Hardy School, approximately	225,000.00
	Land taking, approximately	20,000.00
1933–4.	Crosby School District, approximately	225,000.00
	Land taking, approximately	20,000.00
1934.	Parmenter School, approximately	100,000.00
	Land taking, Russell District, ap-Approximately	10,000.00
	Land taking, Locke District, approximately	10,000.00
	Land taking, High School, approximately	50,000.00
	Additional unit, High School, approximately	200,000.00

It may be that the order of expenditure will vary from this list, but so far as we can see this is the program that faces you during the period to 1935.

In closing: A noted educator is reported as saying: "We are running riot in this country on fads and fancies, and nowhere more crazily than in the educational field. Sometimes I wonder that any of us have sanity left."

We are told that there are no "fads and fancies" in our schools. If this is true, then we cannot hold them responsible for the constant call for new schools; but we know we have lads and lassies, and must build schools to accommodate them. Schools are expensive to build and maintain; we spend a lot of money for education, which many think is an expensive luxury; but it is our problem, and we must face it. However, it must be a cheerful sound to the ears of all Arlingtonians to hear the rumors—which appear to be well founded—that proclaim we are

about to witness large reductions in the expense of our school management, without in any way decreasing efficiency, and with more than bare possibility that efficiency will be increased. If this is true, let's give three cheers to our much-maligned and overworked School Committee for its courage in taking this first step toward well-directed retrenchment. In these days of keeping up with the Joneses, it takes bold and courageous men and women to be what many call "odd."

EARL A. RYDER,
CHARLES H. HIGGINS,
M. ERNEST MOORE,
M. NORCROSS STRATTON,
Committee on Additional School Accommodations.

Arlington, Mass., March 2, 1931.

On motion of G. Bertram Washburn:

Voted: That the report be received.

Alfred W. Lombard, Chairman of the Committee appointed under vote of the Town, passed January 14, 1926, to consider the Condition of Spy Pond, made the following report:

Arlington, Mass., March 18, 1931.

The Committee on Improving the Condition of Spy Pond herewith submit the following report:

Early in the spring of 1930 the surface of the street in Lombard Road and Lombard Terrace was restored to its original condition prior to the laying of the pipe connecting the old reservoir with Spy Pond. Samples of the water in the Pond were taken at regular intervals, as in the past, up to and until the work was taken over by the Board of Health. This change was recommended by

the committee and an appropriation was made under the Board of Health Budget to take care of the work for the balance of the year. The financial statement for the year is as follows:

Balance on hand January 1, 1930	$481.25
Expended 1930	336.71
Balance December 31, 1930	$144.54

Respectfully submitted,

ALFRED W. LOMBARD.
J. HOWARD HAYES.
WARREN A. PEIRCE.
ROGER W. HOMER.

Expenditures 1930:

Weston & Sampson, Services	$95.28
Coleman Bros., Resurfacing Lombard Road	125.28
Spray nozzle	102.92
Water Department, installing nozzle	13.23
	$336.71

On motion of G. Bertram Washburn:

Voted: That the report be received and committee be discharged.

No report was made by the Committee on World War Memorial.

On motion of Elliott R. Barker:

Voted: That the committee, under vote of the Town passed April 10, 1929, to Secure Plans and Estimates for a new High School Building be discharged.

Mr. William A. Muller considered that no report was necessary on the Robbins Library Building.

Elliott R. Barker reported that the committee on the Peirce School Addition was not quite ready to make its report.

On motion of G. Bertram Washburn:

Voted: That the following report, as made by Mr. Charles A. Hardy of the Tercentenary Committee, be received.

The activities of the Tercentenary Committee have been given in the Selectmen's report in the present Town Report, so I will not take time to read them.

Appropriations:
$600 from the Selectmen's Contingent Fund.
$4,500 appropriated April 2, 1930.

Expenditures:

Pageant of Music	$2,456.50
Other expenses	2,638.78
Unexpended balance	4.72

CHARLES A. HARDY,
Chairman.

Mr. Ernest W. Davis, Chairman of the Committee on Study of School System, made the following report:

March 25, 1931.

PROGRESS REPORT COMMITTEE FOR INVESTIGATION OF SCHOOL SYSTEM TOWN OF ARLINGTON

To Town of Arlington:

At the Annual Town Meeting in March, 1930, the following vote as recommended by the Finance Committee and passed by the Town Meeting Members:

Voted: That a committee of three (3) be appointed by the Board of Selectmen to carefully investigate the school system of Arlington with particular reference to the maintenance and operation of school buildings and grounds, to ascertain wherein, if possible, reductions in costs of operation and maintenance may be made; said committee to report to the Town not later than the Annual Meeting in 1931, and any vacancy therein to be filled by said Board; and further, that the sum of $500.00 be and hereby is appropriated for the use of the committee, said sum to be raised by general tax.

Messrs. Wilson D. Clark, Jr., Charles A. Alden, and Ernest W. Davis were appointed by the Selectmen "to investigate the school system of Arlington" in accordance with the above vote. Owing to illness in his family, Mr. Clark was forced to resign before the committee actively took up its work. Mr. Arthur O. Yeames was appointed by the Selectmen to fill the vacancy in September, 1930.

Early in October the committee met with the Selectmen and the Chairman of the Finance Committee to discuss the scope of the investigation and possible beneficial results to the Town. Later a meeting was held with the Finance Committee of the School Committee, at which the extent of the investigation was again discussed with particular reference to the maintenance of harmonious relations between the two committees.

Before considering the concrete problem of costs of the school system in Arlington, it was found necessary to obtain comparative data for other cities and towns in the neighborhood of Boston—cities and towns having either approximately the same school population or same standards of public school education. After considerable discussion, the following cities and towns were chosen:

Belmont	Norwood
Brookline	Somerville
Framingham	Waltham
Medford	Watertown
Melrose	Weymouth
Newton	Winchester

From annual reports of the State Board of Education complete analyses have been made of the costs of the Public Schools in the above cities and towns and comparisons made with similar costs for Arlington. Items considered are as follows:

General Control
Salaries of Principals, Teachers, Supervisors
Text-books
Janitors
Repairs and Maintenance
Libraries
Health
Other Expenses
Miscellaneous Expenses
Transportation
Tuition
Total for Support

These costs have been analyzed over a five-year period (1926 to 1930) and reduced to a cost per pupil basis.

The committee has visited every school building in Arlington, noting the physical condition of the property, the overcrowding of some of the buildings, and the need of either additional accommodations or rearrangement of present accommodations. These inspections were all made while the schools were in session, giving the committee an excellent opportunity to study the schools when in action.

A tremendous mass of data has been collected, and this progress report will show only comparisons between costs in Arlington and in the group of cities and towns selected. A later and final report may show how these costs can be reduced without impairing the standards of education set up by your School Committee.

The overall cost of operating our school system (based on cost per pupil) is exceeded by only two of the twelve communities chosen for comparison—Brookline and Newton. On the other hand, the increase in cost per pupil in these two cities over the five-year period has been only 17% and 19%, while in Arlington it has been 22.0%. The cost per pupil in Arlington is 10% above the average for the group in 1930.

Considering various items of the school budget, we find the following comparisons—all based on cost per pupil:

General Control—Increase over five-year period:

Arlington	76.9%
Average for the group	12.5%

Salaries, Teachers, Principals, Supervisors: Increase over five-year period:

Arlington	22.2%
Average for the group	16.1%

Text-book Costs—Increase over five-year period:

Arlington	1.6% (decrease)
Average for the group	6.8%

Text-book cost per pupil served over the five-year period was 37.1% greater in Arlington than the average for the group.

Janitor Service—Increase over five-year period:

Arlington	17.5%
Average for the group	13.7%

Maintenance and Repairs—Increase over five-year period:

Arlington	23.7%
Average for the group	5.45% (decrease)

Health—Increase over five-year period:

Arlington	25.4% (decrease)
Average for the group	9.34%

The above figures show a steady although not necessarily an alarming increase in the cost per pupil of the Arlington school system over a five-year period. More study will be necessary before definite conclusions can be drawn from the above figures or recommendations made.

The matter of teachers' salaries in Arlington is worthy of considerable study. A readjustment of the teaching staff, together with an increase in the average number of pupils per teacher, may be advisable in order to decrease the cost of instructional service. At the present moment the average number of pupils per teacher is more than 10% less than the average for the group. In view of changes in the personnel of your School Committee and in view of the presence of the new superintendent during the coming year, it seems advisable to leave any concrete discussion of this item of the budget for a final report.

In conclusion, the committee appreciates the full co-operation it has received from the School Committee, the superintendent's office, and the Town Accountants. The committee has been particularly impressed with the physical condition of the school property, especially the

older buildings. We believe that a word of praise is due the staff of janitors responsible for the cleanliness of the buildings.

The committee feels that it still has a tremendous amount of work ahead of it. It desires to make recommendations to the Town based upon facts and not rumors.

The committee would welcome suggestions from citizens who are interested in this investigation.

C. A. ALDEN.
A. O. YEAMES.
E. W. DAVIS.

On motion of G. Bertram Washburn:

Voted: That the report be received.

Mr. Warren A. Peirce, of the Committee on Construction of Chapel in Mount Pleasant Cemetery, made the following report:

REPORT OF THE COMMITTEE ON THE CHAPEL, MOUNT PLEASANT CEMETERY

At the annual Town Meeting in March, 1930, an appropriation of $26,500.00 was made, and at the meeting in January, 1931, an appropriation was voted of $1,005.87, making a total of $27,505.87.

The Cemetery Commissioners were made a Committee with full power to erect a suitable building for chapel, storehouse, and office purposes.

The committee engaged Gay & Proctor as architects

to make plans for their consideration, after instruction from the committee as to the necessary room required. Mr. Proctor, accordingly, presented a plan which was adopted after some changes were made, so as to conform to the rules. Proposals were given to six general contractors, and the Arlington Construction Company being the lowest bidder on the main building was awarded the general contract.

The contracts for equipment, etc., were awarded in the same way, receiving at least four bids on each item.

The contracts were awarded as follows:

General contract, Arlington Construction Co.	$20,795.87
Plumbing, F. B. Wood Co.	872.00
Heating, F. B. Wood Co.	973.00
Electric wiring, cable, etc., Sword Bros.	1,026.20
Pews, George W. Wise Co.	713.00
Linoleum, S. W. Rollins Co.	225.00
Hardware, Chandler & Barber Co.	325.00
Vestibule tile, N. P. Currie	221.00
Lighting fixtures, E. S. Parker Co.	228.00
Incidentals and furnishings	176.00
Land damage for cable	100.00
Insurance	37.33
Architect's commission	1,536.15
Office furniture	246.75
	$27,474.15

Appropriation	$27,505.87
	27,474.15
	$31.72 balance

A wall clock for the office and a Vose piano for the chapel were contributed by friends of the committee, which are greatly appreciated.

On the evening of February 19th, George G. Allen, our beloved friend and a member of the Cemetery Commission for more than thirty years, passed this earthly life to the eternal life beyond. He was always active and interested in everything that was for the good of the Town, and we are indebted to him for the generous time he gave in planning for the development of the Cemetery, and for his valuable assistance in selecting and planning the trees, shrubs, and flower beds that beautify and adorn the Cemetery. The Town greatly appreciates his valuable assistance in making our Cemetery a Garden of the Dead.

Respectfully submitted,

WARREN A. PEIRCE,
J. EDWIN KIMBALL,

Committee.

On motion of G. Bertram Washburn:

Voted: That the report be received.

Jacob Bitzer, Chairman of the Committee on an Elementary School on Eastern Avenue, made a report of progress and informed the Town Meeting Members of the action of the School Committee at its recent meeting in adopting the name of "Brackett School" for this building, in honor of the late ex-Governor Brackett.

No report was made by the Committee to Investigate and Study the Library Accommodations at Arlington Heights.

Hollis M. Gott, Chairman of the Board of Selectmen, presented the following report of the Board of Selectmen on the new High School Building:

REPORT OF BOARD OF SELECTMEN ON THE NEW HIGH SCHOOL BUILDING

Review of High School Building Question:

Under Article 43 of the Annual March meeting of 1929, the following vote was passed:

Voted: That a committee of five, including the Building Inspector, be appointed by the Moderator to secure plans and estimates for a new High School Building, such committee to have power to fill vacancies, and to report to the Town not later than the annual meeting of 1930; that the sum of $1,000 be and hereby is appropriated for the use of the committee, and that the sum be raised by general tax.

At the Annual Town Meeting of March, 1930, the committee reported, and under Article 38 of the Warrant showed plans of a building. The Finance Committee recommended an appropriation of $325,000 for the construction of a building without an auditorium and no separate manual training or shop building. This motion was lost.

A substitute motion was offered calling for an appropriation of $325,000 for a school building. This was tabled and at an adjourned meeting the motion was withdrawn, and a substitute motion offered to construct building with separate heating plant and no separate manual training or shop building, requesting appropriation of $325,000.

Voted: That we do not make at this meeting any appropriation for the construction of a building upon land described in Article 38.

Voted: To refer this matter to the School Building

Committee with instructions to study the matter of an addition to the present High School Building and to report at a special Town Meeting, and that the sum of $1,000 be appropriated for the use of this committee.

Special Meeting May 26, 1930

Article 9. Scheme A. Voted: That the Town do not now vote under Article 9 of the Warrant to construct a building or an addition to the present "High School Building."

Article 10. Scheme B. Voted: That the Town do not now vote under Article 10 of the Warrant to construct a building or an addition to the present "High School Building."

Article 11. Scheme C. Voted (unanimously): That the sum of $389,194 be and hereby is appropriated for the construction of a building, including the cost of original equipment and furnishings of said building, to be used for High School purposes.

A Referendum on this vote was petitioned for, and on June 19th referendum vote nullified the action of the Town Meeting.

Special Meeting July 15th

Under Article 2 Scheme C was again acted upon and was defeated.

A substitute motion was offered presenting Scheme X, calling for twenty-one classrooms. This motion was lost. A substitute motion was then offered and it was Voted (142 voting in favor and 7 in opposition):

That the sum of $277,000 be and hereby is appro-

priated for the construction of a building capable of additions, including the cost of original equipment and furnishings . . . and that said appropriation be expended under the direction of the Board of Selectmen, which said Board shall have full authority to construct such school building within the sum herein appropriated, and to employ such technical advice as they may deem necessary.

The members of this Board in assuming the responsibility placed upon them by vote of the Town Meeting approached this problem with an open mind, without bias or preconceived ideas, and with the sincere purpose to provide a building which would serve the best interests of the Town and the school system.

The only restriction placed upon the Board, under the vote was that the new building should be capable of future additions.

It was, therefore, clearly implied in the vote that the Town Meeting Members did not consider it possible to construct a building for $277,000, which would provide adequate accommodations to meet the increasing requirements and needs of the High School, but that additions would be required.

George Ernest Robinson was engaged as architect.

Conferences were held with representatives of the School Committee and the architect, and very careful study was given to the facilities required by the High School pupils and was approached from various angles.

The architect was directed to disregard absolutely all plans previously considered and to proceed to draft plans based on conferences held with the Board and the School Committee jointly, showing a building so arranged that sections could be constructed as needed.

Sketches were made, also a model to scale with plans, and submitted to the Board for consideration with approximate figures showing what might be done in the different sections of the building.

These were then discussed with the School Committee and from these discussions the construction of the first unit was decided upon.

Final blueprint drawings and specifications were delivered to the Board November 6th, and bids were publicly opened November 17, 1930. November 28th general contract awarded to Arlington Construction Company for $215,000.

December 8th construction was started.

Description of New High School Building Now Under Construction

The architecture of the new High School Building is eighteenth-century style, or better known as Colonial.

The present construction consists of a classroom section in the rear or northwest side, containing nine regulation classrooms seating thirty-five pupils each, and two larger classrooms which will seat sixty pupils each, providing total accommodations for four hundred and thirty-five students. This section of the building also contains on the ground floor an entrance lobby of large proportions, two teachers' rooms, and two large book and supply storage compartments. This section of the construction also contains three stairways, one of which will serve a future addition of classrooms on the northeast side.

In the basement of this rear or classroom section is provided locker and shower facilities for girls and boys,

and a central heating plant with space enough to take care of four large boilers, hot water storage and incidental equipment to the heating plant, and will be large enough to serve the entire program as outlined in plan and model.

The central feature of the construction now under way includes an auditorium, the floor of which will seat eleven hundred persons, and arrangements have been made for a future balcony which will seat four to five hundred persons. This auditorium will contain a stage of large proportions. The auditorium is entered from Massachusetts Avenue through a beautiful portico with balcony overhead, the entire design being practically a replica of the Bulfinch front of the State House on Beacon Hill. The auditorium roof is surmounted with a beautiful cupola rich in colonial design. The trimmings of this central feature or auditorium section is natural limestone. The large columns and cornice being of white pine, painted after the manner of the State House. The auditorium floor is of wood suitable for dancing, and the floor space is large enough to provide for pageants, balls, exhibitions, and similar functions, and it is planned that it can be used at this time for gymnasium purposes until such time as the gymnasium, as originally planned in the school program, can be completed.

Under the auditorium floor space of about ten thousand square feet has been provided for a lunchroom. This space is large enough to provide for cafeteria requirements for the next ten or fifteen years of school expansion.

Below the lunchroom floor there is a space as yet unassigned containing about one hundred seventy thousand cubic feet and about ten thousand square feet. This space is suitable for many purposes, among which are orchestra and band rehearsals, athletic locker storage and

field equipment, facilities for visiting athletic teams, and general storage for schoolhouse equipment for entire Town.

This auditorium section contains also two large stair halls, large lobby and coat rooms; also toilet facilities for men and women, electric room, fan room electric distribution center, service room for gas and water services, and kitchen facilities.

It should be borne in mind in connection with the classroom section that there are two rooms which are suitable for special lecture work, music instruction or domestic science instruction. Locker facilities have been provided in the corridors for all pupils, and there are adequate toilet facilities on each floor.

It is well to note that in connection with this present construction that the building is of fireproof nature, that the floor construction throughout is of reinforced concrete, that the roof of the classroom section is of reinforced concrete, that the roof of the auditorium is framed entirely of structural steel with pre-cast gypsum for roof construction, giving it a fireproof classification. This is the first school building in the Town which has been erected and can be classed as a fireproof structure. The saving to the Town in insurance rate is a considerable item, and the safety to the pupils is of paramount importance and value. The stairways and corridors are designed to provide for quick ingress and egress, and the entire building conforms to the latest standards of the Department of Public Safety.

The construction now under way within the appropriation of two hundred seventy-seven thousand dollars ($277,000.00) has provided for future additions and expansion consistent with a normal increase in number of

students. There will be available in September accommodations, therefore, for four hundred thirty-five pupils.

It is expected that the next addition would consist of extending the classroom section on the northeast side, which would provide classroom facilities for three to four hundred more pupils. This section would balance the rear portion of the program.

It is expected, also, that an administration wing should be provided at the front, which will connect the auditorium section with the present high school building.

The next addition, or future expansion, would undoubtedly consist of the completion of the auditorium, providing for a balcony and complete equipment, projection booth, etc., and at the same time the completion of the gymnasium on the northwest side. This gymnasium will be large enough to permit regulation basketball games, with adequate seating capacity for spectators, and will provide for a gymnasium floor of sufficient size as to allow track games and general gymnastic work.

The next development or expansion would undoubtedly be on the northeast side, and would consist of a classroom section containing nine classrooms and also a wing to the right of the auditorium, which would contain a library.

The only item of the entire program then left unfinished would be the gymnasium on the northeast side within the square formed by the library and northeast classroom sections. This could be constructed as the last part of the program.

It should also be noted that the layout of buildings provide that at the northwest corner, or end of the present classroom section now under construction, three addi-

tional classrooms could be provided which would bring the corridor opposite the corridor in the present high school building and would eliminate the present stairway and would allow for the construction of an elevator for handling equipment, which is badly needed.

It is hoped that the Board will be permitted to carry out the program as planned, and which has been diligently inquired into and worked out through numerous conferences with the school committee. Having in mind, also, the importance of constructing buildings which will be consistent in architecture with the best traditions and precedent already established in the Town.

This group of buildings, on account of its prominent location, demands special architectural treatment, and a great deal of thought has been put into the design to create simple Colonial features which are beautiful and yet not costly.

This report is submitted as a report of progress, and we trust that the finished project will merit the approval of the citizens of Arlington.

HOLLIS M. GOTT,
WILLIAM O. HAUSER,
ARTHUR P. WYMAN,
Selectmen of Arlington.

On motion of G. Bertram Washburn:

Voted (unanimously): That the report be received.

On motion of Hollis M. Gott:

Voted: That the reports of the Selectmen and various Town Officers, as presented in the Town Report, together with the additions of the Table of Statistics of Assessors and Committees heretofore appointed, be accepted.

On motion of G. Bertram Washburn:

Voted: That the report of the Finance Committee, as presented in its printed form, be received.

On motion of G. Bertram Washburn:

Voted: That Article 3 be laid on the table.

On motion of G. Bertram Washburn:

Voted: That the remaining articles in the Warrant be now taken up, and that the recommendations of the Finance Committee under the various articles as presented in their printed report be considered as now before the meeting, to be voted on without further motion, respectively and in the order in which they appear in said Warrant.

Article 4 taken up. (Town Outlays and Expenses.)

Voted (unanimously): That sums be appropriated to defray Town expenses for the year 1931, to be expended as detailed under the direction of the respective department heads, as follows:

GENERAL GOVERNMENT

Voted (unanimously):

1. Finance Committee (Finance Committee):	
Salaries	$900.00

certified by the Town Accountant as to its being available, shall be used for defraying the above appropriations as far as possible; and the balance of said appropriations shall be raised by taxation as provided by law, unless special provision is otherwise made in connection with any specific item.

Article 5 taken up. (Treasurer—Power to Borrow.)

Voted (unanimously): That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money, from time to time, in anticipation of the revenue of the financial year beginning January 1, 1931, and to issue a note or notes therefor, payable within one year; any debt or debts so incurred to be paid from the revenue of said financial year.

Article 6 taken up. (Collector of Taxes—Means of Collecting.)

Voted (unanimously): That the Collector of Taxes be and hereby is authorized to use all means of collecting taxes for the year 1931, which a Town Treasurer may use when appointed a Collector of Taxes.

Article 7 taken up. (Sidewalks and Edgestones.)

Voted (unanimously): That the sum of $16,000 be and hereby is appropriated for the construction of permanent sidewalks, and for the installing of edgestones for the year 1931, the same to be expended under the direction of the Joint Board of Selectmen and Board of Public Works.

Article 8 taken up. (Aerial Street.)

On the substitute motion of Robert M. Boyd:

Voted (unanimously): That the laying out of a town

way from Forest Street three hundred eighty-five feet easterly substantially in the location of the private way known as Aerial Street, as more particularly described in Article 8 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works be accepted, said way established and said Joint Board authorized to take land for the purpose of said way.

Article 9 taken up. (Bailey Road.)

Voted (unanimously): That the laying out of a town way from Massachusetts Avenue to Gloucester Street, substantially in the location of the private way known as Bailey Road, as more particularly described in Article 9 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be not accepted.

Article 10 taken up. (Blossom Street.)

Voted (unanimously): That the laying out of a town way from Park Avenue Extension to the easterly side line of Newland Road, substantially in the location of the private way known as Blossom Street, as more particularly described in Article 10 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be not accepted.

Article 11 taken up. (Burton Street.)

On motion of Hollis M. Gott:

Voted (unanimously): That Article 11 be laid on the table.

Article 12 taken up. (Edmund Road.)

Voted (unanimously): That the laying out of a town way from Forest Street to one hundred fifty feet beyond Peter Tufts Road, substantially in the location of the private way known as Edmund Road, as more particularly described in Article 12 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be not accepted.

Article 13 taken up. (Field Road.)

Voted (unanimously): That the laying out of a town way from Wildwood Avenue to Gloucester Street, substantially in the location of the private way known as Field Road, as more particularly described in Article 13 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be accepted, said way established and said Joint Board authorized to take land for the purpose of said way.

Article 14 taken up. (Herbert Road.)

Voted (unanimously): That the laying out of a town way from Lake Street to Varum Street, substantially in the location of the private way known as Herbert Road, as more particularly described in Article 14 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be accepted, said way established and said Joint Board authorized to take land for the purpose of said way.

Article 15 taken up. (Lockeland Avenue.)

Voted (unanimously): That the laying out of a town

way from Massachusetts Avenue to the southerly side line of Gloucester Street, substantially in the location of the private way known as Lockeland Avenue, as more particularly described in Article 15 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be accepted, said way established and said Joint Board authorized to take land for the purpose of said way.

Article 16 taken up. (Melrose Street.)

A substitute motion offered by Rev. Warren N. Bixby was lost. By rising vote 65 in favor and 107 in opposition, it was

Voted: That the laying out of a town way from Herbert Road to Brooks Avenue, substantially in the location of the private way known as Melrose Street, as more particularly described in Article 16 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be not accepted.

Article 17 taken up. (Milton Street.)

Voted (unanimously): That the laying out of a town way from Herbert Road to Brooks Avenue, substantially in the location of the private way known as Milton Street, as more particularly described in Article 17 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be not accepted.

On motion of Hollis M. Gott:

Voted (unanimously): That Article 11 be taken from the table.

Hollis M. Gott offered the following substitute motion:

Voted: That the laying out of a town way from Massachusetts Avenue approximately 35 feet southwesterly, substantially in the location of the private way known as Burton Street, as more particularly described in Article 11 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works be accepted, said way established and said Joint Board authorized to take land for the purpose of said way.

On motion of G. Bertram Washburn:

Voted (unanimously): That Article 11 be laid on the table.

On motion of Percy A. Goodale:

By rising vote 137 in favor and 59 in opposition that the meeting now adjourn.

The meeting adjourned at 10.55 P.M.

A True Record, Attest:
E. CAROLINE PIERCE,
Town Clerk.

ADJOURNED MEETING

Arlington, April 1, 1931

Pursuant to the vote of adjournment on March 25, 1931, the Town Meeting Members met in the Town Hall on Wednesday, April 1, 1931, notices having been sent by mail by the Town Clerk seven days before the meeting and posted at two places in each precinct. A notice was published in the local paper.

Lists of the duly qualified Town Meeting Members were used at the entrances of the meeting place and were in charge of Albert K. Pierce and James E. Sweeney.

The Check Lists filed with the Town Clerk at the close of the meeting showed that two hundred and twenty-three members attended the meeting.

The meeting was called to order at eight ten o'clock P.M. by Moderator, William P. Barry.

Town Meeting Members not already sworn were sworn by the Moderator.

Article 11 which was before the meeting when the same adjourned March 25, 1931, was taken up.

On motion of Hollis M. Gott:

Voted (unanimously): That if the business calling this meeting is not disposed of on this date the meeting adjourn to Wednesday evening, April 8, 1931, at eight o'clock.

Article 11 (Burton Street) laid on the table.

Article 18 taken up. (Peter Tufts Road.)

Voted (unanimously): That the laying out of a Town way from Edmund Road to Overlook Road, substantially in the location of the private way known as Peter Tufts Road, as more particularly described in Article 18 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be not accepted.

David H. Buttick's motion to reconsider this Article was not carried.

William J. Robinson made the motion that Article 19 to 61 be laid on the table and Article 62 be taken up at this time. The motion being put before the meeting was lost.

Article 19 taken up. (Quincy Street.)

J. Fred Wood offered the following substitute motion.

That the laying out of a town way from Massachusetts Avenue to the southerly side of Benjamin Road, substantially in the location of the private way known as Quincy Street, as more particularly described in Article 19 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be accepted, said way established and said Joint Board authorized to take land for the purpose of said way.

On motion of J. Howard Hayes:

(By rising vote—one hundred and twenty-one in favor and seventy-nine in opposition.)

Voted: That Articles 19 to 27 inclusive be laid on the table until Articles 28 to 64 inclusive be disposed of.

Article 28 taken up. (Alteration of Franklin Street.)

Voted (unanimously): That the alteration of the way known as Franklin Street from a point on the westerly side of said Franklin Street distant nineteen and 33/100 (19.33) feet northeasterly from its intersection with the northerly side line of Broadway to a point on said Broadway distant nineteen and 33/100 (19.33) feet northwesterly from said intersection in said Town and more particularly described in Article 28 of the Warrant as made and reported by the Joint Board of Selectmen and Board of Public Works be accepted, said

way as so altered established, and said Joint Board authorized to take land for the purpose; that the sum of two hundred and twenty-two and 02/100 (222.02) dollars be and hereby is appropriated for the alteration and construction of said way including land damages and the cost of any pavement and sidewalks laid at the time of such alteration and construction, all under the provisions of law authorizing the assessment of betterments, or otherwise; that said sum be raised by general tax and expended under the direction of the said Joint Board.

Article 29 taken up. (Alteration of Massachusetts Avenue.)

The motion on this Article being put before the meeting was lost.

Article 30 taken up. (Alteration of Mill Street.)

The Moderator being in doubt as to the result of the vote, called for the vote to be taken again as follows:

Voted (unanimously): That the alteration of the way known as Mill Street from Summer Street to a point on the westerly side of said Mill Street southwesterly approximately fifty (50) feet in said Town and more particularly described in Article 30 of the Warrant, as made and reported by the Joint Board of Selectmen and Board of Public Works be accepted, said way so altered established and said Joint Board authorized to take land for the purpose; that the sum of six hundred and thirty-six and 91/100 (636.91) dollars be and hereby is appropriated for the alteration and construction of said way including land damages and the cost of any pavement and sidewalks laid at the time of such alteration and construction, all under the provisions of law authorizing the assessment of betterments, or otherwise; that the said sum be raised by general tax and expended under the direction of said Joint Board.

The motion of Mr. Cutter being put before the meeting to take Article 11 from the table was lost.

Article 31 taken up. (Building Line: Jason Street).

Voted (unanimously): That the establishment of a building line along the southwesterly side of the way known as Jason Street, from a point on the southerly building line of Massachusetts Avenue, 24.50 feet west of the point of intersection of said southerly building line of Massachusetts Avenue and the westerly side line of Jason Street extended to a point on said westerly side line of Jason Street, 55.04 feet south of said point of intersection, as made and reported by the Joint Board of Selectmen and Board of Public Works and more particularly described in Article 31 of the Warrant, be accepted; that said building line be established, and that, as provided in said establishment steps, windows, porticoes and other usual projections appurtenant to the front wall of a building may be erected and maintained between said building line and said way, and buildings or parts of buildings, structures, embankments, steps, walls, fences and gates existing at the time of establishing of said building line between said building line and said way may be permitted to remain and to be maintained; and that said Joint Board be authorized to make any necessary takings for the purpose; that the sum of one hundred (100) dollars be and hereby is appropriated therefor including land damages and that said sum be raised by general tax and expended under the direction of said Joint Board.

Article 32 taken up. (Building Line: Mill Street.)

Voted (unanimously): That the establishment of a building line along the northeasterly side of the way known as Mill Street, from a point on the northerly building line of Massachusetts Avenue, 50.05 feet east

of the point of intersection of said northerly building line of Massachusetts Avenue and the easterly side line of Mill Street extended to a point on said easterly side line of Mill Street, 125.57 feet north of said point of intersection as made and reported by the Joint Board of Selectmen and Board of Public Works and more particularly described in Article 32 of the Warrant, be accepted; that said building line be established, and that, as provided in said establishment steps, windows, porticoes and other usual projections appurtenant to the front wall of a building may be erected and maintained between said building line and said way, and buildings or parts of buildings, structures, embankments, steps, walls, fences and gates existing at the time of establishing of said building line between said building line and said way may be permitted to remain and to be maintained; and that said Joint Board be authorized to make any necessary takings for the purpose; that the sum of one thousand fifty-one (1,051) dollars be and hereby is appropriated therefor including land damages and that said sum be raised by general tax and expended under the direction of said Joint Board.

Article 33 taken up. (Building Line: River Street.)

Voted (unanimously): That the establishment of a building line along the southeasterly side of the way known as River Street, from Warren Street to Mystic River Parkway, as made and reported by the Joint Board of Selectmen and Board of Public Works and more particularly described in Article 33 of the Warrant, be accepted; that said building line be established, and that, as provided in said establishment steps, windows, porticoes and other usual projections appurtenant to the front wall of a building may be erected and maintained between said building line and said way, and buildings or parts of buildings, structures, embankments, steps, walls, fences and gates existing at the time of establishing

of said building line between said building line and said way may be permitted to remain and to be maintained; and that said Joint Board be authorized to make any necessary takings for the purpose; that the sum of one hundred (100) dollars be and hereby is appropriated therefor including land damages and that said sum be raised by general tax and expended under the direction of said Joint Board.

Article 34 taken up. (Exterior Lines: from Massachusetts Avenue.)

Voted (unanimously): That the establishment of exterior lines of a way from Massachusetts Avenue to property of the Boston & Lowell Railroad as made and reported by the Joint Board of Selectmen and Board of Public Works and more particularly described in Article 34 of the Warrant, be and hereby is accepted, said lines established and said Joint Board authorized to take land for the purpose; that the sum of fifty-one (51) dollars be and hereby is appropriated for the purpose, including land damages; and that said sum be raised by general tax and expended under the direction of said Joint Board.

Article 35 taken up. (Exterior Lines: from Rhinecliff Street to Charlton Street.)

Voted (unanimously): That the establishment of exterior lines of a way from Rhinecliff Street to Charlton Street as made and reported by the Joint Board of Selectmen and Board of Public Works and more particularly described in Article 35 of the Warrant, be and hereby is accepted, said lines established and said Joint Board authorized to take land for the purpose; that the sum of fifty-nine ($59) dollars be and hereby is appropriated for the purpose, including land damages; and that said sum be raised by general tax and expended under the direction of said Joint Board.

Article 36 taken up. (Exterior Lines: from Spring Avenue to Murray Street.)

Voted (unanimously): That the establishment of exterior lines of a way from Spring Avenue to Murray Street as made and reported by the Joint Board of Selectmen and Board of Public Works and more particularly described in Article 36 of the Warrant, be and hereby is accepted, said lines established and said Joint Board authorized to take land for the purpose; that said sum of sixty ($60) dollars be and hereby is appropriated for the purpose, including land damages; and that said sum be raised by general tax and expended under the direction of the said Joint Board.

Article 37 taken up. (Exterior Lines: from Overlook Road to Washington Street.)

Voted (unanimously): That the establishment of exterior lines of way from Overlook Road to Washington Street as made and reported by the Joint Board of Selectmen and Board of Public Works and more particularly described in Article 37 of the Warrant, be and hereby is accepted, said lines established and said Joint Board authorized to take land for the purpose; that the sum of one ($1) dollar be and hereby is appropriated for the purpose, including land damages; and that said sum be raised by general tax and expended under the direction of said Joint Board.

Article 38 taken up. (Exterior Lines: from Dennett Road to Pine Ridge Road.)

Voted (unanimously): That the establishment of exterior lines of a way from Dennett Road to Pine Ridge Road as made and reported by the Joint Board of Selectmen and Board of Public Works and more particularly described in Article 38 of the Warrant, be and hereby

is accepted, said lines established and said Joint Board authorized to take land for the purpose; that the sum of fifty ($50) dollars be and hereby is appropriated for the purpose, including land damages; and that said sum be raised by general tax and expended under the direction of said Joint Board.

Article 39 taken up. (Exterior Lines: from Pleasant Street to Belmont Town Line.)

Voted (unanimously): That the establishment of exterior lines of a way from Pleasant Street to the Belmont Town Line as made and reported by the Joint Board of Selectmen and Board of Public Works and more particularly described in Article 39 of the Warrant, be and hereby is accepted, said lines established and said Joint Board authorized to take land for the purpose; that the sum of one hundred eighty-two ($182) dollars be and hereby is appropriated for the purpose, including land damages; and that said sum be raised by general tax and expended under the direction of said Joint Board.

Article 40 taken up. (Exterior Lines: from Boston & Maine Railroad to land of Wyman.)

Voted (unanimously): That the establishment of exterior lines of a way from the Boston & Maine Railroad to land of Wyman as made and reported by the Joint Board of Selectmen and Board of Public Works and more particularly described in Article 40 of the Warrant, be and hereby is accepted, said lines established and said Joint Board authorized to take land for the purpose; that the sum of four hundred forty-five ($445) dollars be and hereby is appropriated for the purpose, including land damages; and that said sum be raised by general tax and expended under the direction of said Joint Board.

Article 41 taken up. (Additional Sum for Districting Board.)

Voted (unanimously): That the additional sum of five hundred ($500) dollars be and hereby is appropriated for the use of the Districting Board, said sum to be raised by general tax and expended under the direction of said Board.

Article 42 taken up. (Land for Public Playground and Recreation Center.)

Voted (unanimously): That the Board of Park Commissioners be and hereby is authorized and empowered, on behalf of the Town, to purchase or take in fee by eminent domain or otherwise acquire, for the purpose of a public playground and recreation center, the parcel of land within the Town, situated between Summer Street and land now or formerly of the Boston & Lowell Railroad Company, and more particularly described in Article 42 of the Warrant; that for the purpose of such purchase, taking or acquisition, the sum of five hundred ($500) dollars be and hereby is appropriated, and that said sum be raised by general tax and expended under the direction of the Board of Park Commissioners; and that the powers conferred by section 14 of chapter 45 of the General Laws, as amended, be exercised by the School Committee and the Board of Park Commissioners jointly.

Article 43 taken up. (Transfer of Land: School to Park Purposes.)

Voted (unanimously): That the Town reserves and sets apart for the purpose of a public playground and recreation center the land bounded by land of the School Department, the "Warren A. Peirce Playground" and land of the Frost Insecticide Company, and more particularly described in Article 43 of the Warrant; and

that the powers conferred by section 14 of Chapter 45 of the General Laws, as amended, be exercised by the School Committee and the Board of Park Commissioners jointly; and further that the sum of ten ($10) dollars be and hereby is appropriated for any expense therefor, said sum to be expended under the direction of the Board of Selectmen.

Article 44 taken up. (Land for School Purposes.)

Voted (unanimously): That the Town do not acquire by purchase, eminent domain or otherwise, for school purposes, all or any portion of the land within the Town described in Article 44 of the Warrant.

Article 45 taken up. (Land for Public Playground or Recreation Center.)

Voted (unanimously): That the Town do not acquire by purchase, eminent domain or otherwise, for the purpose of a public playground or recreation center, all or any portion of the parcels of land within the Town, described in Article 45 of the Warrant.

Article 46 taken up. (Improvement of Warren A. Peirce Playground.)

On the substitute motion of Frank W. Wunderlich:

Voted: That the sum of twelve thousand five hundred fourteen ($12,514) dollars be and hereby is appropriated for the construction of a fence and permanent grandstand on the land of the Town known as the Warren A. Peirce Playground; said sum to be raised by general tax and expended under the direction of the Board of Park Commissioners.

Article 47 taken up. (Land for School Purposes.)

The substitute motion of Earl A. Ryder being put before the Meeting was lost.

The motion as recommended by the Finance Committee being put before the Meeting was lost by standing vote, one hundred and three being in favor and ninety in opposition, not the necessary two-thirds.

Article 48 taken up. (Land for School Purposes.)

Voted (unanimously): That the Town do not now authorize the acquisition by purchase, eminent domain or otherwise, for school purposes, of all or any portion or portions of a parcel or parcels of land situated in the Town of Arlington, containing five acres, more or less, within the area bounded by Summer Street, Hospital Road, a line from Hospital Road to the Winchester line at Hutchinson Road, the Winchester line, and Mystic Street.

Article 49 taken up. (Land for Park Purposes.)

Voted (unanimously): That the Board of Park Commissioners be and hereby is authorized and empowered, on behalf of the Town, to purchase or take in fee by eminent domain, or otherwise acquire for the purpose of a public park a certain parcel of land situated in said Arlington, and bounded and described as follows:

Beginning at a point of intersection of the center line of Lakehill Avenue and easterly property line of land now or formerly of the Metropolitan Ice Company, thence northeasterly on said property line 66.31 feet, more or less, to land now or formerly of John Lyons; thence northwesterly by said land now or formerly of John Lyons 63.6 feet to a point; thence southwesterly 39.5 feet, more or less, to a point at remaining part of

lot D; thence southerly by said remaining part of Lot D, 65 feet, more or less, to the point of beginning; containing about 3371 square feet, as shown on a plan on file at the Town Engineer's office, Arlington, Mass., entitled "Plan showing proposed Exterior Lines of Spy Pond Parkway and Princeton Road, Arlington, Mass., Scale 1″ =40′, Jan., 1931, James M. Keane, Town Engineer";
that for the purpose of such purchase, taking or acquisition, the sum of three hundred thirty-seven and 10/100 ($337.10) dollars be and hereby is appropriated; and that said sum be raised by general tax and expended under the direction of the Board of Park Commissioners.

Article 50 taken up. (Land for Park Purposes.)

Voted: (By rising vote, one hundred and seventy-two voting in favor and one in opposition, more than the necessary two-thirds) That the Board of Park Commissioners be and hereby is authorized and empowered on behalf of the Town, to purchase or take in fee by eminent domain or otherwise acquire, for the purpose of a public park, a certain parcel of land situated in said Arlington and bounded as follows:

Beginning at the point of intersection of the southerly side line of Linwood Street and the westerly side line of the Boston & Lowell Railroad Company, thence southerly by said land of the Boston & Lowell Railroad Company on a curve to the right 327 feet to land now or formerly of John Lyons; thence southwesterly by said land now or formerly of John Lyons 238.5 feet to Spy Pond; thence northerly by said Spy Pond 426.5 feet to Linwood Street, thence southeasterly by said Linwood Street 188 feet to the point of beginning; containing 2.0017 acres, more or less, as shown on plan No. 3197 on file in the office of the Town Engineer, Arlington, Mass., entitled "Plan of Land in Arlington. Belonging

to the heirs of George Peirce, Scale 50′—1″. March 13, 1878. W. A. Mason, Surveyor, 613 Main Street, Cambridgeport";
that for the purpose of such purchase, taking or acquisition, the sum of eight thousand seven hundred nineteen and 40/100 ($8,719.40) dollars be and hereby is appropriated; and that said sum be raised by general tax and expended under the direction of the Board of Park Commissioners.

Article 51 taken up. (Land for Park Purposes.)

Voted (unanimously): That the Town do not authorize the acquisition by purchase, eminent domain or otherwise, for park purposes, of all or any portions of the parcel of land, situated in said Arlington, and bounded as follows; westerly by land of the Commonwealth, northwesterly by Spy Pond, northerly and easterly by land now or formerly of Franklin and Daniel Wyman, and southerly by Lake Street.

Article 52 taken up. (Additional Fire Apparatus.)

Voted (unanimously): That the sum of twelve thousand five hundred ($12,500) dollars be and hereby is appropriated for the purchase of additional fire apparatus, for the use of the Fire Department; said sum to be raised by general tax and expended under the direction of the Chief of the Fire Department subject to the approval of the Board of Selectmen.

Article 53 taken up. (Flooding Crosby School Playground for skating.)

Voted: That the Town do not vote under this Article to expend the sum of five hundred ($500) dollars or any other sum for the purpose of flooding the Crosby School Playground for skating during the winter months.

Article 54 taken up. (Skating Facilities.)

Voted (unanimously): That the Town do not vote under this Article to appropriate the sum of one thousand ($1,000) dollars or any other sum to provide suitable skating facilities at the Heights, Center and East sections of the Town.

Article 55 taken up. (Supervision of School Playgrounds.)

Voted (unanimously): That the sum of fifteen hundred ($1,500) dollars be and hereby is appropriated for the supervision of school playgrounds outside of school hours; said sum to be raised by general tax and expended under the direction of the School Committee.

Article 56 taken up. (Printing of Police Rules and Regulations.)

Voted (unanimously): That the sum of two hundred and fifty ($250) dollars be and hereby is appropriated to print Police Rules and Regulations; said sum to be raised by general tax and expended under the direction of the Board of Selectmen.

Article 57 taken up. (Improvement of the "Crusher" Lot.)

Voted (unanimously): That the sum of five hundred ($500) dollars be and hereby is appropriated for the improvement of the Crusher Lot, so called, situated on Gray Street; said sum to be raised by general tax and expended under the direction of the Board of Selectmen.

Article 58 taken up. (Committee to study Form of Government.)

Voted (unanimously): That a committee of five be appointed by the Board of Selectmen to investigate and study our present form of government, make recommendations for any improvements therein and report not later than the Annual Town Meeting in 1932; that the sum of five hundred ($500) dollars be and hereby is appropriated for the use of said committee appointed, said sum to be raised by general tax and expended under the direction of said committee; and that any vacancy in said committee be filled by the said Board.

Article 59 taken up. (Revision of By-Laws; re Metal Ceilings.)

A substitute motion was offered by Augustus J. Power.

John A. Cadario explained his reasons for supporting the substitute motion as offered by Mr. Power.

The substitute motion being put before the Meeting was lost.

Voted (unanimously): That the Town do not amend, alter or revise or take any action relating to the last clause of Section 4–4 of Division 4 of Article XV of the By-Laws of the Town of Arlington regarding "metal ceilings" set forth in Article 59 of the Warrant.

Article 60 taken up. (Zoning By-Laws—Forest Street.)

Walton H. Sears, Chairman of the Planning Board, submitted the report of the Board. Mr. Sears made a motion that the Zoning By-Law be not changed as described in Article 60 of the Town Warrant.

Augustus J. Power offered a substitute motion which being put before the meeting was lost.

On motion of Walton H. Sears

Voted (unanimously): That the Town's Zoning By-Law be not amended by altering the Zoning map therein referred to so as to include in a Business District all or any portion of the area bounded and described as follows:

Beginning at a point on the westerly side line of Forest Street one hundred feet south of the southerly corner of Sunset Road Extension, thence southerly on said westerly side line of Forest Street a distance of one hundred and twenty-four and seventy-four hundredths feet to a point or curve on said westerly side line of Forest Street, thence southerly and westerly on a curve to the right with a radius of fifty feet a distance of one hundred and twenty-seven and eighty hundredths feet to the point of tangent on the westerly side line of Summer Street, thence northwesterly on said northerly side line of Summer Street on a curve to the left with a radius of seven hundred and ninety and thirty-six hundredths feet a distance of one hundred and thirty-one and sixty-three hundredths feet to a point, thence northerly on a line dividing lots thirty-two and thirty-three, a distance of eighty-seven and six tenths feet, thence easterly on the dividing line between lots thirty-eight and thirty-nine a distance of one hundred feet to the point of beginning.

Article 61 taken up. (Acceptance of Gift: for Library Books.)

William A. Muller said in regard to Article 61

I regret that I am not permitted at this time to give the name of the donor of this very generous gift. I am sure we would all be delighted to pass a vote of appreciation here. I want to say, however, that this same donor has given other gifts in the past to the Library,

and they have been of great assistance in carrying on our work there among the children.

You will all be interested, I know, because most of you do not know the fact, that our Library was founded by a gift. Back in 1835, when this was West Cambridge, we received a gift of $100 from Dr. Learned, of Hopkinton, New Hampshire, with which our Library here was established. In 1837 this town made an appropriation of $30 and continued to do so for a number of years, for the use of the Library And so our Library became the first free library in the Commonwealth of Massachusetts.

Voted (unanimously): That the Town accept five one thousand ($1000) dollar bonds to be invested and reinvested and the income only to be used for the purpose of the purchase of children's books for the Robbins Library, all under the direction of the Trustees of the said Library.

William H. Taylor made a motion that Article 18 be reconsidered which when being put to vote was lost.

Article 62 taken up. (Addition of Class Rooms to New High School Building.)

Earl A. Ryder offered a substitute motion of Article 62.

On request of Hollis M. Gott, Chairman of the Board of Selectmen, Mr. George Ernest Robinson, Architect, showed slides on the screen and explained them.

The substitute motion of Earl A. Ryder being put to vote was lost.

The motion as put forth in the recommendation of the Finance Committee being put to vote:

Voted: (By rising vote one hundred and thirty-one

voting in favor and forty-six in opposition—more than the necessary two-thirds).

That the sum of one hundred thirty thousand ($130,000) dollars be and hereby is appropriated for the construction of an addition to the new High School building, increasing the floor space thereof, consisting of class rooms, including the cost of original equipment and furnishings thereof, substantially in accordance with sketches and data filed with the Finance Committee of Twenty-one, January 30, 1931, marked: "Scheme B, Proposed Addition to High School, Arlington, Mass.," Situated on land of the Town on Massachusetts Avenue; that for said purpose the sum of eighty thousand ($80,000) dollars be raised by general tax and for the balance fifty thousand ($50,000) dollars the Treasurer, with the approval of Selectmen, be and hereby is authorized to borrow said sum of fifty thousand ($50,000) dollars and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws and all acts in addition thereto or amendment thereof, so that the whole loan shall be paid in not more than fifteen (15) years from the date of issue of the first bond or note or at such earlier date as the Treasurer and Selectmen may determine; and that said appropriation be expended under the direction of Arthur P. Wyman, Hollis M. Gott and William O. Hauser, who are hereby appointed a committee to have full charge of said construction, which said committee shall have full authority so to construct such addition within the sum herein appropriated and power to fill any vacancy in its membership.

On motion of Roger W. Homer:

Voted: That this Meeting adjourn.

Meeting adjourned at 11.55 P.M.

A True Record, Attest:

ADJOURNED MEETING

Arlington, April 8, 1931.

Pursuant to the vote of adjournment on April 1, 1931, the Town Meeting Members met in the Town Hall on Wednesday, April 8, 1931, notices having been sent by mail by the Town Clerk seven days before the meeting and posted at two places in each precinct. A notice was published in the local paper.

Lists of the duly qualified Town Meeting Members were used at the entrances of the meeting place and were in charge of Albert K. Peirce and James E. Sweeney.

The Check Lists filed with the Town Clerk at the close of the meeting showed that two hundred and twelve attended the meeting.

The meeting was called to order at eight o'clock by the Moderator, William P. Barry.

Town Meeting Members not already sworn were sworn by the Moderator.

By consent of the meeting G. Bertram Washburn was allowed to sit with the Town Meeting Members.

On motion of Hollis M. Gott:

Voted: That if the business calling this meeting is not disposed of on this date, the meeting adjourn to Wednesday evening, April 15, 1931, at eight o'clock.

Angus P. McDonald made a motion that the vote taken up at a previous meeting to lay Articles 19 to 27 inclusive on the table be reconsidered.

J. Howard Hayes of the committee appointed to consider library accommodations at Arlington Heights made a motion that Article 3 be taken from the table in order that Mrs. Vittoria C. Dallin be given an opportunity to make her report.

Article 3 taken up. (Report of Committee.)

Mrs. Dallin made the following report.

The Committee on Library Accommodations at Arlington Heights submits the following report:

The need of more adequate Library accommodations at the Heights is fully realized by the Trustees of the Library, the Librarian and the members of the community.

The following statistics may help to an understanding of the necessity for ameliorating present conditions:

Of the total population of Arlington, a very conservative estimate would place from eight to ten thousand inhabitants west of the Junior High West.

In the Locke School there are 493 pupils.
In the Peirce School there are 508 pupils.
In the Junior High West there are 706 pupils.
In the Senior High West there are 250 pupils living at the Heights.

Every month 2,400 books are given out from the Arlington Heights Branch. These books are distributed three times a week. Thus on an average two hundred books are given out each day the Branch is open.

The room in which books are given out and received is about eight feet by twelve feet. Only six people can be accommodated at a time for research work at the one table.

After school there is a long line of pupils waiting to return and receive books, but very few of these can enter the room at a time.

It is generally conceded that it is inadvisable to have a branch library in a schoolhouse for various reasons.

Opposite the Locke School, on the corner of Park Avenue and Paul Revere Road, where the residents daily pass to and from the cars and trains, there stands the old fire house, the property of the town. The building is very unsightly, and the forlorn untidy grass plot is unworthy of the neighborhood.

As this building is the property of the Town, and as it is in a desirable location, the committee is studying the advisability of reconstructing or replacing the building, that the site may be used for library purposes. We hereby submit this report which under the circumstances can only be a report of progress.

Respectfully submitted,

SARAH VAUGHN.
J. HOWARD HAYES.
VITTORIA C. DALLIN.
(Signed) VITTORIA C. DALLIN,
Chairman.

On motion of Angus P. MacDonald:

Voted (unanimously): That the report on Library Accommodations at Arlington Heights, as presented by Mrs. Dallin, be received.

On motion of Angus P. MacDonald:

Voted: That Article 3 be laid on the table.

On motion of Jacob Bitzer:

Voted: That Article 19 be taken up.

Article 19 taken up. (Laying out Quincy Street.)

On the substitute motion of J. Frederick Wood.

Voted (unanimously):

That the laying out of a town way from Massachusetts Avenue to the southerly side of Benjamin Road, substantially in the location of the private way known as Quincy Street, as more particularly described in Article 19 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be accepted, said way established and said Joint Board authorized to take land for the purpose of said way.

Article 20 taken up. (Laying out School Street.)

On the substitute motion of Harry E. Baker:

Voted (unanimously):

That the laying out of a town way from Massachusetts Avenue to Gray Street, substantially in the location of the private way known as School Street, as more particularly described in Article 20 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be accepted, said way established and said Joint Board authorized to take land for the purpose of said way.

Article 21 taken up. (Laying out Scituate Street.)

Voted (unanimously):

That the laying out of a town way from Gray Street to Spring Avenue, substantially in the location of the private way known as Scituate Street, as more particularly described in Article 21 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be not accepted.

Article 22 taken up. (Laying out Sutherland Road.)

Voted (unanimously):

That the laying out of a town way from Paul Revere Road to Aberdeen Road, substantially in the location of the private way known as Sutherland Road, as more particularly described in Article 22 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be not accepted.

Article 23 taken up. (Laying out Varnum Street.)

On the substitute motion of Chester E. Hoyt:

Voted (unanimously):

That the laying out of a town way from the easterly side line of Herbert Road to Brooks Avenue, substantially in the location of the private way known as Varnum Street, as more particularly described in Article 23 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be accepted, said way established and said Joint Board authorized to take land for the purpose of said way.

Article 24 taken up. (Laying out Washington Street.)

Voted (unanimously):

That the laying out of a town way from Summer Street to Ronald Road, substantially in the location of the private way known as Washington Street, as more particularly described in Article 24 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be accepted, said way established, and said Joint Board authorized to take land for the purpose of said way.

Article 25 taken up. (Laying out Sherborn Street and Webcowet Road.)

Voted (unanimously):

That the laying out of town ways from Winnick Place to Orchard Terrace, substantially in the location of the private ways known as Sherborn Street and Webcowet Road, as more particularly described in Article 25 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be not accepted.

Article 26 taken up. (Construction of Accepted Ways.)

On motion of Angus P. MacDonald:

Voted: That the Articles from 26 to 64 be laid on the table.

On motion of Angus P. MacDonald:

Voted: That Article 11 be taken from the table. (Laying out Burton Street.)

A substitute motion had been made on this Article by Hollis M. Gott, but since the previous meeting did not vote to widen Massachusetts Avenue at Burton Street, Mr. Gott requested at this time that his substitute motion be withdrawn. The motion then as before the meeting was embodied in the recommendation of the Finance Committee.

Voted (unanimously):

That the laying out of a town way from Massachusetts Avenue approximately thirty-five feet southwesterly, substantially in the location of the private way known as Burton Street, as more particularly described in Article 11 of the Warrant, under the provisions of law authorizing the assessment of betterments, as made and reported by the Joint Board of Selectmen and Board of Public Works, be not accepted.

Article 27 taken up. (Acquisition of Easements.)

Voted (unanimously):

That the Joint Board of Selectmen and Board of Public Works be and hereby is authorized and empowered on behalf of the Town, to purchase or take by eminent domain or otherwise acquire, easements in lands adjoining the locations of ways, the laying out of which is accepted at this meeting, consisting of the right to have the lands of said locations protected by having the surface of such adjoining lands slope from the boundaries of said locations; that for this purpose the sum of two thousand ($2,000) dollars be and hereby is appropriated, and that said sum be transferred from the amount unexpended of the appropriation for the acquisition of similar easements under Article 39 of the Warrant for the Annual Meeting of 1929, and further, that said sum be expended under the direction of said Joint Board.

Angus P. MacDonald made a motion that Article 26 be now taken up but withdrew his motion.

On motion of Angus P. MacDonald:

Voted: That Article 63 be now taken up. (Connection: Old and New High School Buildings.)

Voted (unanimously):

That the Town do not vote to appropriate the sum of six thousand ($6,000) dollars or any other sum, to connect the classroom section "northwest" of the new High School Building with the present old High School Building.

On motion of Angus P. MacDonald:

Voted: That Article 64 be taken up. (Widening of Massachusetts Avenue.)

On substitute motion of Hollis M. Gott it was

Voted:

That the sum of ten thousand ($10,000) dollars be and hereby is appropriated for the construction of and/or specific repairs upon all or any part of that portion of the way called Massachusetts Avenue extending from Central Street to Highland Avenue; that said sum be raised by general tax and expended under the direction of the Joint Board of Selectmen and Board of Public Works; and further that this appropriation be used with a sum or sums allotted by the Division of Highways in the Department of Public Works of the Commonwealth or the County Commissioners, or both.

On motion of Angus P. MacDonald:

That Article 26 be taken from the table. (Construction of Accepted Ways.)

A substitute motion was offered by Angus P. MacDonald, substituting the amounts of money required to build the streets which the Town Meeting has voted for, in place of those recommended by the Finance Committee.

A request was made that an amendment be made in the substitute motion providing that "The labor to be performed by men residing in Arlington."

The question of amendment being put before the meeting was voted upon and lost.

The question then before the meeting was the substitute motion as offered by Angus P. MacDonald.

Voted (unanimously):

That the sum of one hundred sixty-five thousand eighty two and 47/100 ($165,082.47) dollars be and hereby is appropriated for the original construction of public ways, the laying out of which is accepted at this meeting, including land damages and the cost of pavement and sidewalks laid at the time of such construction, all under the provisions of law authorizing the assessment of betterments; that for this purpose the sum of six thousand five hundred forty-three and 20/100 ($6,543.20) dollars be taken from the unexpended balance of the 1930 street construction appropriation now available in the treasury, the sum of one hundred eight thousand five hundred thirty-nine and 27/100 ($108,539.27) dollars be raised by general tax, and for the balance fifty thousand ($50,000) dollars the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the said sum of fifty thousand ($50,000) dollars and to issue bonds or

notes of the Town therefor, said bonds or notes to be payable in accordance with Section 19 of Chapter 44 of the General Laws, and all Acts in addition thereto or amendment thereof, so that the whole loan shall be paid in not more than ten (10) years from the date of issue of the first bond or note or at such earlier date as the Treasurer and Selectmen may determine; and further, that the said sum of one hundred sixty-five thousand eighty-two and 47/100 ($165,082.47) dollars be expended under the direction of the Board of Public Works, substantially as follows, except that such amounts thereof, not exceeding a total of one thousand ($1,000) dollars, as may be awarded as damages by the Joint Board of Selectmen and Board of Public Works, shall be expended under the direction of the said Joint Board:

Field Road	(Article 13)	$5,879.95
Herbert Road	(Article 14)	18,863.30
Lockeland Avenue	(Article 15)	18,303.17
Washington Street	(Article 24)	39,140.52
Aerial Street	(Article 8)	18,395.70
Quincy Street	(Article 19)	27,665.24
School Street	(Article 20)	23,696.49
Varnum Street	(Article 23)	13,138.10
		$165,082.47

The Moderator called the attention of the Town Meeting Members to the fact that when the business of Article 30 was taken up Article 30 was not declared disposed of.

Article 30 declared disposed of.

On motion of Elliott R. Barker:

Voted: That Article 3 be taken from the table.

Elliott R. Barker, Chairman of the Peirce School Building Addition Committee, made the following report:

Mr. Moderator and Town Meeting Members:

At the Town Meeting of March 28, 1928, it was voted: That a committee of five be appointed by the Moderator to procure plans and specifications for the construction of an eight-room addition to the present Peirce School building, and also estimates of the cost of such addition, and of the original equipment and furnishings thereof, and of the grading of the grounds of said school, such committee to have the power to fill vacancies and to report to the Town in 1929; and that the sum of $500 be and hereby is appropriated for the use of said committee.

In accordance with this vote the Moderator appointed a committee as follows:

ELLIOTT R. BARKER, Chairman.
CHARLES B. DEVEREAUX.
WILLIAM A. CORCORAN.
FOSTER P. DOANE.
THOMAS J. DONNELLY, Jr.

Your committee made a careful study of this building project, made a report at the Town Meeting held March 27, 1929, were named a building committee to which the inspector of buildings was added, and $120,000 appropriated for the proposed addition and furnishings. Further sums were appropriated for walks and grading and for changes to the existing building as itemized below.

Our townsman, Mr. Howard B. S. Prescott, made the plans for this addition, and when the bids were opened we found that another Arlington man doing business under the name of J. M. Dolan Company was the low bidder, so we were glad to award the contract to him. We wish at this time to thank both of these men for their interest in and their good work on this building.

Our work is now completed and we are pleased to render the following account of our receipts and expenditures:

Building and Furnishings: Appropriation . .		$120,000.00
Expenditures:		
Architect	$6,468.95	
General Construction	106,701.82	
Furnishings	6,001.09	
		119,171.86
Balance		$828.14
Walks, Grading, and Alterations in Existing Building:		
Appropriations:		
April 17, 1929	$9,000.00	
April 9, 1930	6,500.00	
January 14, 1931	4,000.00	
		$19,500.00
Expenditures		15,377.29
Balance		$4,122.71

This balance of $4,122.71 will be expended by the School Department, according to the vote of the Town Meeting of January 14, 1931, as your committee, having completed the eight-room addition for which it was originally organized, now wishes to complete its duties and be discharged.

Respectfully submitted,

(Signed) ELLIOTT R. BARKER, Chairman.
(Signed) CHARLES B. DEVEREAUX.
(Signed) WILLIAM GRATTO.
(Signed) FOSTER P. DOANE.
(Signed) THOMAS J. DONNELLY, Jr.

March 31, 1931.

On motion of Angus P. MacDonald:

Voted: That the report be accepted and the Committee discharged.

Voted (unanimously).

The following report of the Junior High West Committee was read by the Moderator:

On motion of Angus P. MacDonald:

Voted: That the report be accepted and the committee discharged.

Voted (unanimously).

CHAIRMAN SCHOOL COMMITTEE,
Arlington, Mass., December 15, 1930.

The Committee of Junior High West having completed its work submits final report:

	Amount Appropriated	*Expended*	*Balance*
Construction	$130,000.00	$129,665.12	$334.88
Furniture and Fixtures	15,000.00	13,160.42	1,839.58
Showers	14,000.00	10,125.94	3,874.06
Grading	4,000.00	3,970.99	29.01
Balance unexpended			$6,077.53

Yours truly,

THOMAS J. DONNELLY, Chairman.
CLINTON W. SCHWAMB.
PHILIP EBERHARDT.

There being no further business under Article 3 the Moderator declared Article 3 disposed of.

The Moderator declaring that all business in the Warrant calling this meeting having been disposed of, the meeting was adjourned at 10 P.M.

A true record, Attest:

E. CAROLINE PIERCE,
Town Clerk.

TOWN WARRANT

The Commonwealth of Massachusetts, Middlesex, s.s.
To the Constables of the Town of Arlington, in said County:

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the Town of Arlington to meet in the Town Hall, in said Town, on Wednesday, the 15th day of July, 1931, at eight o'clock P.M., to act on the following Articles, viz.:—

Article 1. To hear and act upon the reports of the Finance and other committees heretofore appointed.

Article 2. To see if the Town will construct a building or buildings to be used for the purposes of the Board of Public Works and/or any other Town boards or officers or for any municipal purpose or purposes, upon the land of the Town, known as the Town Yard at Hobbs Court; will alter or add to the present building on said land; provide for one heating plant for such buildings with the necessary connections; make an appropriation or appropriations for such construction, including the cost of original equipment and furnishings, and/or such alteration, addition and provisions; determine in what manner

the money shall be raised and expended; or take any action relating to all or any of the foregoing.

(Inserted at the request of the Permanent Committee on Town Yard.)

Article 3. To see if the Town will make an appropriation or appropriations for equipment, tools, materials and/or horses for the department of the Board of Public Works, and/or for the use of said Board; determine in what manner the money shall be raised or expended; or take any action in any way relating to anything hereinbefore mentioned.

(Inserted at the request of the Board of Public Works.)

Article 4. To see if the Town will sell, convey or otherwise dispose of all or any of the buildings on the land of the Town known as the Old Town Yard on Summer Street; will construct a building for use as a wagon shed or otherwise on the land of the Town, known as the Town Yard on Hobbs Court; make an appropriation or appropriations for the purposes aforesaid; determine in what manner the money shall be raised and expended; or take any action relating to all or any of the foregoing.

(Inserted at the request of the Board of Public Works.)

Article 5. To see if the Town will make an appropriation for the extension of the Sewerage System from the corner of Appleton Street and Wollaston Avenue, through private land, through George Street, Florence and Wachusett Avenues to Park Avenue, and the extension of a surface water drain in Florence and Wachusett Avenues; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of more than one hundred (100) registered voters.)

Article 6. To see if the Town will make an appropriation for the partial grading of the High School lot;

determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Building Committee of the New High School.)

Article 7. To see if the Town will increase the membership of the Committee appointed under vote of the Town passed May 26, 1930, to investigate and study the Public Library Accommodations at Arlington Heights, by adding thereto the Chairman of the Library Trustees and the Inspector of Buildings; will authorize said Committee to procure plans and estimates for altering, repairing, or adding to the building on the land of the Town situated at the corner of Park Avenue and Paul Revere Road, and/or for constructing a new building on said land; appropriate the sum of three hundred ($300) dollars or any other sum for the use of said Committee, determine in what manner the money shall be raised; or take any action relating to all or any of the foregoing.

(Inserted at the request of the Committee appointed to investigate Library accommodations at Arlington Heights.)

Article 8. To see if the Town will amend Section 2 of Article 8 of the Town's By-Laws, relating to the Finance Committee, by inserting after the words "town office" the words "other than town meeting membership," so that said section shall read: "No person holding either elective or appointive town office other than town meeting membership and no town employee shall be eligible to serve on said committee"; will amend said section in any other manner; make an appropriation for the publishing and/or printing of said section as amended and/or said article; or take any action relating thereto.

And you will notify and warn the voters of the Town of Arlington to meet at the time and place herein specified by leaving at every dwelling house in the Town a printed copy of this Warrant, and also by posting a copy of the

same at the doors of the Town Hall, and in a conspicuous place in each of the fourteen precincts of the Town, seven days at least prior to the time of said meeting.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, on or before said day and hour of meeting.

Given under our hands, at said Arlington, this twenty-second day of June, in the year of our Lord one thousand nine hundred and thirty-one.

HOLLIS M. GOTT,
WILLIAM O. HAUSER,
ARTHUR P. WYMAN,
Selectmen of the Town of Arlington.

CONSTABLE'S RETURN

Arlington, Mass., July 7, 1931.

Middlesex County:

By virtue of this Warrant I have notified and warned the legal voters of the Town of Arlington to meet at the times and places and for the purposes herein named by causing a printed attested copy of the same to be left at every dwelling house in the Town, and by posting an attested copy at the doors of the Town Hall seven days at least before said day of meeting and by posting attested copies in two or more conspicuous places in each voting precinct in the Town. A notice of the time, place and object of the meeting was published in the local paper.

(Signed) JOHN A. EASTON,
Constable, Town of Arlington, Mass.

SPECIAL MEETING

Arlington, July 15, 1931.

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town of Arlington, by a constable of the said Town, and sent by mail by the Town Clerk seven days before the day of meeting to the Town Meeting Members duly elected and qualified to act in Town Meetings in Arlington, the Town Meeting Members met at the Robbins Memorial Town Hall in said Town on Wednesday, July 15, 1931, at eight o'clock in the evening.

Lists of the duly qualified Town Meeting Members were used at the entrances of the meeting place and were in charge of Albert K. Peirce and James E. Sweeney.

The check lists filed with the Town Clerk at the close of the meeting showed that 149 members attended the meeting.

James C. Carr, stenographer, was sworn by the Town Clerk to impartially and correctly report the proceedings of the meeting to the best of his ability.

The Moderator called the meeting to order at 8.15 o'clock P.M.

The Moderator swore to the faithful performance of their duties the Town Meeting Members who had not already been sworn.

On motion of Hollis M. Gott:

Voted: That if all the business of the meeting as set forth in Warrant is not disposed of on this date the meeting adjourn to Wednesday, July 22, 1931, at eight o'clock.

On motion of Ernest W. Davis:

Voted (unanimously): That the report of the Finance Committee as presented in printed form be received.

On motion of Ernest W. Davis:

Voted (unanimously): That Article 1 be taken up (Reports of Committees).

F. Leo Dalton offered the following report:

REPORT OF THE COMMITTEE ON TOWN YARD

On March 24, 1919, the Town passed the following vote:

"That the Town discharge the present Committee on Town Yard and that the Moderator appoint a permanent Committee consisting of three members, two members of which shall be respectively a civil engineer and a contractor, and the third the Chairman of the Board of Public Works, ex-officio. This permanent committee shall report to the Town not later than the annual meeting of March, 1920, its recommendation for a permanent Town Yard. Following the selection of a location the said committee shall report its recommendation from time to time, as to any construction required.

All construction authorized for this purpose by the Town shall be under the charge of said committee until the plant is completed, unless they may be relieved of their duties by vote of the Town. Any vacancies in the committee shall be filled by appointments by the Moderator.

And further, that the sum of fifty dollars shall be appropriated by the Town to defray any necessary expenses of the committee.

The Moderator appointed W. S. Fairchild, W. F. Robinson, and T. D. Kennedy, to serve on this committee.

It would seem, therefore, that it was the intention of the Town at that time to not only select a site for a new central Town Yard, but to develop such and concentrate within it all the Yard activities of the Board of Public Works. This is shown by the various steps taken in that direction since the appointment of the original committee consisting of Mr. Walter F. Robinson, civil engineer, and Mr. William S. Fairchild, contractor, as required by the vote, together with the various Chairmen of the Boards of Public Works, ex-officio.

March 22, 1908, the Town voted to purchase the land for a Town Yard at Hobbs Court, consisting of about three and one half acres.

April 7, 1927, under Article 56 of the Town Warrant, the Town voted to construct a building or buildings to be used for the purposes of the Board of Public Works upon the land of the Town known as the Town Yard at Hobbs Court. For this purpose the sum of $32,000.00 was appropriated, same to be expended under direction of the Committee on Town Yard. On June 9, 1927, the construction of a Garage Building and Garbage Receiving Building was started, the Garage Building being sixty-five feet in width by one hundred forty-two feet in length. The type of construction was of concrete blocks with wooden roof.

March 28, 1928, under Article 21 of the Town Warrant, the Town voted to construct a building or buildings to be used for the purposes of the Board of Public Works, upon the land of the Town, known as the Town Yard at Hobbs Court. For this purpose the sum of $15,000.00 was appropriated, same to be expended under direction

of the Board of Public Works. With this appropriation a building known as the Water shop was constructed to care for the work of the Water Department. The building was of concrete block and wooden roof construction, one story high, eighty-five feet in width by forty-four feet.

All of this work was done at the request of the Committee on Town Yard as originally appointed, except for the different Chairmen of the Board of Public Works from year to year, the entire construction of the Garage and Garbage Receiving Building being under its direction. However, in December of 1928, Mr. Fairchild moved from Town, leaving the committee without a Chairman.

That it has always been the intention of the committee to house all the Yard activities of the Board of Public Works at the Hobbs Court Yard and abandon the Summer Street Yard is a fact, as the original appointees testify, and past Chairmen of the Board of Public Works agree.

Since the erection of the Water Shop nothing has been done to further this program, as it was the belief of the Committee that building prices were high and that the schools and other construction work was taking most of the available funds of the Town. Hence at considerable inconvenience and considerable yearly expense for maintenance and upkeep, the use of the old yard at Summer Street was continued.

On May 29, 1931, a disastrous fire occurred in the stable on Summer Street, destroying not only the stable and part of another building adjoining, but thirteen horses and much property of the Town housed therein. What was to be done? The three horses left, together with other horses hired as a temporary measure, have been housed the past several weeks in an open wagon shed.

At the time of the fire Messrs. Walter F. Robinson and F. Leo Dalton comprised the Town Yard Committee, and were members of the Board of Public Works as well.

Mr. Robinson has been a member of the Committee on Town Yard since its organization March, 1919, and is serving his sxith year as a member of the Board of Public Works. Mr. Dalton, present Chairman of the Board of Public Works, is serving his third year as a member of the Board. Both men having kept in close touch with the workings of the Public Works Department, are fully aware of its needs.

These two felt it inadvisable to rebuild the stable on the present site for two reasons: First, it was always intended to concentrate all yard activities on the Hobbs Court site; second, all of the buildings at Summer Street Yard are old third-class wooden buildings and fire hazards, and a new stable at that location, even if of first class construction, eould be liable to fire from without, and the cost of such a building would be money ill spent, when the ultimate move to Hobbs Court was made.

Therefore, the two members of this committee hereinbefore mentioned notified the Town Clerk of the vacancy existing in the committee and asked the Selectmen for a Special Town Meeting, that the matter might be presented to the Town, and employed Mr. G. Bertram Washburn, Architect, to prepare sketches of a proposed building on Hobbs Court site, to take care of all the remaining Public Works activities at Summer Street Yard. After various consultations with the Architect at the Yards and elsewhere, the site of the proposed building and the needs of the Department were agreed upon and sketches were prepared which, after several changes, were approved.

In the meantime, the Town Clerk failing to find any

written resignation from Mr. Fairchild, the contractor member of the committee, communicated with him and received this, then in accordance with the specific provision in the original vote regarding vacancies, the Moderator was requested to fill said vacancy.

Mr. John E. Mitchell was appointed on June 22, 1931, to fill the vacancy, and the committee met Wednesday, June 24, 1931, as a full committee, at which time a new Chairman was elected, and the blueprint sketches which have been displayed in the foyer of this Hall tonight were shown. The committee held another meeting Thursday, June 25, 1931, at which time Mr. Mitchell was shown both Summer Street and Hobbs Court Yards.

On Friday, June 26th, the committee met with the Finance Committee, filing with them a set of sketches and specifications, together with a request for an appropriation.

The report of the Finance Committee is before you. We, the undersigned members of the Committee on Town Yard, propose presenting a substitute motion for that of the Finance Committee asking for an appropriation to build this building.

The following is a detailed statement of expenditures made under the direction of your committee.

In the construction of the Garage Building and the Garbage Receiving Building the committee engaged Mr. Eugene T. Nolte of Boston as architect.

June 9, 1927, the contract for the construction of a Garage Building and Garbage Receiving Building was awarded to D. F. & W. G. Burns of Boston, they submitting the low bid of eight bidders.

The following is a statement of expenditures:

Construction of buildings	$25,696.66
Architect	917.08
Plans and engineering	238.38
Removal of old building	100.00
Insurance	154.00
Sewer and water connections	220.13
Excavation for roadway and retaining wall	1,687.50
Bridge	1,608.07
Retaining wall	776.13
Grading and miscellaneous labor	543.22
Total cost	$31,941.17

As regards to the expenditure for the construction of the building known as the Water Shop, report of expenditure will be found in the Town Report of 1928.

In the year 1930 a metal building to be used for the purpose of filling lanterns with oil was erected upon the land of the Town, known as the Town Yard at Hobbs Court.

The plan of the Town Yard Committee to consolidate all divisions of the Public Works Department in one yard not being completed, your committee wishes to report progress.

F. LEO DALTON,
WALTER F. ROBINSON,
Committee on Town Yard.

The Moderator asked Mr. John E. Mitchell, a member of the Town Yard Committee, if he had refused to sign the report as presented by Mr. Dalton, Chairman. Mr. Mitchell stated that he had refused to sign the report.

On motion of Ernest W. Davis:

Voted: That the remaining articles in the Warrant be now taken up and that the recommendations of the Finance Committee under the various articles, as presented in their printed report, be considered as now before the meeting, to be voted upon without further motion respectively and in the order in which they appear in said Warrant.

Article 2 taken up. (Building in Town Yard at Hobbs Court.)

The following substitute motion was made by F. Leo Dalton:

Moved:

That the sum of twenty-two thousand three hundred ($22,300.00) dollars be and hereby is appropriated for the construction of a building to be used for the purposes of the Board of Public Works upon the land of the Town, known as the Town Yard at Hobbs Court and for providing for a heating plant for such building with necessary connections and including the cost of original equipment, grading and furnishings of such building and plant, substantially in accordance with sketches and data filed with the Finance Committee June 26, 1931, marked "Proposed Town Yard Building, Arlington, Mass."; that of said sum thirteen thousand, nine hundred and seventy ($13,970.00) dollars be taken from available funds now in the Treasury and the balance, eight thousand, three hundred and thirty ($8,330.00) dollars be raised by general tax; and that the said sum hereby appropriated shall be expended under the direction of the Permanent Committee on Town Yard under vote passed March 24, 1919, which shall have full authority so to construct said building within the sum herein appropriated.

G. Bertram Washburn, by consent of the M eeting, was permitted to explain the plan made by him for a building to be constructed at the Hobbs Court Yard. After a lengthy discussion of the subject on a substitute motion of Mr. Dalton put before the meeting by a rising vote, 52 voting in favor and 72 in opposition, the Moderator declared the substitute motion lost.

The original motion as set forth in the recommendation of the Financial Committee being put before the meeting it was

Voted: That the Town do not construct a building or buildings to be used for the purposes of the Board of Public Works and/or any other Town boards or officers, or for any municipal purpose or purposes, upon the land of the Town, known as the Town Yard at Hobbs Court; nor alter or add to the present building on said land; nor provide for one heating plant for such buildings with the necessary connections, and further that the Town do not make an appropriation or appropriations for such construction, including the cost of original equipment and furnishings, and/or such alteration, addition and provisions.

Article 3 taken up. (Equipment for Board of Public Works.)

On the substitute motion of Mortimer H. Wells it was

Voted (unanimously): That the additional sum of eight thousand ($8,000) dollars be and hereby is appropriated for Highway Maintenance and Expenses; for the purchase of equipment, tools, materials and/or horses for the department of the Board of Public Works, and/or for the use of said Board; said sum to be taken from available funds in the Treasury and expended under the direction of the Board of Public Works.

Article 4 taken up. (Disposal of Property Damaged by Fire.)

On the substitute motion of Mortimer H. Wells it was

Voted (unanimously): That the Board of Public Works be and hereby is authorized to raise and dispose of all or a part of the old building or buildings situated in the Old Town Yard on Summer Street and recently damaged by fire, and enclose such remaining portion of said building or buildings as may need to be protected; and that for said purposes the sum of one thousand ($1,000) dollars be and hereby is appropriated, said sum to be taken from available funds in the Treasury and expended under the direction of the Board of Public Works.

Article 5 taken up. (Extension of Sewerage System and Storm Drain.)

Mr. William A. Muller requested that information be given explaining the reason why extension of sewerage system appropriation should be made other than at the Annual Meeting. M. Edward Gaddis explained to the meeting that it was an emergency case.

Voted: That the sum of twenty-seven thousand ($27,000.00) dollars be and hereby is appropriated for the extension of the Sewerage System from the corner of Appleton Street and Wollaston Avenue, through private land, through George Street, Florence and Wachusett Avenues to Park Avenue; and that the sum of three thousand ($3,000.00) dollars be and hereby is appropriated for the extension of a storm drain in Florence and Wachusett Avenues; and that said sums be raised by general tax and expended under the direction of the Board of Public Works.

Article 6 taken up. (Partial Grading of High School Lot.)

Voted (unanimously): That the sum of seven hundred ($700) dollars be and hereby is appropriated for the partial grading of the High School lot, said sum to be raised by general tax and expended under the direction of the Board of Selectmen.

Article 7 taken up. (Library Accommodations at Arlington Heights.)

Voted (unanimously): That the membership of the committee appointed under the vote of the Town passed May 26, 1930, to investigate and study the Public Library Accommodations at Arlington Heights be increased by adding thereto the Chairman of the Library Trustees and the Inspector of Buildings and that said committee be authorized to procure plans and estimates for altering, repairing or adding to the building on the land of the Town situated at the corner of Park Avenue and Paul Revere Road, and/or for constructing a new building on said land; that the sum of three hundred ($300) dollars be and hereby is appropriated for the use of said committee, said sum to be raised by general tax.

Article 8 taken up. (Amendment to Town's By-Laws; re Finance Committee.)

Voted (unanimously): That Section 2 of Article 8 of the Town's By-Laws, relating to the Finance Committee, be amended by inserting after the words "town office" the words "other than town meeting membership," so that said section shall read:

"No person holding either elective or appointive town office other than town meeting membership and no town employee shall be eligible to serve on said committee;"

that the sum of fifty ($50) dollars be and hereby is appropriated for the publishing and/or printing of said section as amended and/or said article, said sum to be raised by general tax and expended under the direction of the Board of Selectmen.

On motion of Roger W. Homer:

Voted: That Article 1 be taken from the table. There being no further business under Article 1 the Moderator declared the same disposed of.

On motion duly seconded it was

Voted: To adjourn.

The meeting adjourned at 9.55 P.M.

A True Record, Attest:

E. CAROLINE PIERCE,
Town Clerk.

TOWN WARRANT

The Commonwealth of Massachusetts, Middlesex, s.s.

To the Constables of the Town of Arlington, in said County:

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the Town of Arlington, to meet in the Town Hall, in said Town on Wednesday, the 4th day of November, 1931, at 8 o'clock P.M., at which time and place the

following articles are to be acted upon and determined exclusively by town meeting members, in accordance with, and subject to the referenda provided for by Chapter 642 of the Acts of 1920.

Article 1. To hear and act upon the reports of the Finance and other committees heretofore appointed.

Article 2. To see if the Town will accept a gift by the Misses Ida F. Robbins and Caira Robbins of the parcel of land with the buildings thereon bounded northeasterly by the Robbins Library site, southeasterly by the cemetery, southwesterly by land now or formerly of Swan, of the parsonage and of John Field, later of Myron Taylor, and northwesterly by land formerly of George Croome, now or formerly of Cousins, and other land of the Town sometimes called the "town hall site," being a portion of the homestead estate of the late Nathan Robbins, and of a certain other parcel of land about twenty (20) feet wide extending from said first mentioned parcel to Maple Street; authorize the Board of Selectmen to agree as to the provisions of the deed of said parcels including restrictions; or take any action relating thereto.

Article 3. To see if the Town will appropriate the additional sum of six hundred ($600) dollars or any other sum, to carry on the work relating to employment of the poor, the same to be expended under the direction of the Board of Selectmen; determine in what manner the money shall be raised; or take any action relating thereto.

Article 4. To see if the Town will make an additional appropriation of one thousand fifty ($1,050.00) dollars or of any other sum for the Health Department and/or for the eradication of mosquitoes by the Board of Health; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Board of Health.)

Article 5. To see if the Town will dedicate to, and use for, park and/or playground purposes the land of the Town on the westerly side of Grove Street known as the "Gravel Pit Lot"; determine by whom shall be exercised the powers conferred by Chapter 45 of the General Laws; or take any action relating thereto.

(Inserted at the request of the Planning Board and Board of Park Commissioners.)

Article 6. To see if the Town will name the tract of land consisting of the land given to the Town by the Arlington Gas Light Company and accepted by vote of the Town at the annual meeting of 1930, and the land of the Town heretofore known as the "Gravel Pit Lot" adjacent thereto, or any part of said tract, the "Ethel Wellington Memorial Playground" or take any action relating thereto.

(Inserted at the request of the Planning Board and Board of Park Commissioners.)

Article 7. To see if the Town will accept from the Ethel Wellington Memorial Fund Committee a sum of money for the improvement and development of the "Ethel Wellington Memorial Playground," said sum to be expended under the direction of the Board of Park Commissioners; or take any action relating thereto.

(Inserted at the request of the Planning Board and Board of Park Commissioners.)

Article 8. To see if the Town will make an appropriation for the improvement and development of the "Ethel Wellington Memorial Playground"; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Planning Board and Board of Park Commissioners.)

Article 9. To see if the Town will make an appropriation for constructing bathing beaches at the Reservoir at Arlington Heights and/or at Spy Pond; determine in

what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Planning Board and Board of Park Commissioners.)

Article 10. To see if the Town will make an additional appropriation for the Highway Division; for the widening on the southwesterly side thereof, of all or any portion of the roadway of Massachusetts Avenue from Pleasant Street to Whittemore Street; and/or for the repair thereof; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Committee on Unemployment and Board of Public Works.)

Article 11. To see if the Town will make an appropriation for the extension of the Sewerage System, the extension of Storm Drains, and for the extension of water mains in the district from Spring Street at Arlmont Street to Park Avenue at Arlmont Street; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Committee on Unemployment and Board of Public Works.)

Article 12. To see if the Town will appropriate the sum of two thousand ($2,000.00) dollars, or any other sum, for the grading of the High School grounds; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the School Committee.)

Article 13. To see if the Town will appropriate the sum of one thousand ($1,000.00) dollars, or any other sum, for the improvement of the grounds of the Junior High School "West"; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the School Committee.)

Article 14. To see if the Town will appropriate the additional sum of ten thousand ($10,000.00) dollars, or any other sum, for the Public Welfare Department; determine in what manner the money shall be raised and expended; or take any action relating thereto.

And you will notify and warn the voters of the Town of Arlington to meet at the time and place herein specified by leaving at every dwelling house in the Town a printed copy of this Warrant, and also by posting a copy of same at the doors of the Town Hall, and in a conspicuous place in each of the fourteen precincts of the Town, seven days at least prior to the time of said meeting.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, on or before said day and hour of meeting.

Given under our hands, at said Arlington, this twentieth day of October, in the year of our Lord one thousand nine hundred and thirty-one.

HOLLIS M. GOTT,
WILLIAM O. HAUSER,
ARTHUR P. WYMAN,
Selectmen of the Town of Arlington.

CONSTABLE'S RETURN

Arlington, Mass., November 4, 1931.

Middlesex County:

By virtue of this Warrant I have notified and warned the legal voters of the Town of Arlington to meet at the time and place and for the purposes herein named by causing a printed attested copy of the same to be left at every dwelling house in the Town, and by posting an attested copy at the doors of the Town Hall seven days at least before said day of meeting and by posting attested

copies in two or more conspicuous places in each voting precinct in the Town. A notice of the time, place and objects of the meeting was published in the local papers.

(Signed) JOHN A. EASTON,
Constable, Town of Arlington, Mass.

SPECIAL MEETING

Arlington, Mass., November 4, 1931.

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town of Arlington, by a constable of the said Town, and sent by mail by the Town Clerk seven days before the day of meeting to the Town Meeting Members duly elected and qualified to act in Town Meetings in Arlington, the Town Meeting Members met at the Robbins Memorial Town Hall in said Town on Wednesday, November 4, 1931, at eight o'clock in the evening.

Lists of the duly qualified Town Meeting Members were used at the entrances of the meeting place and were in charge of David L. Peirce and James E. Sweeney.

The check lists filed with the Town Clerk at the close of the meeting showed that 174 members attended the meeting.

James C. Carr, stenographer, was sworn by the Town Clerk to impartially and correctly report the proceedings of the meeting to the best of his ability.

The Moderator called the meeting to order at 8.10 o'clock P.M.

The Clerk read the call and the Constable's Return of the Warrant, the reading of the remainder of the Warrant being waived by the unanimous consent of the meeting.

Town Meeting Members not already sworn were sworn by the Moderator.

On motion of Hollis M. Gott:

Voted: That if all the business of the meeting as set forth in Warrant is not disposed of on this date the meeting adjourn to Thursday, November 12, 1931, at 8 o'clock P.M.

On motion of Hollis M. Gott:

Voted: That Article 1 be taken up.

Article 1 taken up. (Reports of Committees.)

On motion of Ernest W. Davis:

Voted: That the report of the Finance Committee as it appears in the printed form be now received.

On motion of Ernest W. Davis:

Voted: That Article 1 be laid on the table.

On motion of Ernest W. Davis:

Voted: That the remaining articles in the Warrant be now taken up and that the recommendations of the Finance Committee under the various articles as presented in their printed report be considered as now before the meeting, to be voted upon without further motion separately and in the order in which they appear in said Warrant.

Article 2 taken up. (Gift of Land and Buildings.)

Voted (unanimously): That the Town accept a gift

by the Misses Ida F. Robbins and Caira Robbins as a memorial to their grandfather, Nathan Robbins, and their grandmother, Eliza Parker Robbins, of the land with the mansion and other buildings thereon hereinafter described, being the parcels mentioned in Article 2 of the Warrant, for the enlargement of the library lot and/or the Town Hall lot; that the Board of Selectmen be and hereby is authorized to agree as to the provisions of the deed of said parcels, including restrictions; that said mansion be called "The Nathan Robbins House"; and further that in appreciation of this gift, the thanks of the Town be sent by the Town Clerk to the donors.

Said land is shown upon a plan entitled "Plan of Estate of Ida F. and Caira Robbins, Arlington, Mass. Scale 1″ =40′. October 23, 1931, James M. Keane, Town Engineer," on file in the office of the Town Engineer, and is bounded according to said plan as follows:

Southeasterly by the Pleasant Street Cemetery marked on said plan "Town of Arlington" two hundred twenty-seven (227) feet;

Southwesterly by land now or formerly of George A. and Charles H. Swan, of the Orthodox Congregational Church and of Edith T. Warren two hundred thirty-eight and 97/100 (238.97) feet;

Southeasterly again by said Warren land one hundred six (106) feet;

Southwesterly again by Maple Street twenty (20) feet;

Northwesterly by land now or formerly of Harriet M. Eagleson one hundred six (106) feet;

Southwesterly again by said Eagleson land eighteen and 95/100 (18.95) feet;

Northwesterly again by land now or formerly of Katharine E. Hall and of said Town two hundred forty-one and 30/100 (241.30) feet; and

Northeasterly by land of said Town two hundred sixty-three and 84/100 (263.84) feet; containing according to said plan 63,698 square feet more or less.

On motion of Ernest W. Davis the following Resolutions as presented by Hollis M. Gott, Chairman of the Board of Selectmen of the Town of Arlington, were unanimously adopted.

Whereas, the Misses Ida and Caira Robbins have given to the Town of Arlington the stately Robbins Mansion with its spacious grounds, as a memorial to their beloved grandfather and grandmother, the late Nathan Robbins and Eliza Parker Robbins, and

Whereas, the Town by a unanimous vote under Article 2 of this Warrant, has accepted the gift, which together with the Robbins Memorial Library and the Robbins Memorial Town Hall, given by other members of the Robbins family, are a notable contribution to the public buildings of the Town and the beauty of Arlington's Civic Centre, and

Whereas, the very real and deep personal interest in the Town of Arlington is evidenced by the continued generosity of the remaining members of the Robbins family, be it

Resolved: That the Citizens of the Town of Arlington desire to express to the Misses Robbins their sincere and heartfelt thanks for this munificent gift and their appreciation of the generous impulses and love of Arlington which actuated the donors, with the hope that the gratitude herein expressed may be to them a fragrant memory through life, and be it further

Resolved: That these resolutions be spread upon the records of this meeting and a copy forwarded to the Misses Ida and Caira Robbins.

Article 3 taken up. (Additional Appropriation—Work Relating to Employment.)

Voted (unanimously): That the additional sum of six hundred ($600) dollars be and hereby is appropriated to carry on the work relating to employment of the poor; and that said sum be taken from available funds now in the treasury and expended under the direction of the Board of Selectmen.

Article 4 taken up. (Additional Appropriation—Eradication of Mosquitoes.)

Voted (unanimously): That the additional sum of one thousand fifty ($1,050) dollars be and hereby is appropriated for the Health Department for the eradication of mosquitoes; that for this purpose said sum of one thousand fifty ($1,050) dollars be and hereby is transferred from unexpended Town Barn Fire Loss Receipts now in the Treasury; and that said sum be expended under the direction of the Board of Health.

Article 5 taken up. (Dedication of Land of Town to Park and/or Playground Purposes.)

Voted (unanimously): That the Town dedicate to, and use for, the purposes of a public playground the land of the Town situated on the westerly side of Grove Street and known as the "Gravel Pit Lot"; and that the powers conferred by Chapter 45 of the General Laws in relation thereto, be exercised by the Board of Park Commissioners.

Article 6 taken up. (Naming of Land for Park and/or Playground Purposes.)

Voted (unanimously): That the tract of land consisting of the land given to the Town by the Arlington Gas Light Company and accepted by vote of the Town at the annual meeting of 1930, and the land of the Town heretofore known as the "Gravel Pit Lot" adjacent thereto mentioned in Article 5 of the Warrant, together be named the "Ethel Wellington Memorial Playground."

Article 7 taken up. (Gift of Money for Improvement and Development of Playground.)

Voted (unanimously): That the Town accept from the Ethel Wellington Memorial Fund Committee a sum of money for the improvement and development of the "Ethel Wellington Memorial Playground" mentioned in Article 6 of the Warrant; and that said sum be expended under the direction of the Board of Park Commissioners.

Article 8 taken up. (Improvement and Development of Playground.)

Voted (unanimously): That the sum of two thousand five hundred ($2,500) dollars be and hereby is appropriated for the improvement and development of the "Ethel Wellington Memorial Playground"; that for this purpose said sum of two thousand five hundred ($2,500) dollars be and hereby is transferred from unexpended Town Barn Fire Loss Receipts now in the Treasury; and that said sum be expended under the direction of the Board of Park Commissioners.

Article 9 taken up. (Bathing Beaches at Reservoir and/or Spy Pond.)

Voted (unanimously): That the Town do not make an appropriation for constructing bathing beaches at the Reservoir at Arlington Heights and/or at Spy Pond.

Article 10 taken up. (Additional Appropriation—Widening and/or Repair Massachusetts Avenue.)

A substitute motion under this Article was offered by Lester W. Collins, Chairman of the Committee on Unemployment. Mr. Collins explained to the Town Meeting the reasons for this substitution and answered numerous questions of the Town Meeting Members relative to the unemployment conditions in Arlington.

Robert H. Patterson, President of the Arlington Chamber of Commerce, a non Town Meeting Member, presented, with the permission of the Moderator, the Resolution of the Chamber of Commerce on this Article, which is as follows:

At the meeting of the Chamber of Commerce held Tuesday, November 3, 1931, the following Resolution was adopted:

That the Chamber go on record unanimously in support of Article 10 of the Town Warrant to be acted on Wednesday, November 4, 1931, concerning the widening of Massachusetts Avenue.

On the substitute motion of Lester W. Collins being put before the meeting it was

Voted (unanimously): That the Town make an additional appropriation of $3,000.00 for the Highway Division, for the widening on the southwesterly side thereof, of all or a portion of the roadway of Massachusetts Avenue from Pleasant Street to Whittemore Street; and/or for the repair thereof; that for this purpose the said sum of $3,000.00 be and hereby is transferred from the unexpended balance of the 1930 Construction of Accepted Ways appropriation now in the Treasury; and that said sum be expended under the direction of the Board of Public Works.

Article 11 taken up. (Extension of Sewerage System, Storm Drains, Water Mains.)

A substitute motion under this Article was offered by Lester W. Collins, Chairman of the Committee on Unemployment. Mr. Collins explained to the Town Meeting Members the reasons for this substitution.

On the substitute motion being put before the Meeting it was

Voted: That the sum of $28,363.50 be and hereby is appropriated for the extension of the Sewerage System, the extension of Storm Drains, and for the extension of Water Mains, in the district from Spring Street at Arlmont Street to Park Avenue at Arlmont Street; that for this purpose the sum of $21,373.44 be and hereby is transferred from the unexpended balances of the following appropriations now in the Treasury:

1930 Construction of Accepted Ways	$1,000.00
Committee on Junior High School West Addition	474.15
Committee on Peirce School Addition	6.84
Committee on High School Plans	380.20
1930 Permanent Sidewalks and Edgestones	529.41
1930 Highway Maintenance	2,474.65
Junior High School West Furnishings and Equipment	1,839.58
Junior High School West Showers and Lockers	3,874.06
Junior High School West Walks and Grading	29.01
1930 Peirce School Grading	122.71
Interest	10,642.83
	$21,373.44

and that the sum of $6,990.06 be taken from available funds now in the Treasury; and that the said total sum of $28,363.50 be expended under the direction of the Board of Public Works, substantially as follows:

For the extension of the Sewerage System	$14,332.50
For the extension of Storm Drains	9,435.00
For the extension of Water Mains	4,596.00
	$28,363.50

Article 12 taken up. (Grading of High School Grounds.)

Voted (unanimously): That the sum of two thousand ($2,000) dollars be and hereby is appropriated for the grading of the High School grounds; that for this purpose the said sum of two thousand ($2,000) dollars be and hereby is transferred from the unexpended Schools Instructional Service appropriation now in the Treasury; and that said sum be expended under the direction of the School Committee.

Article 13 taken up. (Improvement of Grounds—Junior High School West.)

Voted (unanimously): That the sum of one thousand ($1,000) dollars be and hereby is appropriated for the improvement of the grounds of the Junior High School "West"; that for this purpose the said sum of one thousand ($1,000) dollars be and hereby is transferred from unexpended Schools Instructional Service appropriation now in the Treasury; and that said sum be expended under the direction of the School Committee.

Article 14 taken up. (Additional Appropriation for Public Welfare Department.)

Voted (unanimously): That the additional sum of ten thousand ($10,000) dollars be and hereby is appropriated for the Public Welfare Department to be expended for aid; and that the said sum be taken from available funds now in the Treasury and expended under the direction of the Board of Selectmen.

On motion of Ernest W. Davis:

Voted: That Article 1 be taken from the table.

There being no further business under Article 1, the Moderator declared Article 1 disposed of.

The Moderator declaring that all business in the Warrant calling this Meeting having been disposed of, the Meeting, on motion of Ernest W. Davis, was adjourned at 9.30 P.M.

A True Record, Attest:

E. CAROLINE PIERCE,
Town Clerk.

REPORT OF THE TOWN CLERK'S DEPARTMENT

Arlington, Mass., December 31, 1931.

The report of this department for year ending December 31, 1931, is herewith submitted:

For reports of Town Meetings, Cemetery Commissioners, and Registrars of Voters, all of which come under the work of this department, reference is made to those headings.

REPORT OF THE BOARD OF SELECTMEN

At the Annual Town Election held March 2, 1931, Mr. Arthur P. Wyman was re-elected a member of the Board for a term of three years. The Board organized with Mr. Hollis M. Gott, Chairman, and Mr. John A. Easton, Clerk.

The Selectmen sit on Monday evenings of each week to take up the various matters which are presented for their consideration, some of which are as follows, viz: weekly reports of and interviews with heads of departments; hearings on petitions for licenses for private garages; automobile repair shops and salesrooms; minor variations of the Zoning By-law; appointments with individuals, committees, representatives of organizations; consideration of complaints by letter or in person; granting and issuing licenses to auto dealers, common victuallers, junk dealers, theatres, dances, bowling alleys, auctioneers, intelligence offices, taxi-cabs, etc.

The Board has had the responsibility of constructing an addition to the High School which has entailed a tremendous amount of time and thought in addition to its regular duties.

One unit, known as Scheme A, has been completed, turned over to the School Department, and is now in use. Scheme B, so called, is in process of construction.

The report of the Inspector of Buildings shows a marked falling off in the volume of building construction this year as compared with former years. The decrease this year amounted to approximately four hundred thousand ($400,000) dollars.

ROBBINS MEMORIAL TOWN HALL

The Misses Ida F. and Caira Robbins, after an absence of ten years, returned from abroad this summer for a short visit.

The Selectmen took this opportunity to escort them on a tour of inspection through the Town Hall Building and around the grounds. They expressed with deep feeling their pleasure and delight in finding the building in such an excellent state of repair and the grounds so attractively landscaped.

The care bestowed in the maintenance of this property was an evidence to them that the officials and citizens of the Town appreciated this magnificent gift from the Robbins family to the Town of Arlington.

MENOTOMY HALL

This building is in constant use by the Boy Scouts, Girl Scouts, High School Girls' basketball classes, Spanish War Veterans and Auxiliary, American Legion, and commercial division of the Chamber of Commerce. The Arlington Welfare Council has been furnished with an office on the second floor. The two stores on the lower floor have been rented to S. K. Ames, Inc., and Rush and Hamlin at a satisfactory rental.

PUBLIC WELFARE DEPARTMENT

This year the general business depression has brought to this department many new problems and a large increase in the demands upon it to relieve the needs and suffering of those long out of employment. The following is the report of the agent:

The Honorable Board of Selectmen, Town Hall,
Arlington, Mass.

Dear Sirs:

The tide of relief is still mounting and threatening to engulf more and more of the great middle class, the backbone of our whole economic and social system. People are now being forced to apply for relief who ten years ago would have been horrified at the idea of losing their independence.

Unemployment weakens the body, destroys hope, kills the spirit, wrecks the home; and yet on the other hand the dole system often undermines the morale of a family, and has as devastating an effect in many instances as general financial debility.

It has been necessary to employ very different case work methods from those in vogue ten years ago, in order to meet the various requirements of intelligent clients, who are fully capable of managing their household affairs, but who have had little margin above bare subsistence; and have been drawn into the great maelstrom of unemployment.

In order to keep individual initiative alive and yet avoid the bad business of malnutrition, we are faced by two entirely different evils. The highest form of charity is to free unfortunate people from the unnecessary infliction of relief wherever possible. However, at present there seems to be no doorway of escape. The people are forced to apply for assistance, and for this very seriuos situation there is no real remedy.

The various Town organizations have been in close and efficient co-operation with our department, and the Unemployment Committee has furnished invaluable

assistance as far as part-time work for able-bodied men is concerned. However, there are types that through physical handicap or age limitation cannot be fitted into the category of street labor, or even the lighter form of Town work. The families of these men must necessarily resort to Town aid.

We have searched for and endeavored to bring into force all the dormant driving power in a family, and as far as possible direct it into channels that will stimulate forces of self respect and bring material results. But where there is no work and no resource, and temporary relief is needed, we have been obliged in most cases to confine the allowance to an adequate grocery order, generous enough to insure proper nourishment for the children, and fuel. Obligations of rent have been assumed only where the necessity is so urgent that a crisis is imminent.

The Old Age Assistance legislation has come at a very unfortunate period in the life of a Town of the type of Arlington, where the aged, needy members of the community have been well cared for without ruining or distorting the service. Many applicants labor under the delusion that this new law was enacted to provide them with luxuries or some hitherto impossible material advantage. The reaction in cases where there is no real economic necessity is to confuse the elderly claimant and to create the impression that he has been defrauded of his inalienable rights. There are definite rules governing the disbursement, and as in all other forms of relief, departure from principle in most cases is disastrous. However, there are cases where all the State requirements have been met, that are being aided, where the need has been urgent, and the benefit has come at a period when the whole family structure has been about to collapse. A weekly assured income has cemented family relationships, and has given a sense of security to the aged recipient, which has been invaluable as a remedial agent. Twenty-eight cases have been aided from July 1st to December 31st.

A part time visitor, Miss Marion Danforth, who assists with the investigations and other duties of the department, has been added to the personelle of the department. It has been necessary to increase the number of hours required to the clerical assistant from two afternoons to six half days.

The summer has been a time of increasing demands, whereas formerly there has been a very marked decrease in the number of applicants for aid.

Three Mothers' Aid cases have been added, making a total of 11 Mothers' Aid cases.
108 cases are being aided with Arlington settlement.
38 cases are being aided with State settlement, and
39 cases are being aided with out-of-town settlements.

Expenditure for Mothers' Aid and Poor Relief for 1931	$55,187.82
Reimbursement for aid rendered	15,017.08
Net cost of Relief	$40,170.74

The increased amount of reimbursement for the years 1930 and 1931 indicates the substantial benefit obtained by careful follow-up work on settlements and budgets.

Respectfully submitted,

Board of Public Welfare,
(Signed) MARION L. SMITH, Agent.

POLICE DEPARTMENT

On January 5, 1931, Sergeant Archibald F. Bullock was appointed Chief of the Department, and assumed his new duties at once. Chief Bullock is a young man thirty-seven (37) years old with a background of fifteen years of police work.

During the past year he has reorganized the department, raised the morale of the men, won their confidence and esteem.

He is forward looking and progressive as shown by the introduction of a radio broadcasting system with scout or touring cars equipped with receiving sets covering the Town.

The law has been enforced, criminals apprehended and punished.

The extent of the department's activities will be found in the annual report of the Chief.

FIRE DEPARTMENT

The work of this department under the wise administration of Chief Tierney is so well known by the citizens as to require little comment.

Its efficiency has been maintained at its usual high standard as a result of which fire losses have been small.

Full details will be found in the annual report of the Chief.

GENERAL MATTERS

The committee appointed in November, 1930, by the Selectmen for the purpose of aiding the unemployed continued their work until the 22nd of May, at which time the committee dissolved, having completed its duties.

Administrative expenses of committee	$1,029.89
Number of persons registered	940
Number of jobs obtained	1,760
Number of persons placed in employment	1,699
Wages reported by workers	$12,156.56

The unemployment situation became again acute in the fall and the Selectmen appointed a new committee to take up the matter of finding relief for those out of employment.

A Special Town Meeting was called in November and appropriations were made to provide funds for use of committee to take care of administrative expenses. An office was provided in the Old Town Hall for the committee's use.

Appropriations were made to carry forward several projects which furnished employment for approximately two hundred and fifty (250) workers on part time covering a period of several weeks.

Owing to the number of cases of rabies reported in the Metropolitan Area and upon the request of the Commonwealth of Massachusetts, Division of Animal Industry, the Board passed an order July 6, 1931, restraining dogs from running at large for a period of ninety (90) days.

ROBBINS HOMESTEAD

The Misses Ida F. and Caira Robbins presented to the Town the stately Robbins Mansion with its spacious grounds as a gift in memory of their grandfather and grandmother, the late Nathan Robbins and Eliza Parker Robbins, to be used for such purposes as the Selectmen deemed to be desirable.

This generous gift was accepted by the Town by vote of the Town Meeting Members at the Special Town Meeting held November 4, 1931.

LEGISLATION

The members of the Board have attended hearings at the State House upon matters affecting the interests of the Town, and have advised the Senator and Representatives relative to action upon legislation in the interest of the Town.

The members of the Board express their appreciation of the co-operation given by individuals, committees, organizations and departments in assisting them in the performance of their duties.

HOLLIS M. GOTT,
WILLIAM O. HAUSER,
ARTHUR P. WYMAN,
Selectmen of the Town of Arlington.

REPORT OF THE INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen,
Arlington, Massachusetts.

Gentlemen:

I herewith submit my report as Inspector of Animals for the year ending December 31, 1931.

The inspection of premises where cattle, sheep and swine were kept was made between December 26, 1930, and January 28, 1931, and four (4) places were re-inspected by me in September by order of the Director of the Division of Animal Industry.

Number of premises inspected	14
Number of cattle inspected	28
Number of sheep and goats inspected	6
Number of premises inspected after disinfection	1

The number of owners of cattle are few and the state condemned only one cow this year in the Town for tuberculosis.

The greater part of the work of the Inspector of Animals consists in quarantining and examining dogs for biting people, and the following table shows that there was an increase in the number of bite cases and also in the number of cases of rabies.

Number of dogs quarantined for biting people	102
Number of dogs quarantined for contact with rabies cases	5
Number of cats quarantined for contact with rabies cases	2
Number of dogs and cats heads sent to Laboratory.	8
Number of dogs and cats heads reported positive	5
Number of dogs and cats heads reported negative	3
Number of rabies cases reported from outside	4

Total number of rabies cases	10
Number of persons bitten by rabid animals	2
Number of calls made on dogs and cats	226
Total number of calls made as Inspector	240

Comparison

	1930	*1931*
Rabies cases,	4	10 (7 dogs, 3 cats)
Dogs and cats quarantined,	87	104
Number of calls,	214	240

The gradual increase each year in the number of dog bite cases shows that there is a chance for improvement in the way in which the average owner restrains his dog, if he wishes to avoid chances of injury to his neighbor or the passing stranger.

The owner of a dog which is known to be easily excited and liable to bite children and strangers who may tease or provoke him, should be more careful that such dogs are kept within the limits of their own premises.

I wish to express my sincere thanks to the Police Department and the Board of Health for their courtesy and help during the year.

Respectfully submitted,

CHESTER L. BLAKELY, M.D.V.
Inspector of Animals.

REPORT OF BOARD OF APPEAL

January 1, 1932

To the Board of Selectmen.

Gentlemen:

The Board of Appeal respectfully submits its third annual report.

During the year ending December 31, 1931, three appeals from the decision of the Inspector of Buildings were made to the Board, and four decisions were rendered.

Of the three appeals made during the year, the Board upheld the decision of the Inspector of Buildings in two cases, and reversed his decision in one case. The fourth decision made by the Board was on an appeal pending at the date of last report. In this case the Board upheld the decision of the Inspector of Buildings.

Respectfully submitted,

FREDERICK F. LOW,
ALTON F. TUPPER,
THOMAS J. DONNELLY,
Board of Appeal.

REPORT OF INSPECTOR OF BUILDINGS

January 18, 1932.

To the Honorable Board of Selectmen,
Arlington, Massachusetts:

Gentlemen:

I herewith submit my report of the inspection of buildings, plumbing and gas for the year ending December 31, 1931.

Five hundred and eighteen building permits have been issued, amounting in value to $1,781,485. Of the foregoing, 194 permits were for one-family dwellings and 20 for two-family dwellings.

557 plumbing and 825 gas permits were issued for the year.

Fees collected for 1932	
518 Building permits.....	$1,767.00
577 Plumbing permits.....	1,280.75
825 Gas permits.....	412.50
1920	$3,460.25

The proportion of activity in the one and two-family houses continues about the same with a slight decrease in the number of permits, and, despite this fact, Arlington is still the second Town in the state in amount of residential construction.

The strict rules of the State Fire Marshal relating to construction of garages as part of the house did not deter many builders from this type of garage. Concrete slabs in garages, when part of the house, has caused much discussion amongst the builders who have operated in other Towns where this rule was not enforced, and it has caused no little trouble in inspection work. This rule

is now changed to conform to that of the past, that is—wire lath and cement plaster.

It is interesting to note that more additions and alterations to stores have taken place than heretofore. Some have been quite pretentious, while others have been just the new store fronts and entrances. The new Kresge store addition and alteration is one of the more pretentious and will result in a very modern store, with its new lighting effects and interior decoration.

Permits for two blocks of stores were issued during the year, which is a gain of one over last year.

Construction was started on the Brackett School, which is now near completion, also the addition to High School Addition was started.

A grand stand was erected on the Warren A. Peirce playground, seating capacity of which and usefulness has proven of great value in the sports life of our Town.

Though the need for a testing laboratory is still present we are grateful for continued use of outside facilities, as was mentioned in last year's report, and can forego consideration of a Town-owned laboratory until conditions are more favorable.

Three appeals have been made during the year, all of which sustained the Code. A decision held over from the year previous also was sustained.

To the Board of Selectmen and Town officials with whom we are in contact I wish to extend my thanks for their consideration and cooperation during the performance of my duties this past year.

Respectfully submitted,

WILLIAM GRATTO,
Inspector of Buildings.

REPORT OF FIRE DEPARTMENT—1931

January 1, 1932.

To the Honorable Board of Selectmen,
Arlington, Massachusetts.

Gentlemen:

I have the honor to present my ninth annual report as Chief of the Arlington Fire Department for the year ending December 31, 1931.

The manual force consists of forty-eight men, including Chief, Deputy Chief, six Captains, six Lieutenants, and thirty-four privates, also a Department Surgeon. Four men were appointed this year.

Two ladder trucks, four pumping units, and a special service truck are in active service. A Seagrave one thousand gallon capacity pumper was placed in service at headquarters July 2d, and known as Engine 4, replacing a Knox Combination that has been in continuous service since June, 1913. This piece and another Knox Combination, in service March 16, 1911, are held in reserve.

The Department responded to 156 box alarms, 245 still alarms (telephone calls) and 55 mutual aid calls (out-of-town), a total of 456 calls, 119 less than last year, which was the largest number of calls in the history of the Department.

Five false alarms were received. Last year we had two and in 1929, seven.

The total value of property endangered, the insurance thereon, the loss sustained and the insurance paid, follows:

	Value	Insurance	Loss	Insurance Paid
Buildings	$508,100.00	$553,975.00	$39,655.90	$39,155.90
Contents	65,685.00	60,685.00	18,670.83	18,535.83
Total . .	$573,785.00	$614,660.00	$58,326.73	$57,691.73

APPROPRIATION

Appropriation (including $12,500.00 for Engine 4)	$127,299.00
Expended	126,946.70
Unexpended balance	$352.30

CREDITS

Fees for 90 permits to blast	$90.00	
Fees for 6 permits to keep gasoline	6.00	
Fees for 7 permits to sell fireworks	3.50	
Sale of junk	8.00	
		$107.50

CALL TO TEWKSBURY

Received call from State Infirmary at Tewksbury for special service truck, November 25th, at 2.50 A.M. to floodlight scene of serious fire on that property. Returned to quarters 6.41 A.M. A splendid letter of appreciation was received from State officials for the service rendered.

FIRE PREVENTION

The Department made 16,907 semi-monthly inspections of all places of business throughout the Town, in which only three fires occurred, one accidental and another of doubtful origin in the same store; the third fire was caused by a defective BX cable. Only three fires entailing a loss occurred in 1930 also.

Regular and systematic inspections, combined with honest merchants always ready and willing to assist the firemen, can and do prevent fires; in truth, the only combination that CAN "put them out before they start."

This was the ninth year that firemen on "off time" inspected the cellars of all dwellings. The inspection began September 28th and continued until the cellars of 6,739 dwellings were thoroughly inspected.

Of all fires in dwellings, only eleven started in the cellar, two more than last year.

What is said of the merchants is equally true of the householders, and the Town is to be congratulated on the carefulness of its population in this regard.

Following is some data compiled as a result of this annual inspection:

1930		1931
6494	Total houses	6739

HOUSES UNDER CONSTRUCTION

70	Single	80
11	Two-apartment	2
81	Houses under construction at time of inspection	82
154	Vacant apartments	198
588	Combustible roofs	580
3857	Garages on lot with house	4195
434	Oil burners (heaters)	573
9838	Total number of families	10114

NUMBER OF HOUSES EACH YEAR

1924, 3,918; 1925, 4,640; 1926, 5,170; 1927, 5,561; 1928, 5,924; 1929, 6,247; 1930, 6,494; 1931, 6,739.

Mercantile inspections, 16,907; house, 6,739; total, 23,646.

Fire drills were given in all public and private schools and a record made of the number of class rooms, exits used, and the time required to vacate each building. These records show that the pupils had received thorough training by the teachers.

Four hundred thirty-two extinguishers were recharged in schools, and other public buildings, garages, factories, etc.

Automatic fire plugs were installed on 267 gas meters, a total of 4,693 meters now protected since the first installation, February 1, 1924.

The drill tower was in constant use for the drilling and training of our own men, and seven firemen from Medford, six from Woburn, three from Lexington and two from Somerville received the thirty-days course of instruction.

RECOMMENDATIONS

I recommend that the Metropolitan District Water Commission be asked to erect a storage tank on Turkey Hill to furnish additional and adequate water supply for the northerly section of the Town.

On many occasions recently it has been clearly demonstrated that the present system of distribution—long feeders of insufficient capacity, with constantly increasing domestic consumption—was inadequate to properly protect this rapidly growing section. Thirty miles of main have been added to the system during the past six years. A break in a water main, liable to occur at any time, would cut off the entire supply during the period of repair.

This site, twelve acres, taken by the Town in 1913

for "park and water purposes" is a location from which abundant water supply could be furnished for its own section with the assurance of a reserve for emergencies. It is only seven inches less in height than Park Circle.

When this storage is provided, Arlington will be entitled to lowest cost insurance (Class A), which will be a tremendous saving to the property owners.

The assessed value of insurable property in 1931 was $52,399,650 (not including contents of dwellings). One and two family dwellings would be reduced 10% and substantial reductions on all other types of buildings and contents.

I recommend that $118,262.25 be appropriated for the ensuing year.

To the Honorable Board of Selectmen for its courteous treatment in all matters pertaining to the welfare of this Department; the Board of Public Works for its keen interest in providing additional water supply; the Police Department for its never failing service when the Department is en route to or at a fire; the many friends who have made donations to the stations; and my own officers and men, through whose loyalty and devotion to duty the success of this Department is due, I wish to express sincerest thanks.

DANIEL B. TIERNEY,
Chief of Department.

FIRE AND POLICE SIGNAL SYSTEM

January 1, 1932.

To the Honorable Board of Selectmen,
Arlington, Massachusetts,

Gentlemen:

I have the honor to present my second report as Superintendent of the Fire and Police Signal System for the year ending December 31, 1931.

Three fire alarm boxes were installed at these locations: Box 92, Hawthorne Ave., corner of Kenilworth Road; Box 523, Crescent Hill Ave. near Montague Street; Box 623, Florence Ave., corner of George Street; Box 12 renumbered 123; Box 611 renumbered 614; Box 652 renumberd 842; Box 731 renumbered 632.

There were six open circuits on the fire alarm system, four of them caused by automobiles knocking over pedestals, one caused by wind storm and the other by workmen in a manhole.

A new auxiliary motor and generator set with switchboard for operating was installed for charging fire alarm batteries. It was put in service January 14th, in compliance with requirements of the New England Insurance Exchange.

Telephone communication over the fire alarm wires was established with the Medford Department, April 28th. Connection with the Somerville Department in the same manner was made September 21, 1930. These lines are tested every morning, and are in frequent use

for transmitting messages to and from these places which otherwise would necessitate the use of the regular telephone.

A register was installed in Chief's residence for recording alarms.

An auxiliary air compressor was installed July 2nd for the whistle plant.

All fire and police boxes were painted.

197 bulbs replaced in traffic lights.
179 bulbs replaced in ornamental lights.

POLICE SYSTEM

Three receiving sets furnished the Police Department for the State broadcasts and for use in connection with their own experimental broadcasting station, and salary of the operator of station for the month of December. A temporary telephone was installed from broadcasting room in Police Headquarters to Police Signal Desk for transmitting messages to the broadcaster.

Three new police boxes were located as follows:

Box 42, Mass. Ave. at Lexington Line; Box 124, Academy St. near Irving St.; Box 415, Cliff St. opposite Linden St.; Box 412 moved from Mass. Ave. and Park Ave. to the opposite side of Mass. Ave.; Box 212 moved from Palmer and Exeter Sts. to Wyman and Warren Sts.

RECALL LIGHTS

A Cole transmitter was installed on Police Signal Desk for sending out the code signals on the recall lights. The recall light at Mass. Ave. and Schouler Ct. was transferred to the flagpole on roof of Symmes Hospital, from where it is visable over a large section of the town. Four

recall lights were placed in tower of Fire Headquarters, replacing a single light that was unsatisfactory.

Telephone service (private) established between Selectmen's office and Police Station and another from basement of Town Hall to the Police Station for use of the policemen who are on duty at Town Hall.

New plates were installed in all police boxes. Heretofore when the pointer was set at the officer's number for duty call, the number recorded on register at Police Signal Desk was the next higher number. This caused confusion for the new men and the change was made to have the number on the plate correspond with that recorded on register.

The generator for charging Police signal batteries was overhauled.

RECONSTRUCTED LINES

Replaced 1500 feet of No. 9 iron wire on No. Union St. from underground pole to fire box No. 21.

Replaced 320 feet No. 9 iron wire on Lowell St. from Elder Terrace to Westmoreland St. Caused by wind storm in which four poles were blown down.

I recommend an appropriation of $7,306.00 for ensuing year.

DANIEL B. TIERNEY,
Supt. F. and P. Signal System.

REPORT OF THE GYPSY AND BROWN TAIL MOTH DEPARTMENT

To the Honorable Board of Selectmen:

Dear Sirs:

I herewith submit my report as Superintendent of Moth Department, for year ending December 31, 1931.

The general condition of the public shade trees in our Town as far as the Gypsy Moth is concerned is better than it has been for years. The number of nests found on street trees were very few and scattered. All private estates in the Town have been examined, and where nests have been found were treated with creosote. In over five hundred estates nests have been found, averaging from two to ten nests on each estate. This is due to the fact that fruit and certain ornamental trees are favored species for the Gypsy Moth.

During the year 282 private places were sprayed, and for this work, and treating nests where found on private estates, the Town will be reimbursed about $1,000.

There was a heavy infestation of the Web Worm this year, and many residents confused this pest with the Brown Tail Moth, which is now almost extinct. Wherever this pest was severe and in close proximity to residences, I removed the nests, as they were a nuisance, in some cases actually getting inside the house. This year we should spray the heaviest infestations, and where that is impossible or too expensive, we should remove nests and burn them.

There was a slight infestation of the Oriental Hag Moth discovered in Cambridge this year, and it is necessary that we keep a constant watch for this pest. It is a

very destructive pest to the Norway maples. It is a ravenous eater and can completely defoliate a tree in a single night. To predict the ultimate destruction of this new pest is rather hazarduous. If the feeding is confined to the hard maples, the damage will be greatly restricted, but should this pest change its menu to our elms and oaks and other ornamental trees, the problem of combating this insect will be greatly enlarged. In the meantime. it is our duty to keep a close watch for its invasion.

Respectfully submitted,

DANIEL M. DALEY,
Superintendent.

DEPARTMENT OF POLICE

Arlington, Massachusetts, January 1, 1932.

To the Honorable Board of Selectmen:

Gentlemen:

I have the honor of rendering you my second annual report of the doings of the Police Department for the year ending December 31, 1931.

The Police Department consists of a Chief, seven sergeants, thirty-four patrolmen and six reserve police officers, a stenographer, one janitress and matron, and a mechanician.

During the year 2677 complaints were brought to the attention of the courts: 2463 were males; 214 were females, 88 of which were juveniles or persons under 17 years of age. $5,299.00 was imposed as fines and costs. Total imprisonment imposed was 96 years, 11 months and 28 days, 1279 of which were residents and 1371 were non-residents.

In addition to the number of complaints made in court, 1557 persons were booked for violation of the automobile laws and traffic rules, and the cards filed as a warning in my office.

POLICE SIGNAL SYSTEM

During the year 131,239 duty calls were received and 332 telephone calls from officers on street duty; 134 wagon calls; 72 ambulance calls have been responded to and the patrol and ambulance have run 4378 miles.

THE AUTOMOBILE AND THE POLICE

During the year 10,645 automobiles were reported to us as stolen in the Metropolitan District.

We had 45 reported to us as stolen in Arlington; all but one have been recovered. We also recovered 43 cars for other police departments.

494 permits to sell cars in Arlington were granted to private owners, and 2389 used cars were reported as taken in trade by Arlington dealers.

46 licenses to operate automobiles were revoked for violations of law, 108 licenses to operate were suspended, and 17 registrations were revoked.

AUTOMOBILE FATALITIES

This year four persons have been killed in Arlington by motor vehicles. Two of the four were attempting to escape from the police.

The change in the traffic light system which has been made in the Centre has proven a great benefit to the Town as a whole. By moving the car stops to the area near the Monument the congestion between Medford Street and Mystic Street has been eliminated. With the removal of the street cars from Medford Street and Mystic Street, these streets were designated for one-way traffic, which allows the vehicular traffic to move through the Centre at almost a continuous flow. The change in system also provides a pedestrian period which allows ample time for pedestrians to cross the Avenue.

The cutting off of seven feet of the southerly sidewalk on Massachusetts Avenue, from Pleasant Street to the end of the Wyman Restaurant, has provided space for at least twenty more cars to park in addition to facilitating the movement of traffic.

The installation of the lights at Massachusetts Avenue and Franklin Street has proven a great help in handling the traffic going westbound through the Centre.

In order to handle traffic properly on Massachusetts Avenue it will be necessary to install lights at four additional points on Massachusetts Avenue below the Centre, namely, at Wyman Street and Massachusetts Avenue; Tufts Street and Massachusetts Avenue; Marathon Street and Massachusetts, and Teel Street and Massachusetts Avenue.

All of these lights to be timed progressively and connected with the lights in the Centre, so that when a machine starts on the green light at Teel Street, it will be able to go clear through the Centre without a stop if traveling at a rate of speed of twenty-five miles per hour. When these lights turn red on Massachusetts Avenue it will keep the traffic on the Avenue separated and not allow it to bunch up in front of one light as it does now at Lake Street and again at Franklin Street.

These installations are not being asked for this year, but they should be installed as soon as conditions warrant.

Traffic lights are being installed all over the country on main arteries to hold the traffic down to a certain rate of speed which prevents accidents.

An appropriation is asked to install a permanent safety zone at Medford Street and Massachusetts Avenue. This to be of the same type as that at Lake Street. The Lake Street zone has already probably saved the life of one woman who was standing on the platform when a drunken driver hit the bumper and caromed to one side.

An appropriation is asked for sign replacements. Some of the signs throughout the town are in very bad condition and should be replaced at once.

An appropriation is asked to purchase a line marker, which is used by the State and most of the cities and towns, to paint lines on street to control traffic. During 1931 a great deal more of this painting was done than in previous years, and I think it has shown results in cutting down the number of fatal accidents during the year, which have been reduced from eight to four. I was able to have this painting done this year because of saving about $900.00 from the amount appropriated for changing traffic signals at Arlington Centre.

RADIO

I am asking for an appropriation this year for radio equipment which I believe is absolutely necessary for the proper protection of the lives and property of the citizens of the Town. With the great amount of crime being committed in the metropolitan area today, and ninety percent of the criminals using automobiles, the police must also be equipped with the automobile in order to properly protect the lives and property of the citizens.

The use of radio for police emergency work has been in use for about eight years in a great many of the cities and towns throughout the west. The Massachusetts State Police have been using radio for the past three years and are at present building a modern station at Holden, Massachusetts.

I have sent questionnaires to every city and town in the country equipped with radio, and they all report it has proven a great asset in the prevention of crime and the apprehension of criminals. It has also proven a great money saver, in that it does away with the continual increase in the man power of the police departments. One car with two men in it, equipped with radio, is said to equal twelve men on foot.

With a radio transmitter located in police head-

quarters and radio equipped cars continually cruising over the residential districts of the town, the lives and property of our citizens will be one hundred percent better protected than at present.

Practically every home today is equipped with telephone. If a suspicious person is seen in the vicinity the home owner has only to call police headquarters, giving the information. A radio broadcast is then sent out and is received by the radio car in that district, and a car with two officers is at your door within two minutes.

In 1930 the Town of Arlington paid seventy-nine thousand dollars in taxes as her share of the expenses in Middlesex County. These expenses are for the building and maintaining of courts, jails and houses of correction, judges' salaries, court officers, the apprehending, prosecuting and maintaining criminals, etc.

It has been proven that the criminal will keep away from the city or town equipped with radio, as he knows that once the police are notified of a crime he has, at most, a minute to get away, and in a great many cases the criminal has been apprehended while in the actual commission of the crime.

With radio, the man in charge at headquarters has men at his finger tips available for any emergency at all times.

Arlington is regarded throughout the Metropolitan area as a law-abiding community. It also has a reputation among the criminal element as a good place to steer clear of. This is due to the continued efforts in the enforcement of the law and the preservation of the peace by every member of your police department.

For this excellent record, I wish to thank every

member of the police department, the Honorable Board of Selectmen, and all others who have in any way assisted the department.

With the continued co-operation of your Honorable Board, and with the support of the citizens of the Town, it will be my purpose to maintain the high efficiency of the department.

I thank your Honorable Board for the confidence you have shown in me during the past year, and again pledge my earnest efforts to promote the efficiency of the department for the welfare of the Town.

Respectfully submitted,

ARCHIBALD F. BULLOCK,
Chief of Police.

REGISTRARS OF VOTERS

Arlington, Mass., December 31, 1931.

The Registrars of Voters herewith submit the following table showing the number of registered voters in the seven precincts in December, 1930, and in the fourteen precincts of 1931:

	December 31	
	1930	1931
Precinct 1	1,642	1,119
Precinct 2	2,477	1,366
Precinct 3	2,753	1,080
Precinct 4	1,207	1,125
Precinct 5	1,769	1,076
Precinct 6	2,862	1,221
Precinct 7	2,629	1,321
Precinct 8		1,136
Precinct 9		1,017
Precinct 10		1,225
Precinct 11		1,112
Precinct 12		1,331
Precinct 13		1,081
Precinct 14		1,033
	15,339	16,243

Taxi Meters		19		7
Total		49		7

Three thousand two hundred and forty-four (3,244) weights and measures were inspected, sealed or condemned at my office or at the several places of business and statutory fees amounting to the sum of $236.33 were received and paid to the Tax Collector.

During the year at various times I made inspections and reweighings of scales, weights, measures, and food commodities. The result of reweighing these commodities put up for sale or sold is as follows:

	Total Number Tested	Number Correct	Incorrect Under	Incorrect Over
Bread	7	6	1	
Butter	4	4		
Coal (in transit)	10	2	3	5
Candy	8	6		2
Dry Commodities	17	10	2	5
Fruits and Vegetables	20	16	2	2
Meat	3		3	
Ice	7	4	3	
Sugar	18	11	7	
Cord Wood	1		1	
	95	59	22	14

Through my activities in the inspection of hawkers and peddlers and transient vendors the Town Treasurer has received the following sums:

Hawkers' and Peddlers' Licenses	$475.00
Transient Vendors' Fees	334.98
	$809.98

As a result of inspections I found it necessary to prosecute 16 cases (21 complaints). All were found guilty and fines amounting to $450.00 were imposed by the Court. The Town of Arlington received 50% of this amount.

In addition to my regular duties, reweighings were made of coal for the School Department of the Town of Arlington amounting to 49,470 pounds.

Respectfully submitted,

ALLAN E. COWIE,
Sealer.

REPORT OF THE BOARD OF PUBLIC WORKS

The Board of Public Works herewith submits its annual report for the year ending December 31, 1931.

At the Town Meeting held on March 2, 1931, Edward T. Ryan was elected member of the Board for the term of three years. The Board organized on March 9 with the choice of F. Leo Dalton as chairman.

APPOINTMENTS

At a meeting held March 30, S. Alfred Benson was appointed Clerk of the Board, Water Registrar and Purchasing Agent for the year ending April 1, 1932, William J. Toomey was appointed Superintendent of the Highway Division and Edward O'Brien was appointed Superintendent of the Sewer and Water Division for the year ending April 1, 1932.

MEETINGS

The meetings are held Monday evenings. During the year the Board held fifty-two regular and fourteen special meetings.

The following are the net expenditures made under the direction of the Board:

*Highway Division	$150,140.44
Sewer Extensions	83,093.09
Sewer Maintenance	4,833.52
Water Extensions	96,236.15
Water Maintenance	55,714.60

*$8,975.63 due J. P. McCabe, Inc., on contract for Park Avenue Reconstruction not included in this amount.

Snow and Ice	26,307.51
**Sanitary Division	83,589.11
Storm Drains	18,336.40
Construction of Aerial Street	14,894.37
Construction of Field Road	4,072.98
Construction of Herbert Road	16,478.23
Construction of Lockeland Avenue	19,484.57
Construction of Quincy Street	29,267.15
Construction of School Street	22,339.41
Construction of Varnum Street	11,697.59
Construction of Washington Street	37,477.27
General Administration Account	12,197.00
1930 Street Construction	20,233.31
1929 Street Construction	1,306.02
Alteration of Ways—Franklin Street and Lewis Avenue	50.00
Street Construction, Old Mystic Street	$000,000.00
Street Construction, Schouler Court	000,000.00
Alteration of Way, Franklin Street at Broadway	68.61
1930 Sewer Extension	000,000.00
Alteration of Mill and Summer Streets	572.95
Sidewalks, Summer Street Boulevard	000.000.00
Alteration of Mill Street and Mass. Avenue	000,000.00
1931 Easement of Land	000,000.00
1930 Easement of Land	000,000.00
Massachusetts Avenue Widening	2,944.52
Disposal of Town Barn	970.49
Sewer Extension Appleton Street et al	25,840.30
Storm Drain Florence and Wachusett Ave.	3,000.00
Arlmont Street; Sewer, Water and Storm Drain	24,622.62
1929 and 1930 Storm Drain	1,736.33
1930 Water Extensions	6,675.47
Total	$774,180.01

**Accounts payable, $2,113.75, not included in this amount.

HIGHWAY DIVISION

During the year, sections of Park Avenue and Highland Avenue were reconstructed at a total cost of $51,-501.79. Park Avenue from Paul Revere Road to Oakland Avenue a distance of 2,215 feet, 50 feet in width, was reconstructed with the Warren Brothers Penolithic penetrated macadam process, by Joseph P. McCabe, Inc., at a net cost of $33,210.17 for Roadway Construction, $2,-187.10 for Curb Installation, $4,402.07 for Storm Drain, $3,451.95 for Removing Trees, Patching and Repairing Sidewalks, Loam Strips and Gutters, and $1,037.03 for Renewing Sewer and Water Services. Highland Avenue from Gray Street to a point approximately one hundred feet north of Ottawa Road, a distance of 1,101.5 feet, 33 feet in width, was reconstructed with the Warren Brothers' Penolithic penetrated macadam process, by the Highway Department at a net cost of $7,213.47.

The maintenance division of the Highway Department this year, in addition to the regular maintenance and cleaning work, have resurfaced Eastern Avenue its full width 32.5 feet from Highland Avenue to a point opposite the new Brackett School with a penetrated macadam surface at a cost of $6,185.79.

This year $12,880.71 was spent on the cleaning of streets; $8,893.01 on maintenance and repairs to street surfaces; $1,117.98 on repairs to Massachusetts Avenue and $13,291.06 for surface treating public streets with asphalt, both hot and cold application, crushed stone and sand.

Four thousand seven hundred thirty-eight dollars and ninety-eight cents was expended on the Care and Repair of Storm Drains and Catch Basins.

Eight thousand, one hundred seventy-three dollars and eighty-one cents was expended on the Maintenance of Gravel Sidewalks and one thousand, four hundred twenty-three dollars and eighty-seven cents on the care and repair of permanent sidewalks.

Expenditure	970.49
Balance, January 1, 1932	$29.51

SEWER DIVISION

Twenty-two thousand, fifty-six feet of main sewer were laid during the year. Included in this amount is 1,875 feet extended in Arlmont Street under Special Appropriation for Sewer and Water Main and Storm Drain voted at a Special Town Meeting, November 4, 1931. Details of Arlmont Street Construction will be found in Table 7.

Three hundred and twenty connections were made with the mains.

Details of regular sewer construction and maintenance will be found in Tables 4 and 5.

SUMMARY OF SEWERAGE STATISTICS

General

Population by census of 1930, 36,089.

Total area of city or town, 5.5 square miles.

Area served by sewerage system, 4.5 square miles.

Collection System

For sewerage only, 70.01 miles, includes 5.64 miles Metropolitan sewer.

For sewerage and surface water, 0 miles.

For surface water only, 26.92 miles.

Method of disposal, sewerage into Metropolitan sewer, surface water into brooks.

Collection

Mains. (Everything but house and catch basin connection.)

	For Sewerage only	For Surface only
1. Lineal feet pipe.....	369,653	142,120
2. Lineal feet extended during year.....	22,056	18,583

3. Number of inverted siphons, 2.

4. Number of manholes, 1749 and 32 combination sewer and storm drain manholes.

5. Method of flushing. Water service at manhole ends of lateral lines.

6. Method of cleaning. By special brush drawn from manhole to manhole.

7. Number of automatic flushing tanks, 0.

8. Number of direct connections with water mains for flushing, 40.

9. Number of flushings of system during the year: entire system once.

10. Cost of flushing per mile. } $53.34.
11. Cost of cleaning per mile. }

12. Number of stoppages, 5.

13. Method of ventilation, manhole covers.

14. Electric pump chamber, 1.

House Connections

1. By whom made: All connections made under the direction of the Sewer Division, Board of Public Works.

2. Sizes, 5, 6, 8, 10, 12 and 15 inches.

3. Number made during year, 320.

4. Lineal feet laid during year (drain layers), 15,758.3.

5. Lineal feet discontinued during year, 0.

6. Total miles in use, 54.50.

7. Number of stoppages coming to attention of Department, 19.

Discharge of Sewer

1. Estimated population using sewer system, 32,000.
2. Number of buildings connected, 5,981.
3. Daily discharge for year.*
4. Daily discharge for each user.*
5. Daily quantity of factory waste.*
6. Daily leaking into sewers.*
7. Daily leaking per mile of sewers.*
8. Are quantities given under 3 to 7 estimated or measured?*

*Note: See Metropolitan Sewerage Board Report.

General

Total cost of collecting mains, $996,791.47.

Debt outside of limit, $100,000.

Sinking Fund, $81,478.09.

Serial Notes, $43,000.

Average rate of interest on bonds outstanding, 4 per cent.

Proportion of cost of extensions assessed on abutters this year, 37.21 per cent.

Yearly assessment for maintenance, none.

Method of assessing abutters and rate of assessment, as specified by the acts of 1930, chapter 140.

WATER DIVISION

Eighteen thousand, four hundred and eighty-seven feet of water mains were laid during the year and connected with the Metropolitan system. Included in this amount is 1,872 feet extended in Arlmont Street under special appropriation for Sewer and Water main and

Storm Drain, voted at Special Town Meeting, November 4, 1931. Details of regular water main construction will be found in Table 6. Details of Arlmont Street construction will be found in Table 9.

SERVICES

Two hundred and fifty-one new services have been added during the year and ten services abandoned. There are for all purposes, 3,230 on the low, 3,929 on the high, and 3 on the old reservoir system. On the Metropolitan water supply there are 40 services for municipal purposes, 32 sprinkler services, 2 for street watering standpipes, and 40 for sewer flushing purposes included in the above. On January 1, 1932, 266 services were temporarily out of use.

METERS

Two hundred and fifty-one meters were set during 1931 on services installed in 1929, 1930 and 1931. The total number of meters in use January 1, 1932, is 7,088.

ARLINGTON WATER WORKS

Arlington, Middlesex County, Mass.

Population by census of 1930, 36,089.

Date of construction, low service, 1872; high service, 1894.

By whom owned, Town of Arlington.

Source of supply, Metropolitan Water System.

Consumption

1. Estimated total population at date, 36,550.
2. Estimated population on lines of pipe, 35,700.
3. Estimated population supplied, 35,800.
4. Total consumption for the year, 729,233,500 gallons.
5. Percentage of consumption metered, 100 per cent.
6. Average daily consumption, 1,997,900 gallons.
7. Gallons per day to each inhabitant, 52.
8. Gallons per day to each consumer, 52.

Distribution

(Including auxiliary supply from old reservoir)

Mains

1. Kind of pipe, cast iron and cement.
2. Sizes, from 4 inch to 16 inch.
3. Extended feet during year, 23,403.
4. Discontinued, 4,916.
5. Total now in use, 80.89 miles.
6. Cost of repairs per mile, $60.88.
7. Length of pipe less than 4 inches in diameter, 2,728.
8. Number of hydrants added during year (public), 20.
9. Number of hydrants (public and private) now in use, 835.
10. Number of stop gates added during year, 143.
11. Number of stop gates now in use, 1,381.
12. Average pressure on mains at center of Town, 100 high system, 60 low system.

Services

16. Kind of pipe, cement lined, black wrought iron and lead, 3 inch to 6 inch cast iron.
17. Sizes,1 inch to 6 inch.
21. Number of service taps added during year, 251.
22. Number of services now in use, 7,088.
25. Number of meters added, 251.
26. Number of meters abandoned, 10.
27. Number now in use, 7,088.
28. Percentage of receipts from metered water, 100 per cent.
29. Percentage of services metered, 100 per cent.

Respectfully submitted,

F. LEO DALTON,
WALTER F. ROBINSON,
EDWARD T. RYAN,
Board of Public Works.

REPORT OF THE JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS

To the Honorable Board of Selectmen,
Arlington, Mass.

Gentlemen:

The Joint Board of Selectmen and Board of Public Works respectfully submits its twenty-eighth annual report for the year ending December 31, 1931.

At the Annual Town Election held March 2, 1931, Mr. Arthur P. Wyman was re-elected a Selectman for a term of three years and Mr. Edward T. Ryan was elected a member of the Board of Public Works for a term of three years, and by reason of such elections both became members of this Board.

The Board organized with Mr. Hollis M. Gott, Chairman, and John A. Easton, Clerk.

The following appointments were made for the year ending April 1, 1932; Town Counsel, Paul M. White; Town Engineer, James M. Keane; Superintendent of Wires, William E. Mason.

NEW STREETS

At the present time there are approximately thirty-eight miles of private ways in the Town of Arlington open to public travel, which presents a problem of vital importance to those who are residents thereon.

Applications were received requesting estimates for the construction of thirty-four streets, of which number eighteen were recommended by the Board for construction.

At the Annual Town Meeting the following were accepted for construction:

Aerial Street	Quincy Street
Field Road	School Street
Herbert Road	Varnum Street
Lockeland Avenue	Washington Street

The amount appropriated for this purpose was $165,082.47.

In the past seven years there has been a gain of over nine miles in accepted streets, and it is desirable that this rate of progress be maintained.

STREET LIGHTS

The present lighting schedule was continued. The Superintendent of Wires has extended the lighting on new streets and private ways where construction of new houses has made it necessary.

SIGNAL SYSTEMS

The Fire Alarm and Police Signal Systems have been under the control and supervision of the Chief of the Fire Department and the results obtained have been highly satisfactory.

Recall flashlights were installed in the tower of the Central Fire Station and at the Nurses' Home at the Symmes Hospital. Because of their visibility from all parts of the Town it has been possible to keep in close touch with police officers on their beats.

SIDEWALKS AND EDGESTONES

The usual appropriation of $16,000 was made at the Annual Town Meeting for the construction of permanent sidewalks, driveways and edgestones.

A large portion of this appropriation was used in lay-

ing granite edgestones on Park Avenue, Eastern Avenue and Highland Avenue.

A substantial amount of granolithic sidewalks was constructed upon petition by property owners. By order of the Board sidewalks were constructed on Eastern Avenue for the benefit of school children who will attend the Brackett School.

NEW BOARD OF SURVEY PLANS

There were submitted for study and consideration plans for laying out the following streets: Lennon Road, Valentine Road, Dundee Road, Wright Street, Governor Road, and Hemlock Street.

The Board, sitting as the Board of Survey, after careful consideration approved and signed the plans.

Building lines were established on Jason Street, southwesterly side at the corner of Massachusetts Avenue; Mill Street, northeasterly side at the corner of Massachusetts Avenue; River Street, from Warren Street to Mystic Valley Parkway.

Exterior lines were established on Clark Street, Dow Avenue, Irwin Road, Spring Avenue, Spring Street, and Spy Pond Parkway and Princeton Road.

The establishment of the foregoing exterior lines forestalls the construction of buildings within the areas so restricted which will result in a saving to the Town.

The names of the following streets have been changed as a safety measure, continuing a policy adopted a year ago at the request of Chief Tierney of the Fire Department:

Highfield Road to Columbia Road.
Irwin Road to Puritan Road.
Walnut Avenue to Emerson Road.

Park Boulevard to Lafayette Street (from Lafayette Street to B. & M. R.R.).

Park Boulevard to Boulevard Road (from Mass. Avenue to Lafayette Street).

Exeter Street to Philips Street (from Franklin Street to Beacon Street).

Irving Street to Endicott Road (from Churchill Avenue to Gray Street).

Dennett Road to Coolidge Road.

Eleanor Road to Osborne Road.

Farmer Street to Farmer Road.

FIRE AND POLICE BOXES

New signal boxes have been installed where needed and existing boxes have been relocated at points where, in the judgment of the Chief, the districts would be better served.

A full report will be found in the report relating to the Fire and Police signal system.

ITEMS OF GENERAL INTEREST

Petitions have been received from the following public service corporations:

New England Telephone & Telegraph Company of Massachusetts,

The Edison Electric Illuminating Company of Boston,

Boston Elevated Railway Company,

asking permission to locate, relocate and remove poles from the public ways of the Town, to construct conduits and manholes in Massachusetts Avenue and Broadway, and to install necessary cables and wires therein for the underground service.

Such hearings as were required by law were held on

the petitions filed by said companies, and the necessary orders adopted.

Permission was granted the Arlington Gas Light Company to lay extensions of gas mains in the public ways of the Town to serve new developments and to replace small mains with larger sizes to improve the service where required.

BOSTON ELEVATED CAR SERVICE

Consideration has been given to various studies of locations petitioned for by the Boston Elevated Railway Company for a turn-around and storage capacity in Arlington to improve the car service from Harvard Square to Arlington Heights. Conferences have been held with the Trustees, and officials of the Boston Elevated Railway Company and with the Planning Board in relation to this problem.

To date the matter remains unsettled and further study is being made in the hope that a satisfactory solution may be reached in the near future.

Progress has been made in the matter of discontinuing the street cars on Medford Street. To improve traffic a portion of Medford Street was made a one-way street, and as a consequence the street cars were discontinued between Massachusetts Avenue and Parallel Street and the busses on the Broadway line are now operated to that point.

The City of Medford is considering a petition of the Boston Elevated Railway Company for a license to operate busses in Medford on the Hillside line which, if granted, will dispose of this problem.

All matters coming before the Board have received careful consideration and such action as has been taken

has been along lines which we believe will result in conserving the best interests of the Town as a whole.

HOLLIS M. GOTT,
WILLIAM O. HAUSER,
ARTHUR P. WYMAN,
F. LEO DALTON,
WALTER F. ROBINSON,
EDWARD T. RYAN

Joint Board of Selectmen and Board of Public Works.

REPORT OF THE TOWN COUNSEL

December 31, 1931.

Joint Board of Selectmen and
Board of Public Works.

Gentlemen:

During the past year there have been presented a number of claims, including those relating to eminent domain takings and accidents, some of which have involved court proceedings. Certain of these claims have been settled as authorized by the Selectmen, others have been abandoned and others are pending. The Town has collected some claims, in part by court action. Of five appeals from the assessors' refusals to abate taxes, two have been dismissed, one by agreement and one after hearing, and one has been withdrawn after argument. It is expected that the other two will be abandoned.

During the latter part of the year, the Town Treasurer has attended to actions of trustee process; and since August first Mr. Clarence Needham, as agent appointed by the Selectmen, has taken care of claims for workmen's compensation.

The Town Counsel has been present at all your regular meetings and at regular meetings of the Board of Selectmen. He has also been present at meetings of other boards and of committees; has furnished legal opinions, and has attended to other usual matters.

Respectfully submitted,

PAUL M. WHITE,
Town Counsel.

REPORT OF
FINANCE COMMITTEE OF TWENTY-ONE

The Finance Committee of Twenty-one submits the following report in two parts:

1. Final report of the 1930–31 committee.

2. Partial report of the 1931–32 committee.

The committee of 1930–31 began the consideration of the 1931 departmental budgets early in January and made recommendations on all matters which fall within their scope in the Warrant for the Annual Town Meeting. The work of the 1930–31 Finance Committee was carried out by the following sub-committees:

Schools and Libraries
- Ernest W. Davis, Chairman
- Donald M. Hollister
- Henry J. Welch
- Walter T. Chamberlain
- G. Leslie Vianello

Public Works and Parks
- Edward A. Morton, Chairman
- Thomas F. Good
- Angus P. Macdonald
- D. Herbert Buttrick
- Walter S. Cooledge

Department of Selectmen and Incidentals
- James F. Younie, Chairman
- Arthur O. Davidson
- John J. Sullivan
- Harold J. Rogers
- Nils G. Anderson

Joint Board and All Other Departments
Arthur C. McCarthy, Chairman
Clarence E. Biathrow
William E. Barry
Harold M. Estabrook

2. The Committee of 1931–32, as a result of the action of the Special Town Meeting of January 14, 1931, is composed of fourteen members, one from each precinct, and has held to date twelve meetings with an average attendance of 13 5/12 members. The committee has given consideration to all Articles except zoning in the Warrants of the special and regular Town Meetings, and has transferred various amounts from the $15,000.00 reserve fund as provided in the Town By-laws and State regulations.

Ernest W. Davis was elected by the committee to fill the vacancy caused by the resignation of Walter Chamberlain.

The following transfers were made from the reserve fund in 1931:

September 18, 1931—$150.00—Town Treasurer—postage.

September 18, 1931—$3,000.00—Board of Health—Communicable diseases.

December 29, 1931—$1,400.00—Soldiers' Relief.

December 29, 1931—$1,265.00—Menotomy Hall Maintenance.

December 29, 1931—$60.00—Sealer of Weights and Measures.

December 29, 1931—$1,200.00—Town Meetings and Elections.

December 29, 1931—$3,500.00—Public Welfare Department.

December 29, 1931—$7.13—Town Clerk.

December 29, 1931—$1,000.00—Board of Health.

December 31, 1931—$518.81—Police Department.

December 31, 1931—$25.66—Traffic Signals.

December 31, 1931—$238.70—Town Hall Maintenance.

December 31, 1931—$215.80—Soldiers' Relief.

December 31, 1931—$37.11—Menotomy Hall Maintenance.

Total Transfers—$12,618.21.

The work of the 1931-32 Finance Committee is handled by the following sub-committees:

Schools and Libraries
William J. Atwood, Chairman
Arthur O. Davidson
John L. Murphy

Departments of Selectmen and Incidentals
Harold M. Estabrook, Chairman
Daniel W. Flynn
Henry J. Welch
George T. Hagerman

Public Works and Parks
D. Herbert Buttrick, Chairman
Arthur C. McCarthy
Thomas G. Smith

Joint Board and All Other Departments
(New Streets)
Archibald C. Loveys, Chairman
Edward D. Buckley
Joseph C. Ohlund

ERNEST W. DAVIS, Chairman
HAROLD M. ESTABROOK, Vice Chairman
ARTHUR O. DAVIDSON, Secretary

TOWN ENGINEER'S REPORT

Arlington, Mass., January 25, 1932.

To the Honorable Joint Board of Selectmen and Board of Public Works:

Gentlemen:

I respectfully submit my report as Town Engineer for the year ending December 31, 1931.

This year has proven the busiest of any since the organization of the Engineering Department, and it was necessary to increase the force to keep pace with the demands of the various departments.

From October 1 to January 1, 1932, seventeen men were employed full time and even with this force it was necessary to let out some work to a private engineering firm because of the small quarters devoted to the Engineering Department in the Town Hall.

A brief summary of activities of this branch of the service is as follows:

Selectmen—Thirty-one claims for personal injuries and damages to personal property were investigated and reports made.

In connection with this work 175 photographs were taken in addition to measurements and elevations of scene of alleged accident.

Surveys and plans were completed of Robbins Estate, rear of Robbins Library, for garage location at 57-59 Bartlett Avenue, grading at addition to Senior High School, sign board location on Massachusetts Avenue

opposite Robbins Road, design and location of precinct cabinets and investigation into status of Winnick Place.

Joint Board—Surveys, estimated cost of construction, property damages and betterment on thirty-six streets petitioned for acceptance, were made.

Ten surveys and plans of exterior lines established in various sections of the Town, also estimated awards, were completed.

Thirty changes in lines and grades of Board of Survey plans and four new developments were studied and recommended for approval.

Four new Board of Survey plans and alteration of way plans, three cases of obstructions in various streets, estimated cost of granolithic walks and curbs, widening of Massachusetts Avenue in several sections, changes in names of eleven streets were finished.

Topographical survey of area bounded by Summer Street, Lexington, Winchester, Forest Street, and Park Avenue Extension was plotted and final plans completed.

Layout and inspection of installation of granite edgestone and granolithic sidewalks done under contract were looked after and final cost figured, the amount being $14,551.13.

The betterment assessment for this work and for 1930 streets were figured and record plans completed.

There were 32 inspections on driveways installed by private contractors on public streets and nine inspections on underground installations by Public Service Corporations.

Board of Public Works—4.12 miles of water mains, 4.22 miles of sewers, and 3.45 miles of surface water drains were laid out, located and record plans of all of above are in the making.

In connection with this work 43 benefited area, 35 sewer takings, 26 water taking and 15 storm drain plans were draughted, signed by the Board, and recorded at East Cambridge registry, and sewer assessments were figured and levied in 78 sections.

163 pieces of ledge were measured and quantity figured, having a total yardage of 3,709.74.

270 water service boxes and 375 particular sewer connections were plotted on plans and permanent record of locations were filed.

Plans and specifications were drawn for 1.63 miles of new streets and .53 miles of Park Avenue, and these were constructed under contract. Lines and grades were given, measurement of quantities and final payment was figured, the amount being $172,721.45.

The section of Massachusetts Avenue from Central Street to Highland Avenue was reconstructed with reinforced concrete under supervision of the State Department of Public Works. In connection with this work the Engineering Department of Arlington made all preliminary surveys and estimate of quantities, also the final estimate, the amount of this contract being $29,200.46.

A study was made for additional buildings in Hobbs Court yard, location and record plan of gas tanks, pipe lines and pump in this yard were finished.

Extensive survey and study for main outlet sewer in area bounded by Massachusetts Avenue, Williams

Street, Hibbert Street, Appleton Street, Perth Road, West Street, Claremont Avenue, Prospect Avenue, Park Avenue, and Belmont line were completed, as were widening of Appleton Street, investigation of complaints in regard to surface water drainage, changes in triangle at Medford Street and Chestnut Street, study for changes at Medford and Warren Street and Appleton Street and Paul Revere Road.

Board of Health—Layout and estimated cost of drainage of swampy areas in connection with mosquito elimination campaign, maps of sewer system and water system.

Building Department—Surveys of buildings constructed in location other than shown on plot plan filed when application for permit to build was made.

Town maps showing zoning changes and sewer system.

Committee on Additional School Accommodations—Survey and study of various sites for proposed school buildings and plan of proposed taking on Lake Street.

Districting Board—48 maps showing new precincts.

Brackett School Building Committee—Placing markers on school area and lines and grades or grading.

Finance Committee—Maps showing various projects and nine descriptions of takings in 1931 Town Warrant.

Fire Department—10 maps showing location of fire alarm boxes and one map showing water system.

Legal Department—Investigation into clafms for damages, and survey and plan of Grove Street taking for play area.

Metropolitan Planning Board—Data, information and several plans were submitted to this Board to aid in their study for a thorough route from Cambridge to Concord via Lake Street and Spring Street in Arlington.

Park Commission—Surveys and plans of land takings for Warren A. Peirce playground, Linwood Street ice house site, and Grove Street pit and vicinity were made.

Cross-sections of area at Crosby School and off Cemetery Street for skating rinks, layout for tennis courts in Meadow Brook Park, staking out of football field and setting markers in Warren A. Peirce playground, setting of grades in this area and Grove Street park and placing of corners on Turkey Hill Park Area were all completed.

Planning Board—Soundings, quantities, plans and estimated cost of bathing beaches at Scully's pit, Arlington Heights Reservoir, and Spy Pond; topographical survey of area bounded by Mill Street, Boston & Maine Railroad, Warren A. Peirce playground and Massachusetts Avenue; study for Boston Elevated loop; Spring Street extension data; description of takings on Lake Street, Linwood Street and Lakehill Avenue, and survey, estimated quantities and cost of grading Grove Street park area were some of the more important items furnished the Board.

Police—Survey and plan of auto accident case at Medford Street and Mystic Valley Parkway; plans of proposed islands at different locations; three plans showing proposed installation of traffic lights, maps showing police and fire box locations and precinct maps were finished.

School Department—Elevations, plans and estimated cost for elimination of ground water in boiler room of Cutter School; cross-sections, grading plan and grade stakes at Peirce School playground, layout of drive and

walks in and about Senior High School and survey for division line between Park and School areas at Junior High School West were completed.

Town Clerk—Precinct maps were made showing street numbers at division lines.

Miscellaneous—The copying of all original plans was completed this year (about 1000) and filed in the fireproof vault in basement of Town Hall. The copies are kept in the vault in the Engineering Department on the second floor and are used for every-day references. This completes the work that was started in 1930.

In addition to the above, about 400 new plans were filed, the originals in the basement vault and the copy on the second floor, and this practice will be followed so in case of a serious fire the original plans will be well protected from damage.

At the East Cambridge registry 100 plans of which we had no record were copied and filed. These were all of registered land but through an arrangement with Land Court officials a copy of each plan is sent to this office as soon as certificate has been issued, so it will be unnecessary to copy any more of these plans at the registry.

Twelve hearings at the State House were attended and several plans and estimates were prepared and presented to the different committees.

One hundred and fifty-four releases for alterations on newly accepted streets were drawn, signatures procured and filed in the office of the Town Clerk.

Cross-sections were taken in the Grove Street gravel pit owned by the Town in an effort to determine quantity of gravel removed by a contractor without permission.

The amount was calculated and the contractor paid for the material taken.

Considerable survey work and study was necessary to find errors in Gardner Street, Hilton Street section, between registered land plan and acceptance plan of this section. It was finally located and settled to the satisfaction of everybody concerned.

All new street numbering plans were drawn and as usual street numbers were assigned to new buildings.

All office maps of zoning, new streets, sewer, water, and surface drain systems were brought to date as were sectional maps of the various layouts.

A study was made of all future extension of water system, locations marked for installation of new gates on old mains and thought given to strengthening and building up the system so as to give ample flow in all sections of the Town at all times.

Several studies were made in connection with the extension of the sewer, water, and surface drain systems, for installation of granolithic walks and granite curbs and for reconstruction of several of the older streets.

An investigation was made into the status of Appleton Place to determine the exact lines of the way. After considerable work here and at East Cambridge, where it was necessary to search the records back to 1840, a conclusion was reached and a report made to the Board of Public Works.

The abutters in and about Wachusett Avenue requested an estimated cost of sewer and surface drainage installation in their section, and this was furnished them for the special Town Meeting in July.

We have had many requests this year from private parties for plans showing particular lots or subdivisions in which they were interested and in about every case we were able to furnish what was required. This has gotten to the point where it is quite an item of expense to the Town, but then it is of considerable benefit to many people.

I wish to take this opportunity to express to the Board my appreciation for the interest and cooperation shown this year, to the other Town Departments for their assistance, and to the employees of this department for the faithful performance of their duties.

Annexed to this report is a table of general statistics pertaining to the Town and a list of public and private streets.

Respectfully submitted,

JAMES M. KEANE,
Town Engineer.

GENERAL STATISTICS

Arlington is situated six miles northwest of Boston, in latitude 42 deg., 25 min. north; longitude 71 deg., 09 min. west, at an elevation above mean tide of from 4 to 377 feet.

Massachusetts Avenue at Cambridge line, elevation 10 feet.

Massachusetts Avenue at Pleasant Street, elevation 48 feet.

Massachusetts Avenue at Park Avenue, elevation 155 feet.

Park Circle at Eastern Avenue (base of standpipe), elevation 377 feet.

Crescent Hill Avenue at Park Place, elevation 281 feet.

The Town and a part of what is now Belmont were set off from Cambridge and incorporated as West Cambridge in 1807. The name was changed from West Cambridge to Arlington in 1867.

Area of Town, including that covered by water, 3,520 acres, 5½ square miles; area covered by water, 268.2 acres.

Parks: Town, 89.23 acres; Metropolitan, 55 acres.

Total cemetery area, 44.2 acres.

Public street and Town ways: Macadam, 29.20 miles; Simasco, 1.40 miles; Warren Bitulithic, 0.13 miles; gravel, 17.26 miles; concrete, 3.27 miles; reinforced concrete and bituminous macadam, 1.25 miles.

Private streets open for travel, 37.73 miles.

Length of proposed private streets, 9.98 miles.

Permanent sidewalks: Tar concrete, 7.4 miles; brick, 3.31 miles; artificial stone, 30.73 miles.

Edgestone, 27.04 miles.

Paved gutters, 15.08 miles.

Storm drain system, 32.45 miles.

Catch basins, 1197.

REPORT OF WIRE DEPARTMENT

To the Honorable Joint Board of Selectmen
and Board of Public Works.

Gentlemen:

I respectfully submit my report as Superintendent of Wires for the year ending December 31, 1931.

STREET LIGHTING

During the year there were forty-three (43) No. 20 lamps and three (3) No. 70 lamps installed on newly developed streets and various dark locations on other streets. Also four (4) No. 20 lamps were removed at various locations, having been replaced by lamps having higher candlepower.

The all night schedule, totalling 3,845 hours, was changed September 1 to a 4,000 hour schedule by the Edison Company at a slightly reduced rate under the previous schedule.

Summary of street lights in service December 31, 1931.

No. 20— 80 C. P. Series Incandescent Lamps..... 1,286
No. 70— 600 C. P. Series Incandescent Lamps..... 113
No. 75—1,000 C. P. Series Incandescent Lamps 117

ORNAMENTAL LIGHTING SYSTEM

60 watt lamps multiple, burning from 30 minutes after sundown to 11 P.M., 1,695 hours 25

INSPECTION OF WIRES IN BUILDINGS

One thousand seven hundred and eighteen (1,718) permits for electrical construction were issued at fifty (50) cents for each permit.

There were three thousand one hundred and forty-eight (3,148) inspections made, and one thousand eight hundred and seventy (1,870) installations approved.

There were no fires caused by defective wiring in any building during the year. There was a small fire in a gasoline pump caused by a ground on one of the wires in a junction box inside the pump.

POLES AND WIRES ON STREETS

The Edison Company, the Telephone Company, and the Boston Elevated installed twenty-six (26) new poles, replaced one hundred and eighty-one (181) poles and removed twelve (12) poles during the year.

Respectfully submitted,

W. E. MASON,
Superintendent of Wires.

REPORT OF COMMISSIONERS OF CEMETERIES

REPORT OF TOWN PHYSICIAN

January 13, 1932

To the Honorable Board of Selectmen:

Gentlemen:

I herein present the report of the Town Physician for the year 1931.

Number of Office Calls	106
Number of Home Calls	225
Number of Police Calls	28
Number of Maternity Cases	6
	356

Respectfully submitted,

HAROLD R. WEBB, M.D.,
Town Physician.

REPORT OF BOARD OF HEALTH

In compliance with the Town By-Laws, the Board of Health herewith submits the Annual Report of the Department with a brief summary of its activities for the year 1931.

Board meetings are held the first Monday evening of each month. Special meetings when occasion requires. At the Annual Town Meeting held March 2, 1931, Mr. Alfred W. Lombard was reelected a member of the Board for a term of three years. The personnel of the Board, which has not changed in recent years, is as follows:

ALFRED W. LOMBARD, Chairman.
CHARLES F. ATWOOD, M.D.
ERNEST R. BROOKS, D.M.D.

Appointees

WILLIAM H. BRADLEY, Agent, Clerk and Milk Inspector.
EZEKIEL PRATT, M.D., Physician to Board and Bacteriologist.
E. F. MacKAY, D.M.D., Dental Operator.
HELEN M. HEFFERNAN, R. N., Nurse and Assistant to Dental Operator.
ARTHUR TAYLOR, Inspector of Slaughtering.
WILLIAM H. BRADLEY, Inspector of Slaughtering.

Nine hundred seventy-two cases of communicable disease were reported to this office for the year 1931 against sixteen hundred three for the year 1930. The several diseases and number of each will be found under Report of Communicable Diseases, and the cost for those hospitalized, under the Financial Report.

Following our usual custom, two public clinics were held during the year, at which time six hundred ninety-nine children were given the full course consisting of three injections of Toxin Anti-Toxin for the prevention of Diphtheria.

Our Dental Clinic has functioned as usual. For a detailed account of the work performed, see report of Dental Operator.

The past year witnessed the completion of the Middlesex County Tuberculosis Sanatorium, located on Trapelo Road, Waltham, Mass. This project represents an expenditure of some $2,250,000.00. In accordance with the statutes this amount is to be apportioned to those cities and towns within the County liable, on the basis used in assessing County taxes. Arlington's portion amounts to $117,223.86. For each patient admitted to the Sanatorium a charge of $1.75 per day is made upon the city or town of legal settlement. In addition to this there will be an annual assessment for the maintenance and care of the Sanatorium to the cities and towns liable, in the same proportion in which the cost of construction is assessed.

At the Annual March Town Meeting five hundred dollars was appropriated for mosquito-control work. Three hundred sixty-eight dollars and three cents of this amount was expended for the spraying with oil of stagnant waters throughout the Town, and the remainder, together with thirty-seven dollars and eighty-three cents taken from our unexpended balance and one thousand fifty dollars appropriated at a Special Town Meeting held November 4, was expended in laying pipe and digging trenches to drain swampy areas in different sections of the Town.

Under the supervision of Messrs. Weston and Samp-

son, Consulting Engineers, the waters of Spy Pond and the Reservoir at Arlington Heights have, when conditions required, been treated with Copper Sulphate, and both bodies of water remained in good condition throughout the year.

For many years past, numerous complaints have been received from nearby residents relative to smoke and disagreeable odors caused by the burning of rubbish on the dumps in different sections of the Town. On previous occasions the Board in its report has advised the installing of an incinerator. An Article inserted in the Town Warrant calling for an appropriation for such would bring the matter before the Town Meeting. It requires the signatures of ten voters to have an Article inserted in the Warrant.

LICENSES AND PERMITS

The usual licenses and permits required by Statute Law and our regulations have been issued.

REPORTS

The financial report of the department, giving a detailed report of expenditures and receipts for the year, together with morbidity and mortality reports, and reports of appointees are appended.

In closing we wish to extend our thanks to the State Department of Public Health, to the Arlington Visiting Nursing Association, to the Nursing staff of the public schools, and the Ring Sanatorium for assistance rendered during the year.

ALFRED W. LOMBARD,
CHARLES F. ATWOOD, M.D.
ERNEST R. BROOKS, D.M.D.
Board of Health.

FINANCIAL REPORT

REPORT OF AGENT AND CLERK

To the Board of Health
Arlington, Mass.

Gentlemen:

I herewith submit my report as Agent and Clerk of the Board for the year ending December 31, 1931.

REPORT OF AGENT

Inspections

Food Producing and Distributing Establishments	4,005
Other Inspections	507

Complaints

Investigated and Adjusted	234

Legal Settlements

Investigated	33

REPORT OF CLERK

Licenses Issued

To buy, sell and deal in Alcohols	Fee	$1.00	54
To manufacture Ice Cream	"	1.00	8
To practice Manicuring and Massage	"	1.00	51
To collect Meat Trimmings	"	2.00	8
To operate Pasteurization Plant	"	10.00	1
To operate Slaughterhouse	"	1.00	1
To engage in Undertaking	"	No Fee	11

PERMITS ISSUED

No Fee

For Burial or Removal Permits	365
For the keeping of Cows	13

For the keeping of Ducks	12
For the keeping of Goats	4
For the keeping of Hens	184
For the keeping of Swine	4
For the construction of Cesspools	46
For the emptying of Cesspools	13
For the hauling of Offal through the streets	48
For the holding of Rummage Sales	2

Respectfully submitted,

WILLIAM H. BRADLEY,
Agent and Clerk.

REPORT OF BACTERIOLOGIST AND PHYSICIAN

To the Board of Health
Arlington, Mass.

Gentlemen:

I herewith submit my report as Bacteriologist and Physician to the Board for the year ending December 31, 1931.

Report of Bacteriologist

Specimens Examined	Blood Smears	8
	Sputa	75
	Throat Cultures	157
	Urethral Smears	49
	Total	289

Report of Physician

Home Visits

For release upon recovery from Communicable disease	121
Bakers Examined. (Physical examination)	11

Dispensary Report

Patients at Dispensary	9
Home visits to Tuberculosis Patients	24

I also assisted at the two Immunizing Clinics held under the direction of the Board of Health the past year, at which time six hundred ninety-nine children were given the full course of three injections of Toxin Anti-Toxin for the prevention of Diphtheria.

Respectfully submitted,

EZEKIEL PRATT, M.D.

REPORT OF DENTAL OPERATOR

To the Board of Health:

Gentlemen: I herewith submit my report of the work performed in the Dental Clinic during the year ending December 31, 1931.

The first week of school in September the examination of all second-grade pupils, or 663 children, was completed. Cards notifying the parents of children needing care were sent out at once, and the regular Clinic work began. The record shows that about seventy-five per-cent of the children examined need care.

The school authorities have cooperated with us in every detail and Clinic attendance has been regular and very satisfactory.

The pre-school attendance at the Clinic grows steadily. We can take only two infants in a morning, a very limited number, but the parents rarely fail to keep their appointments, so we generally have that number.

Thay have ranged in age from fifteen months to five years during 1931 and 123 have been cared for, with a total of 97 dismissals. This is more than six times as many as four years ago.

Following is a summary of the work for the year 1931:

Extractions	Deciduous	415
	Permanent	38
Fillings	Deciduous	2003
	Permanent	1159
Treatments	Deciduous	1016
	Permanent	133
	Prophylactic	323
Total number of Operations		5087
Total number of Sittings		1365
Total number of New Patients		236
Total number of cases dismissed		460
Total number of Working Hours 534 . . . . or 178 Mornings		

Respectfully submitted,

EDGAR F. MACKAY, D.M.D.

REPORT OF DENTAL ASSISTANT

To the Board of Health:

Gentlemen: I have assisted the Dental Operator at the daily sessions of the Clinic throughout the year, and in the examination of second-grade pupils in the Public and Parochial Schools.

My interest in dental work does not stop when the morning session in the Clinic is over. I take time to talk to all mothers with pre-school children of the necessity of early dental care for their little ones, and am be-

ginning to get some really worth-while results, for which I thank the parents.

Respectfully submitted,

HELEN M. HEFFERNAN, R.N.

REPORT OF BOARD OF HEALTH NURSE

To the Board of Health:

Gentlemen: I herewith submit my report as Board of Health Nurse for the year ending December 31, 1931.

Number of visits made to the homes of persons suffering with communicable diseases, 1,530.

Investigated conditions in the homes of nine applicants for licenses to maintain Boarding Houses for Infants.

Twenty-three inspections were made of Licensed Boarding Houses for Infants.

Assisted Dr. Pratt in the examination of nine Dispensary patients.

Assisted at the Immunizing Clinics held at the Board of Health office during May and October.

Assisted at the Chadwick Re-examination Clinic, conducted during November.

Assisted Dr. Buckley and Dr. Talty in the Examination of the pupils of St. Agnes School.

Conveyed seven patients to the North Reading State Sanatorium for examination and X-ray.

Conveyed one patient to the State Infirmary at Tewksbury for admission.

Conveyed one patient to the Forsythe Dental Infirmary for extractions under general anaesthesia.

Respectfully submitted,

HELEN M. HEFFERNAN, R.N.

REPORT OF MILK INSPECTOR

To the Board of Health,
Arlington, Mass.

Gentlemen:

I herewith submit my report as Inspector of Milk for the year ending December 31, 1931.

Our regulations require that all milk sold in Arlington shall be pasteurized or from tuberculin-tested cows.

According to figures taken from cards of dealers 15,877 quarts are distributed daily in Arlington. Less than 100 quarts of this amount is raw milk. This would allow for about 82/100 of a pint per person. The same source shows the daily distribution of cream to be 4,197 one-half-pint jars.

Monthly samples taken for analysis during the year have, with very few exceptions, shown the milk to be of good quality and well above the standard in fats and

solids as required by the statutes and our regulations. A summary of the work of the year follows.

Samples of Milk analyzed	Taken from vehicles on street	289
	School Milk	8
	Taken from Lunch Rooms, Stores, etc.	23
	Total	320
Ice Cream analyzed	Taken from Manufacturers, Stores, etc.	15
Licenses issued	For sale of Milk from Stores, Lunch Rooms, etc.	179
	For sale of Milk from vehicle	43
	For sale of Oleomargarine	41
	Total	263
Inspections	Dairies and Pasteurization Plants	57

Respectfully submitted,

W. H. BRADLEY,
Inspector.

REPORT OF INSPECTOR OF SLAUGHTERING

To the Board of Health:

Gentlemen:

I herewith submit my report as Inspector of Slaughtering for the year ending December 31, 1931.

Number of Calves slaughtered	3,865
Number condemned	19
Number of Goats slaughtered	6
Number condemned	0

Number of Sheep slaughtered	2
Number condemned	0
Total	3,892
Total number of inspections	98
Time required	309¼ hours

Respectfully submitted,

ARTHUR TAYLOR,
Inspector.

REPORT OF INSPECTOR OF SLAUGHTERING

To the Board of Health:

Gentlemen:

I herewith submit my report as Inspector of Slaughtering for the year ending December 31, 1931.

Number of Calves slaughtered	62
Number condemned	0
Total	62
Total number of inspections	4
Time required	7 hours

Respectfully submitted,

WILLIAM H. BRADLEY,
Inspector.

1931 REPORT OF THE BOARD OF PARK COMMISSIONERS

February 8, 1932.

To the Honorable Board of Selectmen:

Gentlemen:

The Park Commissioners submit herewith their report for the year 1931.

General Parks Maintenance Amount Expended	$9,308.62

Under Special Appropriations Amount Expended as follows:

Meadowbrook Park	$4,091.45
Arlington Heights Playground	12,307.07
Russell Park Fencing	1,200.00
Crosby School Playground	500.00
Fowles Mill	300.01
Turkey Hill	498.66
Warren A. Peirce Playground	12,486.65
Ethel Wellington Playground	1,138.72

Under special appropriation voted for the relief of the unemployed we were able to grade, loam and seed about four acres of the playground at Arlington Heights. Under an additional appropriation, we cleaned up the rubbish and partly graded the Ethel Wellington Playground.

At the Warren A. Peirce Playground we completed the football and track area enclosing same with a wire fence and built a grandstand for approximately two thousand people. The playground was dedicated on October 12, 1931, and Mr. Peirce was present at the exercises.

A fence was erected around Russell Park which improves the condition there.

At Crosby School Playground on the Winter Street side, we erected a very high fence to keep the ball inside the playground, thereby relieving that situation.

At Fowles Mill a retaining wall was built on the down stream side of the bridge and we were able to do considerable grading with material furnished by the Public Works Department.

At Meadowbrook Park a permanent dam was built and is so constructed that the water can be raised or lowered with the minimum amount of labor. This furnishes a safe place for children to skate. Two tennis courts were completed here and a considerable amount of top dressing prepared for grading. Swamp maples and willows were planted here.

At Menotomy Rocks Park a generous amount of work was done to improve the trees, some dead wood was trimmed out and underbrush removed.

At the Central Fire Station the flagpole was painted and new halliards installed. The grounds were reloamed, seeded and rolled. The excellent care given it by the members of the station was certainly reflected in the general appearance and we heartily appreciate the cooperative spirit shown.

We wish to thank the different Boards of the Town including the Engineering Department for the aid that they have willingly given us.

Respectfully submitted,

FRANK W. WUNDERLICH,
EDWARD W. HIGGINS,
RICHARD L. POWERS,
Board of Park Commissioners.

REPORT OF THE PLANNING BOARD

January 25, 1932.

To the Honorable Board of Selectmen:

Gentlemen:

The Planning Board respectfully submits its report for the year 1931, as follows:

ZONING

But one application for a change in zoning was received during the year. Following the recommendation of the Planning Board, this petition was denied by the Town meeting.

MILL BROOK

Upon the recommendation of the Planning Board, the Town at its meeting of November 4, 1931, dedicated to playground purposes, under the name of "The Ethel Wellington Memorial Playground," the land on Mill Brook above Grove Street given to the Town by the Arlington Gas Light Company, and the so-called gravel pit lot on Grove Street belonging to the Town. The area of this tract is about 2½ acres. For its improvement a generous gift of money is assured by a committee organized for the purpose of establishing a memorial to the late Miss Ethel Wellington as an appreciation of her lifelong interest in civic affairs.

SPY POND

The annual Town Meeting, upon the recommendation of the Planning Board, voted to acquire two additional

pieces of property on the shore of Spy Pond, consisting of about two acres at the foot of Linwood Street and a small parcel at the foot of Lakehill Avenue.

The importance of the acquirement of the shores of the pond for the use and enjoyment of the public has been stressed by the Board in previous reports, and there is no change in its attitude on this question. As desirable shore property comes on the market from time to time, its purchase by the Town will be recommended.

BATHING FACILITIES

Preliminary studies have been made of the development of bathing beaches at Spy Pond and at the Arlington Heights Reservoir, and of a swimming pool on the land near Mill Brook, easterly from the Warren A. Peirce Playground. It is the expectation and hope of the Board to be able to recommend suitable developments of this character at a later date.

BOSTON ELEVATED RAILWAY SERVICE

At the suggestion of the Joint Board of Selectmen and Board of Public Works, the Planning Board has studied the problem of finding a suitable location in the vicinity of Arlington Center for a loop track to permit the Boston Elevated Railway to run an increased number of cars between Harvard Square and such loop, and has submitted to you a report with recommendations. The scheme proposed is now being studied by your expert.

TRAFFIC CONGESTION AT ARLINGTON CENTER

The most vital problem confronting the Town from the standpoint of planning is the traffic situation in Arlington Center, one of the most congested points in the Metropolitan District. The installation of traffic lights and the establishment of certain entering streets as one-

way thoroughfares has somewhat simplified and facilitated the movement of vehicles, but no radical improvement can be accomplished except by the diversion of a considerable portion of the traffic itself from Massachusetts Avenue. To accomplish this highways must be furnished, by-passing the Center, which will be sufficiently direct and attractive to draw motorists from the present route. Two such alternate routes appear practicable, one lying to the north, the other to the south, of Massachusetts Avenue.

By the construction of a proposed State highway on the north side from Mystic Street in Arlington to Bedford Street in Lexington, referred to in our previous reports as "Summer Street Boulevard", with a proper extension toward Boston through an improvement of the Mystic Valley Parkway, or the widening of Mystic Street and the extension of Warren Street, or both, a substantial diversion of traffic from the Center will be accomplished.

The southerly route is the project referred to in our previous reports under the heading "Spring Street." This scheme has now developed into a major State highway project, calling for the construction of about 12 miles of new State highway from Cambridge to Concord extending from the Alewife Brook Parkway in North Cambridge, near the Lexington Branch of the Boston & Maine Railroad, across the Alewife Brook Meadows to Lake Street near the outlet of Spy Pond, across Lake Street and along the shore of Spy Pond, to and under Pleasant Street at its junction with Lake Street; thence over the shoulder of Arlington Heights following rather closely the boundary line between Arlington and Belmont, to Concord Avenue in Lexington; and thence along the general location of the present Concord Avenue to Concord. The Legislature in 1931 passed a resolve, prepared by this Board and introduced by Senator Charles C. Warren, calling for a study and report upon this project by the Massachusetts De-

partment of Public Works. This report has been submitted. It is favorable to the project and includes a draft of legislation for its accomplishment.

Of the two foregoing schemes or projects for the relief of Massachusetts Avenue, the Planning Board believes the latter or southerly route to be the more effective. The report upon the Summer Street or northerly route, submitted by the Division of Metropolitan Planning about a year ago with draft of legislation, is still pending in legislative committees. That Division now also recommends the proposed southerly highway to Concord.

The personnel of the Board remains unchanged. Mr. Walton H. Sears has continued to serve as Chairman, and Mr. Herbert M. Dutcher as Secretary.

WALTON H. SEARS,
LESTER W. COLLINS,
CAROLYN B. REED,
HERBERT M. DUTCHER,
CHARLES M. MacMILLIN.

REPORT OF THE CHAIRMAN

The Trustees present herewith the report of the Robbins Library for the year 1931.

This year, as is clearly shown by the following report of the librarian, has been one of great activity in all departments. Not only has the circulation increased to 256,610, but the number of our citizens taking advantage of the opportunities offered by the library is now more than 6,373. A careful tabulation was made by our librarian during the months of April to December, inclusive, of Arlington people who came to the main library and its branches, and statistics were thus secured that few librarians are able to furnish. Our circulation per capita during the year was 7 9/10ths, the highest in our history.

Too great appreciation cannot be expressed over the added facilities that have come to us in the completion of our Junior Library, which was opened on Saturday, February 28, 1931. This was made possible by the generous appropriation of $90,000 by the Town in April, 1930. The cut published herewith gives an excellent idea of the original library with the new addition.

Now that our main plant seems adequate, we are looking forward to the construction of very necessary Branch Library buildings in both the Heights district and East Arlington. At the Annual Town Meeting this year, a committee was appointed to secure plans and estimates for the construction of a branch library at the Heights. This is the first step in a desirable direction, and the trustees look forward to the successful completion of the project as soon as the present unfortunate financial condition has passed.

The Trustees are most appreciative of all the gifts that have come to the library during the year, and again

particularly express their thanks to the "Friend of the Children" who has so generously given us $5,000, the income from which is to be used for the purchase of children's books.

During this year the librarian and staff have met with the greatest difficulties in the conduct of their work because of the reconstruction work in the main library and the work in building the Junior Library. Because of their spendid co-operation and cheerfulness under very trying conditions, the Trustees wish to express their commendation and thanks.

For the Trustees,
WILLIAM A. MULLER,
Chairman.

REPORT OF THE LIBRARIAN FOR THE YEAR 1931

To the Board of Trustees:

I respectfully submit my report for the year ending December 31, 1931:

The past year was one of growth and progress in every department of the library. Among the high lights of the year was the opening of the new addition in March. This addition gave us a Junior Library of adequate size, a catalogue room, a small gallery, staff quarters, and a small hall for library and community activities.

As one reviews all of the activities of the past year one cannot but realize what a poor measuring stick we have in circulation figures. These, however, tell at least a part of the truth and for the less imaginative justify the expenditure of the Town money.

We have circulated 256,610 books during the year 1931. A gain of over 20% or a gain of 45,918, and 530 pictures.

The gain was made at the following stations:

Central desk	30,192
Junior Library	9,093
East Branch	2,775
Heights Branch	2,455
Schools	1,403
Total	45,918

COMPARATIVE CIRCULATION

TOTAL CIRCULATION—1931

	Adult	*Juvenile*	*Total*	*Gain over* 1930
Central	147,765	49,599	197,364	39,285
East Branch	11,539	17,167	28,706	2,775
Heights Branch	11,412	12,661	24,073	2,455
Schools	.....	6,467	6,467	1,403
Total	170,716	85,894	256,610	45,918

An increase of books for vacation use was shown, 1,501 being taken. The type of book used for vacation reading was not largely of the hammock variety but showed a desire for self improvement and serious study.

The work in the reference room has continued to increase. Members of clubs come for help in making programs, the business man and student have received help. Material for the curious inquirer and serious minded alike have received careful attention.

The pamphlet file has been an ever-increasing source of supply of up-to-date facts.

Very inadequate figures tell us that there was an attendance of 30,729 persons using the reading room.

WORK WITH CHILDREN

The extent of the library's service to the boys and girls of Arlington may be evidenced by the fact that a total of 85,894 books were borrowed from the Junior Library of the main library, the children's shelves of the branches and from the class-room libraries sent to the schools.

THE CHILDREN'S CIRCULATION

	1930	1931	*Gain*
Junior Library	40,506	49,599	9,093
Heights Branch	13,163	12,661	—502
East Branch	15,746	17,167	1,421
Schools	5,064	6,467	1,403
Total	74,479	85,894	11,415

This is an increase of 11,415 circulation over the year 1930.

Outside of the issuing of books, much time is given by the Children's librarian in answering questions, finding books for children and in assisting parents and teachers in book selection, and the preparation of the class-room libraries, for which 6,467 books were sent out.

This is a gain of 1,403 books over the previous year.

1,658 books were charged to teachers for use in their classes. A gain of 263.

Each year gives further evidence of the value of the story hour as an introduction to books. It has become an indispensable part of our service to children.

Since we have had the use of the Junior Library Hall in March, we have been able to much more successfully carry on the story hour. We now have a well-ventilated room, suited to our needs, which seats 104. 1,489 children attended the story hours with an average attendance of 70. During the summer months the Everyland Club held meetings with an average attendance of 87. The giving of puppet shows was a new feature of the season. The children made the puppets, arranged the stage and put on the plays.

At the request of some older boys a stamp club was formed in July. A most interesting group of boys from different sections of the Town have been brought together and several men who have been stamp collectors have offered to help in the club meetings.

The opening of the new room has brought visitors and readers, numbering many grown persons, whose object for coming differs from that of the children, since they were seeking material on the development of children's books, play producing, and the proper book for "my boy."

Good Book Week was observed by an exhibit of children's books in the Junior Library, with the Junior Library open to adults until 9 P.M. A program of special activities was scheduled for several afternoons and a lecture one evening by Mrs. Hazel Mitchell McCann, "Books as Gateways," was attended by scouts, teachers, and parents.

Having a small hall and a gallery enabled the library to more vitally touch different groups in the community.

The trustees extended to the Art Committee of the Women's Club the use of the hall and gallery for a series of five lectures and exhibits for the Club year. Two very successful exhibits have been held in the gallery with lectures and teas on the opening days in the hall. The first exhibit was Cape Cod paintings by Gerrit Beneker and the second by Mr. and Mrs. Dudley Murphy with a lecture by A. J. Philpott, art critic of the Boston Globe. The same courtesy was extended to the Garden Club.

The Garden Club held a very interesting lecture and tea in December. The subject of the lecture, given by Mrs. Grace Mansfield, was "Christmas decorations outside and in."

The hall was used weekly by a group of Senior Girl Scouts, for our story hour and Stamp Club.

It has been let for lectures and has been used by Boy Scout executives.

In April the Trustees of the library were hosts to the Charles River Library Club.

Mrs. Katherine Achuff has continued to work on the classifying of the print collection. The upstairs gallery has been rehung with prints in frames of gumwood, with removable backs. It is the intent to change them from time to time as interest demands.

We borrowed from the Massachusetts Library Commission 172 books, in nine different languages. The largest number borrowed were in Swedish, with Portuguese second, and Armenian, third.

One hundred and twelve books were obtained from other libraries upon the request of individual readers. The Boston Public Library loaned 83, the Somerville Public Library 16, with others from Medford and Newton. We were able to answer 42 requests for books from Everett, Lexington, Medford, and other nearby towns.

Through the main library and the branches there have been added 2,026 new registrations and 328 renewals, making a total of 2,354 for the year.

The Branches have continued to do an increasing amount of work under the same handicaps; namely, lack of proper housing and more books.

In buying books the question arises of the proper division of income between temporarily popular books and those of permanent value. No hard and fast rule can be laid down. Both kinds must be bought. Much of the book appropriation must be spent on books of not

merely ephemeral interest if the library collection is to have lasting value.

Gifts and bequests for the purchase of books of importance are of great use and persons may here find a fruitful field for benefaction which would contribute to the higher interests of the community.

The total number of volumes added to the library collection in 1931 was 5,474, compared with 4,765 added in 1930, a gain of 709.

The volumes were acquired as follows: 5,163 by purchase, 322 by gift, 94 were recatalogued, 963 were withdrawn, making the total number of volumes, 46,929. Pamphlets 1,611.

10,618 catalogue cards were filed.

2,995 books and 52 periodicals were rebound.

GIFTS

We wish to acknowledge the following gifts:

The Clover Lend-a-hand presented handwrought andirons and an ornamental fork for the Junior Library fireplace, in memory of Miss Vida Damon, who was for many years a member of the club.

This gift to the Junior Library was particularly appropriate as Miss Damon was for some time a kindergarten teacher and was always much interested in the activities of children.

The andirons beautifully wrought in the Italian

Renaissance style were designed by Mr. William Proctor of the firm of Gay & Proctor, architects of the library wing.

A gift appreciated by many was the necessary funds to meet the expense of engraving "Robbins Library" on the Massachusetts Avenue front of the Library. This was given by Miss Elizabeth J. Newton.

Christmas season was made apparent in the Junior Library by a seven-foot tree which was placed and decorated by the Garden Club members.

During the summer and fall the library was made attractive with choice flowers from the gardens of the club members.

Five thousand dollars was received from a person who wishes to remain anonymous, for a fund, the income to be used for the purchase of children's books.

Over 1,300 books, unmounted pictures and pamphlets were received from the Misses Ida and Caira Robbins. The art committee of the Women's Club presented a placque executed by Mr. Cyrus Dallin, which was won by them for achievement in art from the State Federation of Clubs.

We wish to acknowledge the gift of books from the following:

Mrs. E. E. Dann
Mrs. W. H. Francis
Miss Marie L. Gray
Mr. C. A. Hardy
Mrs. F. Hubbard
Mr. H. G. Kimball
Mr. Samuel Lanza
Mrs. E. S. Martin

A portrait, painted by Marion Boyd Allen, of Mr. John T. Trowbridge, one time Trustee and author, was presented to the library by Mrs. Edith Vom Baur.

STAFF

There was one resignation in 1931, that of the Reference Librarian, Mrs. Antoinette White Brask, which became effective in September. Miss Edith Whittemore was away from the library for four months on account of ill health.

Miss Alice Nelson attended the American Library Association at New Haven. Miss Esther Gannett took a summer course at Simmons College. Of the assistants, four are taking educational courses in Boston. State meetings and group meetings have been attended by all at various times during the year.

Whatever of success there has been in the operation of the library has depended on the efficiency and loyalty of the staff.

To you as Trustees, I wish to express my sincere thanks for your sympathetic co-operation in the administration of the library affairs.

Respectfully submitted,

(MRS.) LUCINDA FIELD SPOFFORD,
Librarian.

REPORT OF THE SCHOOL COMMITTEE

Arlington, January, 1932.

During the past year your committee has been faced with many problems of major importance, chief among them the necessity for securing a superintendent to fill the vacancy caused by the resignation of Chester A. Moody, which took effect on July 1, 1931, after nine years of service in Arlington as Executive Officer of the School Committee.

The committee began its task early last year. Many meetings were held, many candidates interviewed and several superintendents were invited to become candidates. We were fortunate in finally securing an outstanding educator and school administrator in the person of Clarence H. Dempsey, formerly Commissioner of Education for the State of Vermont. Mr. Dempsey had previously been a successful superintendent in several Massachusetts cities and comes to us with a background and a wealth of experience seldom found in candidates for such positions. He has already demonstrated the wisdom of our choice.

The committee has made many changes in organization and management, both to reduce school expenses and to secure maximum efficiency in school administration. The offices of primary supervisor and business agent have been discontinued. The work done by the primary supervisor has been taken over by the principals under the direct supervision of the superintendent. The superintendent has been made solely responsible for the

purchase of supplies. The maintenance of school buildings has been put under the direction of a Supervisor of Maintenance responsible to the superintendent.

The entering age has been changed and the sub-primary classes have been discontinued, both resulting in economy of administration and in relieving crowded buildings.

Your committee has realized the extreme necessity for economy and will turn back unexpended balances amounting to $24,958.95. We were able to transfer, with the approval of the voters, $3,000. to provide work to help the unemployed. By careful study we have planned our program so that we shall request practically no increase in school appropriations this year in spite of a larger enrolment and the addition of two new buildings. We cannot stand further cuts, however, if the town expects to maintain the high standing of Arlington's educational system and to keep the school property in satisfactory condition.

Your attention is directed to the superintendent's detailed report, particularly regarding school finances, the needs in the high school, and future building requirements.

Several changes in the organization of the committee have taken place during the year. Mr. John A. Bishop, who had served the town as a member of the school Committee for twenty-four years, was not a candidate for re-election. His wise counsel and his thorough and intimate knowledge of school affairs made him an invaluable member of the committee. He was never too busy to attend to school committee business no matter how much it interfered with his personal plans and comfort.

Mr. Elliott R. Barker, after nine years of service,

also "did not choose to run." Mr. Barker was untiring in his attention to his school committee duties, particularly in connection with new buildings.

Appropriate resolutions were presented to Mr. Bishop and Mr. Barker by the committee, and a framed copy of them was placed in the school committee rooms.

Mr. Joseph J. Bevins and Mr. Clement J. Beaudet were elected as members of the committee at the March Meeting to succeed Mr. Bishop and Mr. Barker.

On August 19, Denis A. McCarthy, one of our most distinguished members, passed away at his home on Acton Street after a brief illness. Dr. McCarthy had endeared himself to every member of the committee by his gracious manner, his ready wit and, above all, by his lofty principles and earnest effort to understand the educational needs of the children and to provide for them. The committee suffered a distinct loss in the passing of Dr. McCarthy, who considered his membership upon the school committee as one of his greatest honors and one of his most enjoyable activities.

The vacancy caused by Dr. McCarthy's death was filled by the election at a joint meeting of the school committee and the selectmen of Mr. David J. Donahue of 117 Appleton Street.

Mr. Richard Robbins, head janitor of the school department, passed away in August. Mr. Robbins had served the town faithfully and efficiently for twenty-three years and was esteemed alike by all the officials and employees with whom he came in contact.

Two teachers passed away during the year, Miss Esther Hargrove, who died in April, and Mr. Leon T. Yarter, whose death occurred in September. They were both faithful and competent teachers, whose loss is sincerely regretted.

The committee is grateful to Miss Alice W. Homer for presenting to the Town for use on the new high school the beautiful weather vane which was so long a part of the Homer estate. This gift has added significant historical value because Miss Homer's grandfather, George H. Gray, was one of the pioneers who established free high schools in Arlington.

It is with pleasure that we acknowledge the support and cooperation given us by the selectmen, particularly in connection with the new High School, the Building Committees of the Brackett School and the Pheasant Avenue Schools, the Committee on Additional School Accommodations, the Finance Committee, the Town Accountant, and the other boards and town officials.

Respectfully submitted for the Committee,

(Signed) M. NORCROSS STRATTON,
Chairman.

REPORT OF THE SUPERINTENDENT OF SCHOOLS FOR THE YEAR 1931

To the School Committee and Citizens of Arlington:

This report is respectfully submitted for your consideration. It is naturally brief and does not include a discussion of some phases of the work with which your Superintendent has not yet had time thoroughly to acquaint himself.

It will not be out of place at the outset to give my impression of the school system since assuming office on July 1, 1931.

In the first place, the citizens of Arlington have ample reason to feel just pride in the school facilities furnished for its youth. Evidently a wise and foresighted policy has been followed in the matter of location and erection of school buildings. In a town whose growth has been as rapid as that of Arlington, the problems of housing pupils, avoiding congestion, and financing new buildings are serious ones.

The provision of needed accommodations has, up to the present time, lagged somewhat behind the growth in membership. The overcrowded high school, however, has been relieved by the addition of a new building, and the single sessions in effect this year at the Cutter School will soon be discontinued when the splendid Brackett School building on Eastern Avenue is completed.

I have found the quality of instruction and of administration and supervision by principals and supervisors uniformly excellent. The attitude and interest of

pupils, too, have impressed me very favorably. These are factors of the greatest significance, not alone for maintaining present standards but also for further improvement.

Arlington has not neglected its school property, but has followed a wise policy of keeping buildings, grounds, and equipment in good shape. Credit for this is due the staff of janitors and maintenance men, and appropriation of sufficient funds for the purpose.

Another commendable characteristic of the schools is the provision of facilities for training different types of children. Differentiated grading, classes for special groups of pupils, mechanic and domestic arts, varied courses in junior and senior high schools, finely organized departments in health, music, art, and vocational subjects are effectively meeting needs which the older limited school programs could not.

Such features as the foregoing are marks of a progressive system, adequately supported by an interested, enlightened community. They should be maintained and fostered, but at the same time without running to excesses, unjustifiable experiments and extravagance.

Several matters deserving more detailed treatment are given here.

The Senior High School

The high school enjoys an excellent reputation. It has labored, however, under serious handicaps for several years. The new building, as already noted, will relieve the worst of these. The addition provides, in "Scheme A," nine regular class rooms and two fine study halls. These will be occupied on January 4th and are to be used principally for commercial classes.

The new building includes also a splendid auditorium which, when completed and furnished, will accommodate the entire school. It will also serve well for important public functions.

Beneath the auditorium is a large lunch room that should suffice for all future needs.

An additional wing, "Scheme B," is now under construction and will be ready for use in September, 1932. This addition will contain fifteen classrooms, teachers' rooms, lavatories, etc. The household arts department, music department, and miscellaneous classes will probably be located here.

Attention should be called to the need of additional appropriation for completing and equipping the new building, particularly the auditorium and lunch room. Until this is done, very little practical use can be made of these important units. The matter will doubtless be presented in proper form at the annual town meeting, with detailed information and estimates of cost.

It would also be highly desirable to add to the plant the connecting link between the old and new building as contemplated in the complete plans. The passing of students between the two buildings under present conditions is difficult and for many purposes out of the question. The proposed administrative unit and rear connecting passageway would remedy the situation. The new gymnasium could be most economically built at the same time in the area between the two buildings. It would furnish relief from the present inadequate facilities for both boys and girls.

The new Warren A. Peirce Athletic Field in the rear of the high school fills a long felt want. Here the whole

outdoor program of physical activities can be carried on conveniently and under proper control. The students are indeed fortunate in having this splendid field so conveniently located. The enclosed portion contains the football field, running track, and grand stand. Outside of this there is room for laying out a baseball field, courts for tennis, basketball, field hockey, and other desirable sports. It is named in honor of one of Arlington's most distinguished and beloved citizens. The field was "dedicated to the physical welfare of the youth of Arlington" on October 12 by the following appropriate program:

DEDICATION

vs.
Winchester High School
"Dedicated to the Physical Welfare of the Youth of Arlington"

Junior High Industrial Arts Classes

In any group of pupils there are some who are not "book minded," but who, nevertheless, have abilities in other lines which can be developed to the permanent benefit of these individuals and of society. Traditionally

organized schools are poorly adapted for such pupils, who, after completing the elementary course (sixth grade) need special opportunities in manual arts.

Prior to July, 1931, classes for these young people were located in several different buildings but in September they were consolidated into a separate school in the Old Parmenter building. The work includes courses in intellectual subjects, manual arts and social activities specially adapted to their individual needs. Seventy-eight boys and girls started in the fall. The present arrangement provides opportunity for handling this department with increased efficiency.

School Accommodations

Reference has already been made to the rapid growth of Arlington and to the provision of added school accommodations in the Heights section and at the high school. Elsewhere the school buildings are quite fully occupied, but there appears to be room enough to accommodate all pupils until the summer of 1933, with some re-organization of classes and some minor changes in school district lines. Two decisions of the School Committee make this possible. The first was the discontinuance in June of seven sub-primary classes. The second was raising the age of admission to the first grade. Beginning in September, 1932, a child must be five and one-half years old on or before September 30 in order to be admitted. In other words his (her) fifth birthday must have been on or before March 31 preceding. Without these provisions there would have been general overcrowding this year in all of the elementary buildings.

The next building needed will undoubtedly be the one planned for Pheasant Avenue. Many houses are being erected in this section of Arlington, now served by the Cutter and Peirce Schools. These will soon be unable to care for the increasing number of pupils residing north

of Massachusetts Avenue. The construction of the proposed eight-room building should be undertaken in time to have it ready for the opening of the fall term, 1933.

The junior high school membership can be accommodated for the next year or two in the existing buildings by a change of boundaries between the Junior High Center and Junior High West. At present, this line follows Lockeland Avenue. After July 1, 1932, it is to follow Mt. Vernon Street. This change will relieve the West school, and make use of spare room at the Center.

Organization and Courses of Study

Four years ago the elementary schools inaugurated the so-called three-track plan, under which each grade was sub-divided into groups of children having similar abilities. Each group progresses as rapidly as advisable, and somewhat independently of other groups in the same grade.

This plan has much to commend it, but equally good, if not better results, may be obtained by a simpler system of organization in which flexibility of program and promotion is incorporated.

Another and even more vital requirement in school organization is the arrangement of courses of study on a basis of minimum essentials plus supplementary assignments that mean enrichment and accurate scholarship more than rapid advance.

A comparatively limited knowledge of Europe, for instance, such as may be learned by slow pupils in six weeks may suffice for a given purpose. The wealth of fascinating and valuable material about Europe is so great, however, that the brightest pupil can profit by extra reading and study that make his education richer, while dealing with topics similar to those of his classmates.

The same principle applies to other subjects. The result of organizing the curriculum on this principle should be to raise the standard of scholarship in every grade and for each individual pupil according to his capacity. At the same time, it is a sound basis for determining special promotions whenever they are warranted.

Such changes as appear desirable will be inaugurated during the coming year, and will be developed as rapidly as practicable.

Finances

The cost of public education everywhere has grown by leaps and bounds during the last twenty years. Arlington has shared in this common experience. The factors are familiar to all—the extraordinary growth of the Town, increase in proportion of high school students, expansion of educational program, higher wages and cost of materials, etc.

The period of acute business depression through which we are passing, focuses attention on school as well as other public expenses, and raises the question whether curtailment is possible without injury to the system.

The answer to this question is that inasmuch as Arlington is still growing rapidly, a reduction in school costs does not seem possible unless both standards and opportunities are sacrificed. Moreover, the new high school building with twenty-six classrooms and the fourteen-room Brackett School will add an appreciable amount to necessary expenses. Our problem is one of controlling a growing budget so that it will be truly economical. With this is mind, we have given the whole matter careful study since August, 1931, with respect to teachers' salaries, pupil load, organization, janitorial service, supplies of all sorts, repairs and maintenance, tuition charges, etc.

Such study reveals that the Town's money has not been extravagantly used. For example, a study was made of salaries paid to supervisors, principals, teachers and janitors in sixteen nearby towns and cities* fairly comparable to Arlington. Our findings were summarized as follows:

"It seems clear from information secured that the schedules of salaries for Arlington are near the median or average of the places listed, but somewhat below rather than above.

"Initial salaries in the various classes correspond to those of other similar towns and cities except that the initial salary for elementary assistants ($900.00) might well be raised to $1,000.00.

"Quite generally $100.00 is the annual rate of increase for satisfactory service until the maximum is reached.

"The maximum salaries for different groups in Arlington correspond well with the basic maxima elsewhere, but are typically lower than the extra-maximum salaries available in other places.

"The places listed vary greatly in local characteristics, population, wealth, usage and organization, all of which affect financial conditions and render comparisons difficult to evaluate. Yet making due allowances for such variations, salaries in Arlington still appear to be very reasonable and below the typical schedules in operation in the suburban area of which Arlington is a part.

"If and when any substantial change may be considered, it would, therefore, appear to be a question of upward rather than downward revision."

*Arlington, Belmont, Brookline, Cambridge, Framingham, Malden, Medford, Melrose, Milton, Newton, Norwood, Quincy, Somerville, Watertown, Weymouth, Winchester.

Reference has already been made to school organization and courses of study. These affect the number of pupils per teacher. It seems certain that some economies may be effected in this respect that will lessen the increase in cost of instruction. We believe, also, that some savings may be made in purchase of books and supplies without detriment to the schools.

It has been a sound policy for the past few years to keep school property in good condition. This policy should be continued. The value of all school property as of July 1, 1931, was $2,112,500.00. The total outlay for repairs and maintenance, including capital outlay (new construction and equipment) for 1929 was $60,128.46; for 1930, $57,502.78; for 1931, $42,000.00 (approximately). The corresponding amount proposed for 1932 is $41,300.00. (To this should be added cost of supervision of maintenance, approximately $5,500.00 per year in 1929, 1930, and 1931, and about $3,000.00 in 1932.) It will be seen that there has been a significant reduction in this respect. The cost in 1929 was nearly 50 per cent greater than is proposed for the ensuing year.

The result of this study is the presentation by the School Committee of a budget for 1932 of practically the same amount, $749,500.00, as was appropriated for 1931—$749,399.00.

With careful management, and exercising all reasonable economies, this should suffice, notwithstanding the inevitable increases caused by two new buildings, extra equipment, more pupils and teachers. But with the above amount many urgent needs will have to be denied, and further curtailment would seriously affect the standards and efficiency of the system.

It should be noted that this budget of $749,500.00 makes no provision for emergencies and does not include

such items as completing and equipping the new high school building, grading and fencing the Brackett School playground, grading other school playgrounds, etc. Such projects will require special appropriations or bond issues for their completion.

Summer Playgrounds

Supervised play has been continued as in previous years at Spy Pond Field and the Crosby, Hardy, Cutter, Locke, and Russell School playgrounds. An additional feature this past summer was supervision of so-called evening sessions, when older youth and adults enjoyed organized games and sports in the late afternoon and early evening. This opportunity was freely utilized, demonstrating the real value of the arrangement.

The extent to which the playgrounds were used is shown by the following reports submitted by the supervisors:

"Spy Pond Field—from 150 to 200 boys per day, with an average of about 170. These were all boys eleven years of age or over.

"Russell School—from 50 to 100 boys and girls, with an average of 65 mornings and 40 afternoons.

"Hardy School—from 125 to 170 boys and girls, with an average of about 150.

"Crosby School—from 90 to 150 boys and girls, with an average of 115 in the morning and 75 in the afternoon.

"Cutter School—from 60 to 100 boys and girls daily.

"Locke School—a daily attendance of 75 to 100 boys and girls.

"Several features are of special interest. One is the great variety of occupations and games in which the children are engaged. They include:

Baseball	Paddle Tennis
Bat Ball	Pitching Horseshoes
Squash Ball	Bean Bag Games
Dodge Ball	Checkers
Snatch Object	Puss in Corner
Jackstones	London Bridge
Run for Your Supper	Hopscotch
Farmer in the Dell	Polly
Guessing Games	Sand Box
Volley Ball	Swings
Slides	Teeters
Track Sports	Sewing
Basketry	Story Telling
Etc.	Etc.

"Careful supervision has prevented any serious injury and there have been very few minor mishaps. The children have played happily and safely together under conditions that are wholesome and helpful.

"The director of evening playgrounds reports the nightly attendance as follows:

Spy Pond Field	90 to 150
Russell	50 to 60
Crosby	60 to 70
Cutter	60 to 70
Junior High West	90 to 100
Hardy	60 to 70"

Evening School

The evening school opened its regular session in the high school building on October 5. The enrollment was large from the beginning and rose to over 500 students.

Thirty-four classes were organized in the following twenty-four subjects:

Americanization	Spanish	Bookkeeping I
English IV	Algebra	Bookkeeping II
English III	Chemistry	Business Arithmetic
English II	Stenography I	Commercial Law
English I	Stenography II	MechanicalDrawing
English 7 and 8	Advanced Dictation	Printing
U. S. History	Typewriting I	Cooking
French	Typewriting II	Sewing

This is the largest evening school Arlington has had. Attendance has been well maintained up to the Christmas recess, and the interest shown by students is commendable in all departments.

Permit me in conclusion to express my sincere appreciation of the uniform courtesy and helpfulness extended to me since assuming the office of Superintendent of Schools, and also to voice the hope that through the united efforts of all who are associated with the schools, the educational system of Arlington may become increasingly successful and satisfactory.

Respectfully submitted,

(Signed) CLARENCE H. DEMPSEY,
Superintendent of Schools.

January, 1932.

PART II

Statistics

The following tables and information are given as matters of interest and value for permanent record.

I General Statistics, School Year 1930–1931

Population, U. S. Census 1930	36,094
Valuation of property, April 1, 1931	$63,239,900
Valuation of school property, April 1, 1931	2,109,600
Number of principals, January 1, 1931	11
Number of supervisors, January 1, 1931	7
Number of teachers, January 1, 1931	253
Number of part time teachers, Jan. 1, 1931	6
School census, children 5 to 16 years, October, 1930	6,862
Pupils enrolled during the year	6,365
Average daily attendance	5,796
Average number of days school kept	179
Average membership	6,126
Percentage of attendance	94.6
Total cost for support, school year 1930–1931	$688,803.06
Average cost per pupil in average membership	$112.44
Part of this raised from local taxation	$624,556.97
Number of senior high school graduates, 1931	260
Number of junior high school graduates, 1931	341

The following tabulations of membership and attendance are a part of the Annual School Report, as required by vote of the Town.

II. ATTENDANCE STATISTICS BY SCHOOLS FOR YEAR 1930–1931

REPORT OF THE TREE WARDEN

For year ending Dec. 31, 1931.

During the year we have planted on streets 462 new trees (450 maples, 6 lindens, 6 poplars) and this year to tree the streets that were finished it will take 315 trees and about 150 more to replace the ones that have died or been removed. Last year we made no replacements.

Nineteen large trees were removed on account of either being dead or in a dangerous condition. All dead and dangerous limbs have been removed and a general trimming on all trees from the Lexington line to Arlington Centre, with the exception of Massachusetts Ave., Pleasant St., and Academy St.

Many of our fine and stately trees were removed from Park Ave. on account of the new construction by P. W. Department and the cost of removal was charged to Park Ave. Construction.

Spraying with oil all catch basins and stagnant pools has been done by this Department under the direction of the Board of Health for the control of the mosquito nuisance, and from investigations good results have been accomplished considering the small amount expended.

Much damage has been done to our young trees by autos and also by school children cutting the bark with knives. It would be a great benefit if all citizens would interest themselves and whenever they see a tree being damaged in any way, they would try and obtain the name of the person or the registration number of the auto

and report the same to me and I shall see that justice is done.

While our trees at present compare favorably with other cities, it will be necessary that we continue with the general care, namely planting, trimming, and removal, not only for their beauty but for protection of travelers and also for the benefit of properly lighting our streets.

I wish to extend my thanks to the officers of the Police Department for their cooperation with us in notifying and aiding me in removing broken limbs of trees which happen in the evening.

Respectfully submitted,

DANIEL M. DALEY,
Tree Warden.

REPORT OF MAINTENANCE OF TOWN HOUSE GROUNDS

Honorable Board of Selectmen.

Dear Sirs:

During the past year the general routine of work such as cutting grass, trimming bushes and hedges, and keeping the grounds in as good a condition as possible, has been attended to. Flowers were planted under the fountains at the front of hall and many favorable comments were passed by visitors to the hall.

The brick walks should be gone over and leveled, as there are many depressions in each walk.

During the coasting season this is an ideal spot for the small children, as there is no danger, and the small amount of damage done can easily be repaired in the spring. I have placed discarded Christmas trees along the hedges, and this helps to stop the children from coasting into hedges.

Respectfully submitted,

DANIEL M. DALEY,
Superintendent.

LIST OF JURORS

List of Jurors of the Town of Arlington, Revised by the Board of Selectmen, February 1, 1932

Name	Occupation	Residence
Alderson, James	Carpenter	76 Gaylord St.
Allen, John E	Sales Mgr.	15 High Haith Rd.
